Chapter-1 Academics

1.1 Academic Activities at SMBBMU

- *Undergraduate and Postgraduate Programs of SMBBMU*
- *CPSP Fellowship Training Program*
- *Equity*
- *Post graduate Students of SMBBMU*
- *Pie chart Distribution of Students and faculty of SMBBMU*
- *New Academic Initiatives Launched in 2023-24*
- *Integrated Modular Curriculum*
- *Case-Based Learning (CBL) Training Sessions for the faculty*
- *Case-Based Learning (CBL)-Orientation Sessions for the students*
- *Case-Based Learning (CBL)-Training Sessions for the faculty*
- *Workshops & Events conducted by DME*
- *Certificate in Health Professions Education Batch-3*
- *Language Certification courses at English Language Centre*
- *Seminar on the Scope of physiotherapy*
- *Awareness session on UGRAD Program*
- *Online lectures by Foreign Faculty members*
- *Collaboration with SANA*
- *Mastering the PLAB: An Interactive Session*
- *Student Career Guidance*
- *1st International conference on Emerging trends in Basic sciences*
- *52nd Cardiocon*
- *Two-Days Workshop on SPSS at Bibi Aseefa Dental College Larkana*
- *Interactive session by renowned international guest speakers*
- *Session on Mental Health*
- *Undergraduate and Postgraduate research activities*
- *2nd Poster Research Conference*
- *Seminar on Medical Genetics and relevant errors on Morphogenesis*
- *Day 1 celebrations*
- *Honors and Awards*
- *Academic Linkages*

1.2 Bridging Academia and Patient Care: Clinical Services at SMBBMU

- *Chandka Medical College - Hospital*
- *Ghulam Muhammad Mahar Medical College - Hospital Sukkur*
- *Bibi Aseefa Dental College (BADC) - Dental OPD*
- *Physiotherapy and Rehabilitation Center and OPD of IOPRS*

1.3 Events, Symposiums & Special Days

- *Awareness Seminar on Drug addiction and substance use disorder*
- *Exploring Family Medicine: A global perspective on Training and Opportunities*
- *Inspiring Innovation: Entrepreneurship for Health Care Professionals*

- *2nd International Conference on Cardiology and Cardiovascular Research*
- *An Interactive talk at SMBBMU by June Kuncoro Hadiningrat, Counsel General Republic of Indonesia*
- *6th Paediatric Symposium*
- *Women's Leaders Summit: Embracing Empowerment and Leadership Organized by SZABIST Larkana*
- *Empowering Lives: Breast Cancer Awareness Session and Walk*
- *Green Youth Movement*
- *World Environment Day*
- *SMBBMU Organized Community Centers and Cooling Camps during recent Heatwave*
- *14th August Independence day of Pakistan*
- *Seminar on 'Go red for women society'*
- *Visit of Pharmacy Council of Pakistan (PCP)*
- *The 50th Golden Jubilee Ceremony of Chandka Medical College*
- *Visit from United Arab Emirates project Shaikh Zaid*
- *Latif Festival organized by students of SMBBMU*
- *5th SMBBMU Convocation*

1.4 University Building Communities

- *International Conference on Interfaith Religious Diplomacy in Indus Valley Civilization*
- *Vice Chancellor's visit to HIV Centre*
- *World Pharmacist Day celebrated at the Institute of Pharmacy at SMBBMU*
- *World Oral Health Day celebration*
- *Chandka Medical College Hospital Unveils ERCP Suite to Enhance Patient Care*

1.5 Impact of Quality Assurance at SMBBMU

- *Quality Enhancement Cell's Vision & Mission statement*
- *Responsibilities of SMBBMU*
- *Achievements of QEC*
- *Quality Initiatives*
- *Memberships in Quality Associations*
- *Accreditation of Degree Awarding Programs*
- *SMBBMU Rankings*
- *Semiars/ Workshops*
- *Annual PGPR*

1.6 Sports

- *13th Annual Sports Week Inauguration at SMBBMU Larkana*
- *Sports Event Details*
- *13th Annual Sports Week Inauguration at GMMMC Sukkur*

Chapter-2 Administration

2.1 University Governance

- *Administrative Heads*
- *Deans of Faculties*
- *Chairmen/ Chairperson and Head of the Departments*
- *Meetings of Statutory Bodies of SMBBMU*
- *Strategic Plan Development*

2.2 Strengthening Physical Infrastructure

- *Projects completed in 2023-24*
- *Inauguration of Main Gate of Chandka Medical College*
- *Inauguration of recently Renovated Central Library of Chandka Medical College*

2.3 Strengthening Technological Infrastructure

- *ICT Projects and Facilities*
- *Prime Minister's Laptop distribution ceremony*

2.4 Faculty Photos

Chapter-3 Financial Year 2023-24

- *Approved Budget*
- *Financial Year At A Glance*
- *Self-generated Income*
- *Students Financial Aid Office*

Chapter-4 Research and Publications

- *Office of research innovation and commercialization (ORIC)*
- *The First International Conference of Basic Medical Sciences at SMBBMU*
- *Webinar on Writing a Scientific Paper*
- *Undergraduates Oral Research Conference*
- *Students of SMBBMU participated in the Annual Research Presentation Competition at DUHS*
- *Research Grant Writing Workshop*
- *Journal Shaheed Mohtarma Benazir Bhutto Medical University JSMBBMU*
- *Editorial Board*
- *Inauguration of Journal of SMBBMU*
- *Approved Research Projects*
- *Signing of MOUs*
- *SMBBMU and Rotary Club Sign MOU for collaborative Initiatives*
- *Category Wise list of articles*
- *Projects submitted to Donor Agencies*
- *Publications*

MESSAGE BY THE VICE CHANCELLOR

As we reflect on the transformative journey of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana over the past year, it is evident that 2023-2024 has been a defining chapter in our history. Amid challenges such as infrastructure damages due to the torrential rains of 2022, significant financial constraints, and delays in course completion and examinations, our university has demonstrated a remarkable resilience and a steady progress in successfully countering all challenges.

Our university is continuously striving to reach new heights of progress in academic excellence, impactful research and good quality of clinical services. We are gradually moving towards self-sustainability with several projects in the pipeline. These initiatives are designed not only to strengthen our financial outlook but also to elevate our position as a globally recognized institution. Our five-year strategic plan has been developed with a focus on improving the quality of education, research, and clinical services, to elevate the status of the university to a world class university.

In academics, the implementation of the Modular, Integrated, and System-based Curriculum has transformed the student learning experience, fostering better engagement and interaction among students and teachers. By prioritizing faculty development and creating opportunities for research projects, we are trying to promote a culture of innovation and commercialization that aligns with global educational standards.

We are proud to have enriched the campus experience through vibrant co-curricular activities, including sports events, cultural celebrations, and impactful community outreach programs. These efforts have contributed to a supportive environment where students feel motivated to grow academically and personally, upholding values of integrity, respect, and teamwork.

On the clinical front, our commitment to delivering quality healthcare services has been unwavering. Our highly qualified faculty and residents provide out-patient, in-patient, emergency and surgical services to the poorest of the poor patients coming from not just Larkana but all the surrounding districts e.g. Khairpur, Gambat, Dadu, Mehar, Jacobabad, Shikarpur, Kashmore, areas of South Punjab and Balochistan.

Financially, we have made significant strides, reducing non-salary expenditures and progressing on critical development projects that strengthen our institutional infrastructure. These efforts reflect our commitment to ensuring a sustainable growth for the university in the next five years.

Looking ahead, we are embracing a student-centric model of education, leveraging advanced technologies and state-of-the-art facilities to create a culture of excellence in teaching, research, and clinical care. By adhering to the vision of SMBBMU to produce competent and compassionate healthcare professionals, we are poised to shape the future of healthcare and education in Pakistan and beyond.

Finally I would like to acknowledge the unwavering support of our dedicated faculty, officers and students, without whom the journey of SMBBMU would not have been smooth and we would not have achieved the outcomes for the university that we envisioned.

Prof. Dr. Nusrat Shah
Vice Chancellor,
SMBBMU, Larkana

Vision

To contribute to society through the pursuit of quality education, research and clinical services and to produce competent and skilled human resource for serving the health needs of local, national and global communities.

Mission

1. To develop evidence-based knowledge, practical and communication skills and professional attitudes among learners so that they can provide good quality, safe and empathetic patient-centered care.
2. To promote curiosity, critical thinking, problem solving and decision-making skills to develop life-long learners.
3. To build a positive learning environment by encouraging a culture of respect, understanding, tolerance and support.
4. To promote a culture of scientific research, publication, technological development and academic leadership.

Values

Teachers should try to inculcate the following values among students:

1. Honesty and Altruism
2. Self-accountability
3. Compassion, understanding and empathy
4. Community service
5. Inter-professional respect
6. Collaboration and teamwork
7. Inclusion & Diversity

Diversity Policy

Shaheed Mohtarma Benazir Bhutto Medical University firmly embraces diversity as a fundamental core value, recognizing its enriching role within our institution. Our unwavering dedication is to cultivate an inclusive environment that promotes respect, impartiality, and opportunities for all.

Our commitment to diversity and inclusion is driven by their capacity to enhance education, promote a research culture, and equip individuals with skills to succeed in an interconnected and diverse world. This diversity serves as an invaluable asset, elevating academic excellence and enriching campus life, ultimately contributing to the betterment of society.

Non-Discrimination

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) is committed to maintaining a discrimination-free environment. We ensure that individuals of all genders, including transgender individuals, who are academically qualified for admissions to the courses of study offered by SMBBMU, are treated with utmost respect, fairness, and equality, irrespective of their race, colour, religion, national origin, or disability. We unequivocally prohibit any form of gender-based discrimination, harassment, or bias, and we are steadfast in guaranteeing equal access to opportunities, representation, and resources within our esteemed institution. SMBBMU proudly upholds a culture of respect, empowerment, and acceptance for all community members

University at Glance

Shaheed Mohtarma Benazir Bhutto Medical University Larkana (SMBBMU)

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), established on July 9, 2009, is a leading institution dedicated to advancing medical education, research, and healthcare services in Sindh, Pakistan.

The university's academic portfolio comprises 05 undergraduate and 39 postgraduate programs, catering to a diverse student body of approximately **3097** students. These programs are supported by a dedicated faculty of over **353** highly qualified faculty and researchers, who are committed to fostering critical thinking, clinical expertise, and a culture of research and innovation.

The university has established itself as a leader in medical education and health sciences, producing highly competent graduates who are contributing to healthcare globally. SMBBMU's implementation of a Modular, System-based Curriculum ensures that students are well-prepared to meet the evolving demands of healthcare, including a digital library with access to over 25,000 online journals and books, serves as a cornerstone for academic and research endeavours. Additionally, its CPSP-affiliated regional centre supports postgraduate education, further solidifying the university's role in advancing medical expertise.

SMBBMU plays a vital role in providing specialized healthcare services to the community. Patients from Larkana, neighbouring districts, parts of Baluchistan, and Punjab benefit from the advanced medical facilities available at the university's teaching hospitals. These facilities exemplify SMBBMU's commitment to addressing the health challenges of rural and underserved populations through integrated clinical care and education.

Admissions to SMBBMU's programs are conducted on a merit basis, with options for self-finance. To promote accessibility, the university provides several scholarships for deserving and high-achieving students, ensuring that financial constraints do not hinder academic aspirations.

SMBBMU encompasses six constituent colleges and institutes, each integral to the university's mission of advancing healthcare education and research:

- **Chandka Medical College (CMC)**
- **Ghulam Muhammad Mahar Medical College (GMMMC)**
- **Bibi Aseefa Dental College (BADC)**
- **Benazir College of Nursing (BCON)**
- **Institute of Pharmacy (IOP)**
- **Institute of Physiotherapy and Rehabilitation Sciences (IOPRS)**

As SMBBMU continues its journey of growth and innovation, it remains dedicated to its mission of delivering exceptional education, research, and clinical care. Through strategic investments in infrastructure, faculty development, and technology, the university is poised to make a lasting impact on healthcare education and services, both regionally and globally.

Enrolment of SMBBMU

The Total Student enrolment for FY 2023-2024 is **3097** for the graduate, postgraduate, and diploma programs, including FCPS.

Brief Profiles of Constituent Colleges and Institutes of SMBBMU

Chandka Medical College Larkana

Chandka Medical College (CMC), established on April 20, 1973, is a leading institution for medical education in northern Sindh. This year, the college celebrates its **Golden Jubilee**, marking 50 years of excellence in medical education, research, and healthcare services. Recognized by the Pakistan Medical and Dental Council (PMDC), General Medicine Council (GMC) UK, and the College of Physicians and Surgeons Pakistan (CPSP), CMC has been a cornerstone of healthcare education for over five decades. Founded by Shaheed Zulfikar Ali Bhutto with a 200-bed Civil Hospital, the college has steadily expanded, producing over **10,450** medical professionals who serve with distinction worldwide.

The college offers a modern, integrated curriculum that seamlessly combines theoretical learning with hands-on clinical training. Facilities include a recently renovated 400-seat auditorium, a gymnasium, a mini stadium, and a central canteen, creating a well-rounded environment for academic and extracurricular development. The library, with approximately **6,341** title books and online access to national and international journals, supports students and faculty in their pursuit of academic excellence.

With a strong commitment to advancing education, research, and healthcare services, CMC continues to play a vital role in addressing the health needs of northern Sindh and beyond. As it celebrates its **50 years of service**, the college remains dedicated to producing skilled medical professionals and making meaningful contributions to the healthcare sector. Through ongoing investments in infrastructure and innovation, CMC is poised to continue its legacy of excellence for many years to come.

Ghulam Muhammad Mahar Medical College Sukkur

Ghulam Muhammad Mahar Medical College (GMMMC), established on September 2, 2003, is a distinguished medical institution in northern Sindh and a constituent college of Shaheed Mohtarma Benazir Bhutto Medical University Larkana. Located in Sukkur, the college currently enrolls over 496 students in its MBBS program, offering rigorous academic and clinical training at its affiliated teaching hospital, which accommodates 1530,000 patients annually across various departments.

GMMMC provides a modern, integrated medical education that combines theoretical knowledge with hands-on clinical practice. Its well-stocked libraries, seminar rooms, and anatomy models further support an enriching academic experience.

In addition to its educational excellence, GMMMC collaborates with hospitals and healthcare facilities, ensuring students gain extensive clinical exposure through rotations in departments such as medicine, surgery, pediatrics, and obstetrics. The faculty comprises highly qualified professionals dedicated to fostering future healthcare leaders equipped to meet the challenges of modern medicine.

With a focus on academic rigor, clinical expertise, and research, GMMMC continues to play a vital role in advancing medical education and healthcare services in the region. It remains committed to producing competent medical professionals who serve the community with distinction.

Bibi Aseefa Dental College

Bibi Aseefa Dental College (BADC), inaugurated in 2009 on the occasion of Shaheed Mohtarma Benazir Bhutto's 57th birthday by the then President of Pakistan, Mr. Asif Ali Zardari, is a premier dental institution in northern Sindh. It is dedicated to training competent and professional dentists to address oral healthcare needs within Pakistan and beyond. The college currently enrolls over 184 students in its Bachelor of Dental Surgery (BDS) program and provides extensive clinical training through its affiliated dental hospital.

BADC combines theoretical education with practical clinical training, equipping students with the skills to deliver evidence-based preventive, educational, and therapeutic dental services. The college boasts state-of-the-art facilities, including air-conditioned lecture halls, advanced laboratories, and simulators for teaching preclinical and clinical procedures. Students gain hands-on experience in modern dental practices, such as restorative dentistry, orthodontics, and oral surgery, under the supervision of highly qualified faculty.

With its commitment to academic excellence, innovative research, and comprehensive patient care, BADC plays a vital role in advancing dental education and improving oral health in the region. The college continues to produce skilled dental professionals who contribute significantly to the healthcare sector, embodying the vision of service and excellence.

Benazir College of Nursing

Benazir College of Nursing (BCON), established in 2011, is committed to delivering excellence in nursing education. The college currently has an enrollment of approximately 285 students, who receive education and training in state-of-the-art facilities. These include air-conditioned classrooms, smart boards, audiovisual systems, a comprehensive library, and a computer lab with internet access for both students and faculty.

BCON focuses on developing skilled and compassionate nurses who are prepared to excel in healthcare systems within Pakistan and globally. The curriculum encompasses a wide range of nursing care, from foundational to advanced clinical skills, ensuring a well-rounded educational experience. Alongside academic excellence, the college emphasizes the importance of research, community engagement, and professional ethics in nursing practice.

With advanced teaching equipment and a dedicated faculty of experienced professionals, BCON ensures that students receive practical training and mentorship in diverse nursing practices. The college remains steadfast in its mission to produce competent nursing professionals who contribute significantly to the healthcare sector.

Institute of Pharmacy

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana has made significant strides in establishing its Institute of Pharmacy. The institute offers a comprehensive Doctor of Pharmacy (Pharm-D) program at the Main Campus Arija,

The Institute currently offers the following programs approved by the Pharmacy Council of Pakistan:

I. Pharm D - A five-year program for the Doctor of Pharmacy degree.

II. Master of Philosophy in Pharmacy

The Institute is equipped with a dedicated qualified faculty, laboratories, and spacious lecture halls. In addition to a strong academic curriculum, the institute offers hands-on training, research opportunities, and community outreach programs, ensuring a holistic educational experience for its students.

SMBBMU's Institute of Pharmacy is committed to developing skilled and compassionate pharmacists who contribute effectively to the healthcare system. Its mission is to drive the advancement of pharmacy through innovative research, comprehensive education, and excellent patient care.

Institute of Physiotherapy & Rehabilitation Sciences

The Institute of Physiotherapy & Rehabilitation Sciences (IoPRS) was established in October 2019 at Shaheed Mohtarma Benazir Bhutto Medical University Larkana, with the aim of addressing the need for quality education in physiotherapy and rehabilitation.

IoPRS is dedicated to providing comprehensive education and training in physiotherapy through evidence-based practices, preparing students to contribute effectively to patient care and community health. The institute is equipped with modern rehabilitation tools and maintains collaborations with local hospitals and clinics to ensure students gain valuable practical experience.

IoPRS is committed to advancing the field of physiotherapy through research, education, and patient care. It strives to be a leading institution in the promotion, development, and dissemination of physiotherapy knowledge, both within the community and through its partnerships with internal and external organizations.

New Academic Initiatives Launched in 2023-24

CHPE Courses

- A total number of 167 faculty members from SMBBMU, GIMS Gambat, KMC, NICVD have been trained
- Currently 36 teachers are enrolled in batch 06

Postgraduate Programs Approved

- MPhil in Pharmacology approved from HEC, Islamabad
- MSN approved by Pakistan Nursing Council (PNC)

Foreign Language Centre

- Under the umbrella of English Language Centre MOU has been signed with ***Langues Sans Frontieres Islamabad (LSFI)*** which has been approved by the Syndicate of SMBBMU (resolution/decision No.Syn -49/7.10.2023/Item.17)

Collaborations

- SMBBMU initiated collaborations with SANA, APPNA, JSMUANA for online lectures and Courses

Integrated Modular Curriculum

The year 2023 marks the start of the integrated medical education at SMBBMU. The modular curriculum became the official MBBS curriculum in the affiliated medical colleges. There was a dire need to upgrade the medical education to keep pace with the same in other parts of the country and internationally. The integrated curriculum was prepared by the members of the Curriculum Committee. It incorporated newer integrated like Case-Based Learning. Integrated assessment and policies were designed to suit this newer curriculum.

The Modular Curriculum was implemented together at both CMC, Larkana and GMMMC, Sukkur with the help of Department of Medical Education and Curriculum Review Committee.

Multiple training sessions were conducted for faculty training in conducting Case-based sessions for the Modular Curriculum.

Case-Based Learning (CBL) Training Sessions for the faculty at CMC & GMMMC

With the introduction of Integrated Modular Curriculum, the faculty training was planned. The training sessions were conducted both at Chandka Medical College Larkana, and at Ghulam Muhammad Mahar Medical College Sukkur. In these sessions the faculty was provided with the necessary orientation to conduct these sessions. A mock-CBL session was conducted to rehearse the CBL teaching.

Case-Based Learning (CBL)-Orientation Sessions for the students at CMC & GMMMC

The students of 1st year MBBS at CMC & GMMMC were not familiar with the newly administered modular curriculum. Therefore, the orientation sessions were conducted for the students at both medical colleges of SMBBMU.

Case-Based Learning (CBL)-Training Sessions for the faculty at CMC & GMMMC

With the introduction of Integrated Modular Curriculum, the faculty training was planned. The training sessions were conducted both at Chandka Medical College Larkana, and at Ghulam Muhammad Mahar Medical College Sukkur. In these sessions the faculty was provided with the necessary orientation to conduct these sessions. A mock-CBL session was conducted to rehearse the CBL teaching.

Language Certification courses at English Language Centre

The English Language Centre at Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) offers a comprehensive suite of certification courses aimed at enhancing students' proficiency in English. These courses cater to various skill levels, from beginner to advanced, and focus on critical areas such as academic writing, speaking, listening, and grammar. The certification programs include IELTS, OET, research writing, and communication skills, providing students with practical tools for academic achievement and career advancement.

Upon successful completion of the course, students receive a certificate that significantly enhances their academic profiles and professional qualifications, particularly in environments where English proficiency is paramount. These certificates are recognized both locally and internationally, adding substantial value to the students' resumes.

Seminar on the scope of Physiotherapy

A seminar on the scope of physiotherapy in the UK was recently held at SMBBMU, conducted by Dr. Suneel Kumar, a qualified Physiotherapist. The event aimed to educate students and faculty about the various career opportunities and advancements in the field of physiotherapy in the UK, emphasizing its growing importance in healthcare.

Dr. Kumar discussed the roles of physiotherapists in rehabilitation, sports medicine, and chronic disease management, providing insights into the educational pathways and qualifications required to practice in the UK. He also highlighted the evolving landscape of the profession in response to healthcare demands.

Participants engaged in discussions about best practices and innovations in physiotherapy, which fostered a deeper understanding of its significance in improving patient outcomes.

Awareness Session on UGRAD Program

An interactive session on “Awareness and Application Process for Medical Students on the UGRAD Exchange Program 2024” was conducted by Dr Aisha Memon on 25 September, 2023. She is an alumna of Chandka Medical College and also a cultural ambassador of USEFP. She recently won Young Emerging Leaders Award from Pakistan-US-Alumni Network (PUAN). She is also the founder of “Conversation for Change” project.

A Session on "Awareness and Application Process for Medical Students on the UGRAD Exchange Program" - September 25, 2023

Online Lectures by Foreign Faculty Members

It's great to see such international collaboration in the field of psychiatry. Dr. Aziz Soomro's support must have been pivotal in getting this initiative off the ground. The involvement of voluntary visiting foreign faculty from SANA and JSMUANA adds a diverse and enriching perspective to the program. The MOU between SMBBMU and JSMUANA should lead to significant advancements in academics, research, and clinical services. This could be a big step forward for mental health services and education in the region.

Collaboration with SANA

In August 2023, Dr. Maqbool Halepoto, President of SANA, visited Pakistan and held an interactive session at CMC on 29 August titled “Oncology: the Final Medical Frontier,” engaging students and faculty members.

The President of SANA, Dr MaqboolHalepoto visited CMC on 29 August, 2023

Mastering the PLAB: An Interactive Session with Dr. Ashfaque Chandio

In an insightful interactive session, Dr. Ashfaque Chandio shared valuable guidance on how to successfully pass the PLAB (Professional and Linguistic Assessments Board) exam, which is essential for medical graduates seeking to practice in the UK. Targeting medical students at SMBBMU with aspirations of international certification, Dr. Chandio's session focused on key preparation strategies, exam structure, and practical tips for tackling both parts of the PLAB. He covered effective study techniques, common challenges, and resources to aid in preparation, helping demystify the path toward achieving success in this rigorous exam.

The session was well-received by attendees, who appreciated Dr. Chandio's firsthand insights and the opportunity to engage with specific queries. His advice provided clarity on not only preparing for the PLAB exam but also understanding its role in the broader context of global medical practice, giving students a clearer vision for future international opportunities.

Student Career Guidance

Career guidance sessions have been organized for the students of SMBBMU. The Quality Enhancement Cell (QEC), in collaboration with the career counselling and ORIC, hosted an event titled "Interactive Seminar on Roadmap to USMLE and Residency in the United States."

The speaker for this seminar was Dr Muhammad Siddique Khurram, an Assistant Professor at Sam Houston State University, USA, and the President of the Pakistani American Pathologists Society. He is also a founding member of the Physicians of Indus Valley of North America (PIVNA).

The seminar aimed to provide valuable insights and guidance for students aspiring to pursue medical careers in the United States, focusing on the USMLE process and residency opportunities.

1st International conference on Emerging trends in Basic sciences

The 1st International Conference on Emerging Trends in Basic Sciences was successfully held at Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) on February 12-13, 2024. This event brought together renowned scholars, researchers, and students from various institutions to discuss recent advancements and innovative approaches related to MBBS basic sciences courses, including anatomy, physiology, and biochemistry.

The conference featured keynote speeches, panel discussions, and presentations that highlighted cutting-edge research in these fundamental areas. Participants engaged in fruitful exchanges of ideas, fostering collaboration and inspiring new research initiatives.

Prof. Nusrat Shah, the Vice Chancellor of SMBBMU, received praise for her unwavering dedication to enhancing basic sciences at the university. Her efforts in promoting academic excellence and research development were instrumental in organizing this international conference. Under her leadership, the university has made significant strides in improving its research capabilities, providing a robust platform for scholars to share their work and collaborate on emerging scientific challenges.

The conference concluded with a commitment to continue fostering innovation and research in basic sciences, reinforcing SMBBMU's role as a leading institution in the region.

To offer a unique cultural experience, SMBBMU arranged a visit for international speakers to **Sukkur**, followed by a dinner and cultural performances. This initiative showcased Pakistan's rich heritage, leaving a lasting impression on the international delegates and global academic and cultural connections.

52nd Cardiocon Sukkur organized by Pakistan Cardiac Society in collaboration with SMBBMU

Annual Cardiology Conference, A biggest event of cardiology was organized by Pakistan Cardiac Society on 17th to 19th November 2023 at a Sukkur IBA.

SMBBMU Larkana and GMMMC Sukkur had the chance to host this mega event under the convenorship of Professor Rajkumar Sachdewani. This Conference was inaugurated by the Worthy Vice Chancellor of SMBBMU Larkana Professor Nusrat Shah on the beautiful evening of November 17th at very lightening Sukkur IBA.

It was purely an Academic and Scientific Conference in which almost all the leading Cardiologists and Physicians participated from all over the Pakistan and presented their research papers and shared their knowledge.

In the inauguration session which was very innovative and thought provoking session, the Convener Professor Rajkumar Sachdewani welcomed the heavily packed hall and highlighted the need to organize such conference in the interior cities of Pakistan. An awareness tablo was presented by the Orbit Event Organizers highlighting the need to control the risk factors of ischemic heart disease as its on rise specially in developing countries.

The conference was full of academic sessions in which 70 talks were given by renowned physicians and cardiologists from all over the Pakistan.'

Annual Cardiology Conference, on 17th to 19th November 2023 at a Sukkur IBA

Two-Days Workshop on SPSS at Bibi Aseefa Dental College Larkana

A two-day SPSS Workshop was successfully conducted by Dr. Abdul Bari Memon, Associate Professor at BADC, SMBBMU for the students of SMBBMU on 16-17 February 2024. The workshop provided valuable hands-on training in using the SPSS (Statistical Package for the Social Sciences) software for data analysis. Dr. Memon guided the students through various statistical techniques, data management, and research applications of SPSS. The workshop equipped participants with practical skills in data analysis, enhancing their research capabilities and analytical proficiency.

Interactive Session by Renowned International Guest Speakers

An interactive session featuring esteemed international guest speakers from Indonesia and Japan was held at SMBBMU, offering students and faculty unique insights into global medical practices. The speakers discussed innovative approaches and advancements within their specialties, fostering cross-cultural knowledge exchange and highlighting future collaborative opportunities. The event emphasized SMBBMU's commitment to broadening academic perspectives through international engagement and learning.

International Guest Speaker Session from Indonesia and Japan on November 29, 2023

Session on Mental Health

Dr. Aziz Soomro and Dr. Muji-ud-Shad, both alumni of Sindh Medical College Karachi and currently working in the USA, visited Chandka Medical College Larkana on December 23, 2023. They conducted an interactive session with students and faculty titled "Mental Health: Recent Advances," where they engaged in a dialogue about the latest developments in the field of mental health.

Interactive session with students and faculty titled "Mental Health"

Dr. Aziz Soomro and Dr. Muji-ud-Shad December 23, 2023

MBBS Undergraduate Research Activities:

More than 35 MBBS undergraduate students Research groups are working in different projects under the Supervision of Dr. Mir Hassan Khoso, Director, ORIC, SMBBMU Larkana.

Postgraduate Research Activities:

Postgraduate students working in various Basic and allied medical & surgical wards of Chandka Medical College Hospital (CMCH) also doing their research. Each postgraduate group work under the concerned supervisor and guidance under the Directorate of ORIC, SMBB Medical University Larkana.

2nd Research Poster Competition 2024

Research Poster Competition 2024 was organized at SMMBMU and Inaugurated by Prof. Dr Nusrat Shah, the event featured distinguished guests, including deans and faculty members. Over 100 research posters were presented by undergraduate students from various institutions, along with 10 posters from faculty members and postgraduate students of SMBBMU.

Prof. Shah praised the students for their participation and emphasized the importance of research in academia, pledging university support for publishing research in international journals. Awards, including cash prizes and certificates for the top 10 research posters, were presented by the Vice Chancellor. The top three positions were secured by Dr. M.P. Shahani, Prof. Sirajuddin Soomro, and Dr. Quratulain.

The judging panel included esteemed experts from various universities, and the event saw strong attendance from faculty, students, and distinguished guests, reflecting the university's commitment to research excellence.

Seminar on Medical Genetics and Relevant Errors on Morphogenesis

A seminar on Medical Genetics and Morphogenesis was conducted by Dr. Syed Siraj Ud Daula, Professor of Pathology at Ziauddin University, Karachi, for 1st to 3rd Year MBBS students at Chandka Medical College (CMC), Larkana, on 8th and 9th September 2023. The seminar focused on the genetic basis of morphogenesis, exploring how genetic mutations and errors can result in developmental abnormalities and congenital disorders.

The event was attended by both undergraduate and postgraduate students of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), providing an enriching learning experience for all participants

Day 1 celebrations

The Day One celebration at SMBBMU was celebrated at an exciting start for new students of MBBS at CMC and GMMMC separately, marking the beginning of an incredible academic journey filled with growth and connections. The Vice Chancellor of the University kicked off the day with an official welcome, followed by an inspirational speech from a distinguished guest or alumnus. Faculty members and key staff will be introduced.

1.2 Bridging Academia and Patient Care: Clinical Services at SMBBMU

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) has established itself as a leading institution for integrating academic excellence with high-quality patient care. Its clinical services, supported by its attached hospitals and specialized healthcare units, are instrumental in fostering medical education, advancing research, and delivering healthcare to diverse populations. SMBBMU's clinical services serve as a cornerstone of medical education, providing students with hands-on learning opportunities through patient care. SMBBMU bridges academia and patient care through its teaching hospitals like Chandka Medical College Hospital, Ghulam Muhammad Mahar Medical College Hospital, Bibi Aseefa Dental College-Dental and Institute of Physiotherapy and Rehabilitation Sciences.

Chandka Medical College Hospital

Chandka Medical College Hospital (CMCH), located in Larkana, is a vital healthcare institution affiliated with Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU). It provides comprehensive healthcare services to the region and adjoining areas, including parts of Baluchistan, while also serving as a teaching hospital for the training of future medical professionals.

CMCH offers an extensive range of medical specialties to meet the diverse healthcare needs of the population, including General Medicine, General Surgery, Pediatrics, Gynecology and Obstetrics, Orthopedics and allied specialties like Dermatology, cardiology, nephrology, ophthalmology, ENT, and psychiatry, which are integral to the hospital's multidisciplinary care approach.

In the year **2023-24**, CMCH made significant contributions to patient care, achieving the following milestones by **treated 1,719,454 patients in its OPD**, **Managed 59,584 admissions** and **Performed 18,518 surgeries** which highlights its pivotal role as a primary healthcare provider for the region and surrounding areas.

With Specialized facilities within CMCH i-e Shaikh Zayed Women Hospital: a well-equipped facility dedicated to women's health. **In 2023-24**, it provided care to over **97,566 patients in its OPD** and managed **15,320 admissions**, offering essential maternal and gynaecological services.

Moreover, coupled with its Children's Hospital and other component i-e Child Life Foundation (CLF). This specialized unit caters to paediatric patients and **in 2023-24**, it treated **more than 138,500 patients in the OPD** and **managed 28,025 admissions**, underscoring its critical role in paediatric healthcare.

Ghulam Muhammad Mahar Medical College Hospital Sukkur

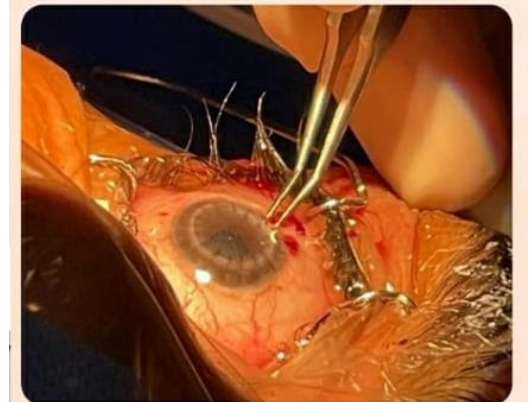

By integrating advanced clinical services with teaching and research, Ghulam Muhammad Mahar Medical College Hospital (GMMMC-H) Sukkur continues to enhance patient outcomes and contribute to the development of skilled healthcare professionals, reaffirming its commitment to excellence in care and education in this part of the province.

GMMMC Hospital has demonstrated unwavering commitment to delivering exceptional healthcare services to the community. In the year 2023, the hospital has made significant strides in enhancing patient care across various departments. In the Outpatient Department (OPD), a total of **843015** patients were attended, reflecting the trust of the people for the very hospital. The indoor patient facilities catered to **44324** individuals, ensuring comprehensive care and treatment.

In maternal health, the GMMMC-H successfully handled **1271** normal deliveries and performed **2570** C-sections, showcasing the dedication to safe childbirth practices. Diagnostic services also saw remarkable activity, with **50,000** X-rays, **33880** ultrasounds, **3832** CT scans, and **2140** MRIs conducted.

A particularly notable milestone was achieved by GMMMC-H in collaboration with Vision for Education NGO. Through a Memorandum of Understanding (**MoU**), the hospital's Ophthalmology department successfully performed **Cornea Transplant surgery**, marking a ground-breaking achievement in restoring vision for patients.

Additionally, the surgical teams worked tirelessly, performing **8882** major operations and **3036** minor procedures, addressing a wide range of medical needs with precision and care. These achievements underscore GMMMC's hospital commitment to providing high-quality, accessible healthcare to all who seek our services.

Bibi Aseefa Dental College (BADC) - Dental OPD

Bibi Aseefa Dental College's - Dental OPD has also remained at the forefront of providing high-quality dental care to the community. In the year 2023, the Dental OPD achieved a remarkable milestone by catering to a **total of 31,655 number of cases**, demonstrating its dedication to accessible and comprehensive oral healthcare. This included **2,539** periodontal procedures, addressing gum health and related conditions, and **138** orthodontic treatments, ensuring proper alignment and oral function.

The department also excelled in operative dentistry, completing **1,331** cases, alongside **385** prosthodontic procedures, restoring patients' oral health and aesthetics. Notably, the maxillofacial surgery team handled **7,372** cases, showcasing their expertise in managing complex oral and facial conditions.

Moreover, the OPD provided over **19,890** X-rays at no cost to patients, ensuring accurate diagnostics and fostering equitable access to essential services. These impressive figures underscore BADC - Dental OPD unwavering commitment to delivering top-tier dental care and improving the overall well-being of the community.

Physiotherapy and Rehabilitation Center and OPD of IOPRS

As a leading hub for physical health services, the Institute of Physiotherapy and Rehabilitation Sciences at SMBBMU is dedicated to delivering comprehensive care through its OPD and Physiotherapy and Rehabilitation Center. This facility caters to patients with diverse physical health conditions, providing tailored therapies and rehabilitation services that promote recovery and improve quality of life.

In 2023-24, the center treated **3,150** patients with low back pain (sciatica), **1,000** with neck pain (cervical radiculopathy), and **1,300** cases of frozen shoulder. It also provided specialized care to **800** children with cerebral palsy (CP) and supported **200** patients with delayed milestones. Advanced rehabilitation services included **32** cases of neck pain cervical radiculopathy treatments, **35** cases of wrist drop, and **20** cases of golfer's elbow. Other notable achievements included care for **30** cases of tennis elbow, **23** for carpal tunnel syndrome, **50** for vertigo, and **500** for stroke recovery. Patients with osteoarthritis (**200 cases**) and stiff elbow (**100 cases**) also received expert care. Additionally, the center managed **10** cases of Parkinson's disease, reflecting its broad expertise in neurological and musculoskeletal conditions.

1.3 Events, Symposiums & Special Days

Awareness Seminar on Drug Addiction and Substance Use Disorder

On 2nd September 2023, the Department of Psychiatry at CMC organized an awareness seminar on Drug Addiction and Substance Use Disorder for the students of SMBBMU. The event aimed to educate and raise awareness about the detrimental effects of substance abuse, while also promoting a better understanding of addiction as a medical condition.

Dr. Washdev Amar, the keynote speaker and HOD Department of Psychiatry at DUHS, delivered a compelling presentation on the Physiological, Psychological, and Social aspects of Substance Use Disorder (SUD). He highlighted the importance of a holistic treatment approach that includes medical, psychological, and social support, and stressed the need to reduce the stigma surrounding addiction.

The seminar also featured a panel discussion with experts in addiction medicine, focusing on prevention, early intervention, and support for recovery. The event concluded with an interactive Q&A session, providing students with the opportunity to ask questions and engage in meaningful dialogue.

This seminar successfully raised awareness among students and encouraged a more compassionate and informed approach to substance use disorder, reinforcing the importance of collective action in tackling addiction.

Exploring Family Medicine: A Global Perspective on Training and Opportunities

Dr. Erum Qalbani, a Family Physician from Canada, visited SMBBMU Larkana for an APPNA-MERIT program talk titled "Insight into Family Medicine: An Interactive Dialogue." She emphasized Family Medicine as a promising field for medical students due to accessible residency opportunities. Dr. Qalbani noted that in countries like Canada, physicians specialize in Family Medicine before practicing, ensuring a higher level of expertise, unlike in Pakistan where general physicians begin practicing immediately after MBBS.

Inspiring Innovation: Entrepreneurship for Healthcare Professionals

The students of SMBBMU had the unique opportunity to attend an engaging and thought-provoking interactive talk on Entrepreneurship for Healthcare Professionals, delivered by one of the Pakistan's dynamic entrepreneur **Mr. Assad Ali Shah**, Ex member of the Thar Coal & Energy board, Sindh. The session was designed to ignite the entrepreneurial spirit among future healthcare leaders, challenging them to think beyond traditional roles in medicine.

Mr. Shah captivated the audience with inspiring stories of innovation, demonstrating how entrepreneurial thinking can transform healthcare delivery, improve patient outcomes, and open exciting career pathways. He emphasized the importance of creativity, problem-solving, and adaptability in identifying opportunities within the rapidly evolving healthcare landscape. Through real-world examples and actionable strategies, Mr. Shah empowered students to envision themselves as change-makers, capable of merging medical expertise with innovative solutions to address pressing challenges in healthcare.

The session left students motivated to explore the intersection of healthcare and entrepreneurship, fostering a mindset of innovation and leadership for their future endeavors.

2nd International Conference on Cardiology and Cardiovascular Research

The 2nd International Conference on Cardiology and Cardiovascular Research held in Bangkok, Thailand on 09-10 May 2024, bringing together leading cardiologists, researchers, and healthcare professionals to discuss the latest advancements in cardiovascular health. The conference provided a platform for sharing cutting-edge research and exploring new treatment strategies aimed at improving heart disease care and prevention globally.

One of the key participants was **Prof. Rajkumar Sachdewani**, Head of Cardiology at GMMMC, SMBBMU. Prof. Sachdewani contributed his extensive expertise to the event, discussing emerging cardiology practices, treatment innovations, and the importance of continued research in the field. His participation underscored the pivotal role of SMBBMU in advancing cardiovascular care and fostering international collaboration in heart health research.

An Interactive Talk at SMBBMU by Dr. June Kuncoro Hadiningrat, Counsel General Republic of Indonesia

The students of SMBBMU had the privilege of attending an interactive talk on 11th March 2024 by **Dr. June Kuncoro Hadiningrat**, Counsel General of the Republic of Indonesia in Karachi. The session provided an excellent platform for dialogue, fostering a deeper understanding of cultural exchange, international relations, and the role of education in building global connections.

Dr. Hadiningrat shared insights from his diplomatic journey, highlighting the importance of collaboration between nations, particularly in the fields of healthcare and education. His engaging discussion encouraged students to broaden their perspectives and explore opportunities for contributing to global challenges as future healthcare professionals. The session was an inspiring exchange of ideas, leaving the audience motivated and informed.

6th Paediatrics Symposium 2024, GMMMC Sukkur

A Paediatrics Symposium was recently held at GMMMC under the patronage of SMBBMU, focusing on advancements in paediatric healthcare and research. The event aimed to bring together medical professionals, educators, and students to discuss current challenges and innovations in the field of paediatrics.

The symposium featured expert speakers who presented on a range of topics, including child nutrition, developmental disorders, and the latest research in paediatric medicine. Interactive sessions allowed attendees to engage with the speakers, fostering a collaborative environment for knowledge exchange.

The event highlighted the importance of continuous education and research in improving child health outcomes.

Women's Leaders Summit: Embracing Empowerment and Leadership ***Organized by SZABIST Larkana***

The Women's Leaders Summit: Embracing Empowerment and Leadership was a significant event organized by SZABIST Larkana, aimed at empowering and inspiring women to step into leadership roles across various sectors. The summit brought together influential leaders, professionals, and students to engage in discussions on women's empowerment, leadership, and overcoming societal and professional challenges.

A central figure in the summit was Prof. Dr. Nusrat Shah, Vice Chancellor of SMBBMU, who was invited as the chief guest and one of the panelists. In her address and during the panel discussions, Dr. Shah highlighted the vital importance of women taking on leadership positions, particularly in fields that have historically been dominated by men. She shared her personal journey, emphasizing the need for women to develop resilience, push through challenges, and break barriers in both their personal and professional lives. Dr. Shah encouraged attendees to embrace their potential, highlighting that leadership is not just about titles but about the influence one can have in shaping communities, institutions, and societal norms. Her insights left a lasting impact on the participants, motivating them to pursue leadership roles and contribute meaningfully to their fields and communities.

Empowering Lives: Breast Cancer Awareness Session and Walk

SMBBMU hosted a Breast Cancer Awareness Session and Pink Walk. The initiative aimed to educate participants about the importance of early detection, prevention, and treatment of breast cancer.

Healthcare professionals provided key insights into recognizing symptoms, the importance of regular screenings, and adopting healthy lifestyles to mitigate risks. The event concluded with a symbolic Pink Walk, demonstrating solidarity with breast cancer patients and survivors and spreading a message of hope and resilience. This impactful event reaffirmed SMBBMU's commitment to promoting health education and awareness.

Green Youth Movement

The Green Youth Movement, an initiative of the Higher Education Commission (HEC), organized a Tree Plantation Week at Chandka Medical College Larkana in March 2024, aimed at promoting environmental awareness and sustainability among students and the local community. The initiative encouraged participation from students, faculty, and staff, emphasizing the critical role of trees in combating climate change and enhancing biodiversity.

This event not only sought to beautify the campus but also served as a platform to engage the youth in proactive environmental stewardship. By highlighting the significance of trees and green spaces, the Green Youth Movement aimed to instil a sense of community and collective action toward creating a healthier planet. The successful participation in the Tree Plantation Week reflects a strong commitment to fostering environmental responsibility among the next generation.

World Environment Day

The Vice Chancellor of SMBBMU Larkana, Prof. Nusrat Shah, attended a World Environment Day Meeting at the office of Mayor Larkana Mr Anwar Ali Luhur on June 5, 2024. During the event, she participated in a tree planting ceremony, highlighting the importance of greenery in combating climate change and enhancing the local environment.

Prof. Shah emphasized the university's commitment to promoting a healthy and sustainable environment. She acknowledged the critical role trees play in the ecosystem by providing oxygen and absorbing carbon dioxide. Prof. Shah urged the community to come together for a massive plantation drive to beautify Larkana and mitigate the effects of rising temperatures.

In her remarks, she expressed pride in celebrating World Environment Day and reinforced the message that collective action is essential for fostering a healthier planet. The event concluded with attendees being recognized for their commitment to environmental efforts.

SMBBMU Organized Community Centres and Cooling Camps during recent Heatwave

Due to the severe heat stroke incidents occurring in this part of Sindh, Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) organized Community Cooling Camps on June 4, 2024, to provide relief to the local population. These camps were set up at three key locations: the CMC Main Gate, Bakrani Tower, and Allah Abad Bus Stand.

The initiative was inaugurated by Vice-Chancellor Prof. Dr. Nusrat Shah during a ribbon-cutting ceremony attended by students, faculty members, and staff of SMBBMU. Prof. Shah emphasized the importance of community service, stating, “I am very pleased to see our students leading in public service. The real work of students at a university is not only to study the syllabus but also to raise awareness about health protection in the community and engage in community services.”

She assured that the cooling camps would remain operational throughout June to assist those affected by the extreme heat. This was well-attended by various dignitaries, and other faculty and staff members, along with active participation from medical and pharmacy students.

14th August, Independence Day of Pakistan

SMBBMU celebrated the 14th August event at a main campus Areeja typically involved a series of activities to celebrate Pakistan's Independence Day. The event started with a flag-hoisting ceremony by the honorable Vice Chancellor Prof Dr NusratShah. The event attended by the faculty members, officers staff enthusiastically. The event was followed by speeches from university officials and student, reflecting on the significance of independence and national unity. Cultural programs featuring national songs, traditional dances, and poetry recitations were included to showcase patriotism and the rich heritage of Pakistan.

Seminar on ‘Go red for women society’

The “Go Red for Women Society,” in partnership with Shaheed Mohtarma Benazir Bhutto Medical University Larkana, held a seminar on Cardiovascular Diseases in Women on May 28, 2024, at Sadhu Bello Sukkur. The event began with Prof. Altaf Shaikh welcoming attendees and Dr. Shoaibunnisa Soomro discussing the society's initiatives in Sukkur.

Prof. Nusrat Shah, Vice Chancellor of SMBBMU, delivered the keynote address on “Recent Advances in Management and Prevention of Preeclampsia.” She emphasized that preeclampsia is a leading cause of maternal mortality, stressing the need to strengthen healthcare systems to prevent complications such as eclampsia and stroke. She also highlighted the importance of providing administrative support for maternal healthcare.

The seminar concluded with remarks from Prof. Pushpa Srichand, who underscored the necessity of training in gynaecological surgical skills. The evening ended with a dinner and music, fostering a sense of community among attendees.

Visit of Pharmacy Council of Pakistan (PCP)

The Pharmacy Council of Pakistan (PCP) visited the Institute of Pharmacy at Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, on May 3, 2023. During this visit, several key initiatives were proposed for the Institute, including:

- Accreditation of the Pharm-D (Graduate) program.
- Approval for postgraduate programs, including M.Phil and Ph.D.
- Increasing the student admission capacity from 60 to 100 per batch.

On August 12, 2024, a three-member delegation from the PCP, conducted a follow-up inspection at the Institute of Pharmacy. They aimed to re-verify the facilities required for accreditation.

The delegation met with Vice Chancellor Prof. Dr. Nusrat Shah, Registrar Prof. Dr. Safder Ali Shaikh, Director Dr. Waseem Abbas Malhani.. After a thorough review, the inspection team found that all formalities met the requirements set by the Pharmacy Council of Pakistan. They also commended the research efforts of the Institute, noting the publication of various research projects and articles by undergraduate students in HEC-recognized journals. The inspection team assured that they will present their findings in the upcoming Pharmacy Council of Pakistan meeting for the final accreditation decision.

The Pharmacy Council of Pakistan visited the Institute of Pharmacy SMBBMU, Larkana, on May 3, 2023

The 50th Golden Jubilee Ceremony of Chandka Medical College

The 50th Golden Jubilee Ceremony of Chandka Medical College and its First Grand Alumni Reunion took place on February 24, 2024, at the Latif Auditorium. Prof. Ali Muhammad Ansari, the college's first principal, served as the Chief Guest, with Prof. Akbar Haider Soomro as a Guest of Honor. The event also honored several other former principals for their contributions to the institution.

Prof. Khalid Mehmood, a distinguished Sitara-e-Imtiaz awardee and alumnus of the third batch, delivered a keynote address on the “Future of Medicine”. Prof. Nusrat Shah, the Vice Chancellor of SMBBMU, emphasized the vital role of alumni in shaping the future of the medical community and the importance of maintaining strong connections between the college and its graduates. She highlighted how alumni serve as ambassadors for the institution, contributing to its legacy and success.

The event was a resounding success, culminating in a grand dinner to celebrate 50 years of achievements. A musical night was also organized for faculty members and their families, adding to the festive atmosphere and fostering community spirit among all attendees.

The 50th Golden Jubilee Ceremony & First Grand Alumni Reunion on February 24, 2024

Visit from United Arab Emirates project Shaikh Zaid

On February 16, 2024, a delegation from the United Arab Emirates visited Shaikh Zaid Hospital to discuss strategies for enhancing the hospital's services and facilities. The team aimed to assess the current state of the hospital and explore opportunities for collaboration in areas such as medical equipment, staff training, and infrastructure improvements.

During the visit, hospital administration and the UAE team held discussions on implementing advanced healthcare technologies and best practices to uplift patient care. They particularly praised Prof. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University, for her efforts and dedication to improving maternity and gynaecology services. Her commitment to advancing healthcare standards was recognized as a key factor in the hospital's growth and development.

This collaboration is expected to focus on enhancing the hospital's capabilities to serve the local community better. The visit underscores the importance of international partnerships in achieving healthcare improvement goals. The delegation's insights and expertise are anticipated to bring significant advancements to Shaikh Zaid Hospital, ultimately benefiting the patients and healthcare professionals.

Latif Festival organized by students of SMBBMU

SMBBMU plays a crucial role in student development beyond academics. These activities complement classroom learning by providing opportunities to enhance leadership, teamwork, communication, and time management skills. In this regard, Latif festival and a Musical Night was organized by the students.

5th SMBBMU Convocation

The 5th Convocation of Shaheed Mohtarma Benazir Bhutto Medical University was successfully held at the Arija Campus on January 8, 2024. The ceremony was presided over by Vice Chancellor Prof. Nusrat Shah, with distinguished guests including Prof. Dr. Tahmina Mangan, Vice Chancellor of Begum Nusrat Bhutto Women University, and Prof. Dr. Asghar Ali Channa, former Vice Chancellor of SMBBMU.

During the convocation, degrees were conferred to 361 graduates in Medicine (MBBS), 119 in Dentistry (BDS), 42 in Nursing (BSN), 23 in Pharmacy (Pharm-D), and 10 postgraduate degrees and diplomas. A total of 64 meritorious students were awarded gold medals. Special awards included the Late Prof. Wazir Mohammad Shaikh Award for top graduates in Medicine, the Late Prof. Bilquees Malik Award for excellence in Obstetrics and Gynaecology, and the Prof. Ali Akbar Siyal Award for the best Pharmacy graduate.

In her address, Prof. Nusrat Shah congratulated the graduates and reflected on the university's 50-year legacy, which began with Shaheed Zulfiqar Ali Bhutto and the establishment of Chandka Medical College. She noted that it was the dream of Shaheed Benazir Bhutto to evolve SMBBMU into a fully-fledged medical university with six constituent colleges and institutes.

Prof. Shah also acknowledged the unprecedented academic and infrastructural challenges faced by the university due to the devastating floods of 2022, as well as financial strains, including a 300 million loan and 400 million budget deficit. Despite these challenges, she highlighted the university's achievements during her tenure, including loan repayment, budget deficit reduction, and the completion of three development projects. The university has also fostered national and international collaborations, promoted a research culture, and published the first issue of its scientific research journal, Jsmbbmu.

Addressing the new graduates, Prof. Shah emphasized their new roles in the healthcare system of Sindh and urged them to adapt to the rapid advancements in technology, stating, "The world is getting more complicated, technology is advancing at an alarming rate, and robots are doing surgeries instead of surgeons. Are you ready to equip yourself with the modern technology skills

1.4 University Building Communities

International Conference on Interfaith Religious Diplomacy in Indus Valley Civilization

The University of Aror Sukkur recently hosted a two-day International Conference titled "**Interfaith Religious Diplomacy in Indus Valley Civilization: Interpretation from History, Art, Architecture, and Heritage**" on April 25-26, 2024.

The conference convened scholars, historians, and experts to explore the rich tapestry of religious pluralism and cultural harmony that characterized the Indus Valley Civilization. Keynote speakers, including Dr. Steven Bonta from the USA, delved into topics such as the Indus Valley scripts and their comparisons with other languages, shedding light on the civilization's complex communication systems.

Prof. Dr. Nusrat Shah, Vice Chancellor of SMBB Medical University Larkana, graced the occasion as the chief guest and she highlighted the era's religious tolerance and peaceful coexistence. Discussions also encompassed the significance of religious tourism in Pakistan, emphasizing the preservation of ancient shrines and traditions that reflect the nation's acceptance of religious diversity.

The event featured technical sessions on various related themes and concluded with a gala dinner and musical night, fostering an environment of cultural exchange and intellectual discourse. The conference underscored the enduring legacy of the Indus Valley Civilization in promoting interfaith harmony and its relevance to contemporary society.

The Vice Chancellor's visit to HIV Centre Ratodero

The Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, Prof. Nusrat Shah, visited the HIV Centre in Rato Dero to meet with HIV-positive children and their parents. During the visit, Dr. Shahida, the in-charge of the center, reported that most families had opened bank accounts and were receiving regular HIV grants from the Government of Sindh. She also highlighted that many children had resumed schooling following successful HIV treatment. However, she expressed concern about the discrimination these children face in schools, as some classmates and their parents fear contracting the disease. Prof. Nusrat Shah engaged with the children and their families, assuring them that SMBBMU would organize awareness programs to educate the public about HIV, its transmission, and prevention. She emphasized the government's commitment to supporting HIV-affected families in health and education, ensuring the regular provision of HIV grants to sustain their well-being.

World Pharmacist Day celebrated at the Institute of Pharmacy at SMBBMU

The Institute of Pharmacy at SMBBMU celebrated World Pharmacist Day on September 25, 2023, focusing on raising awareness about the critical role pharmacists play in healthcare. The event featured engaging sessions led by students aimed at educating the public and medical professionals about medication management, patient safety, and the evolving responsibilities of pharmacists in today's healthcare landscape.

Through workshops and interactive discussions, students highlighted the importance of collaboration between pharmacists and healthcare providers to enhance patient care. The initiative aimed to inform the community about pharmacists' contributions and encourage public understanding of how pharmacists can support health outcomes. This celebration not only showcased the knowledge and enthusiasm of pharmacy students but also reinforced the vital role of pharmacists as accessible healthcare experts in the community.

World Oral Health Day Celebration at BADC

Bibi Aseefa Dental College, SMBBMU Larkana, celebrated World Oral Health Day on 30th August 2023, as part of SMBBMU's unwavering commitment to promoting public health and community welfare. The event featured active participation from students, who organized and conducted various activities aimed at raising awareness about oral health and hygiene.

This initiative underscored SMBBMU's dedication to fostering community engagement and instilling a sense of responsibility among students, aligning with its mission to address public health challenges through education and service.

Chandka Medical College Hospital Unveils ERCP Suite to Enhance Patient Care

The ERCP (Endoscopic Retrograde Cholangiopancreatography) suite at Chandka Medical College Hospital was inaugurated by Vice-Chancellor Prof. Dr. Nusrat Shah. During the event, it was highlighted that the Sindh Government provided the hospital with an ERCP machine, significantly enhancing the diagnosis of liver, stomach, and pancreatic diseases.

Prof. Dr. Nusrat Shah emphasized the increasing prevalence of these conditions and praised the Gastroenterology department for its contributions. She expressed a commitment to improving facilities for patient care with the support of the Sindh government, reinforcing their dedication to providing advanced treatment options for patients.

The ERCP (Endoscopic Retrograde Cholangiopancreatography) suite at Chandka Medical College Hospital was inaugurated by Vice-Chancellor Prof. Dr. Nusrat Shah

1.5 Impact of Quality Assurance at SMBBMU

The Quality Enhancement Cell at SMBB Medical University was established in the 2nd phase of HEC implementation in 2011, along with other cells in various public sector universities throughout Pakistan. The prime objective of QEC is to practice evaluative measures in order to achieve excellence in program delivery. Since its establishment, QEC has been continuously involved in monitoring and measurement of Quality Management System (QMS) processes and the academic services throughout the SMBBMU.

QEC Vision:

To ensure highest standards of Professional excellence in the Education that we provide and the Research that we carry out.

QEC Mission Statement:

- Fostering and encouraging diversity of research and disciplinary innovation.
- Helping and assisting Model Departments towards nurturing talent, encouraging personal achievements, and providing an attractive and stimulating place to work and study.
- Working closely with the Departments to ensure teaching our students to the very highest academic standards, fostering creativity and innovation in research.
- Supporting the Model Departments in equipping the students to make effective contribution to society and to the welfare of the patients.

Quality Enhancement is a systematic, objective, and impartial evaluation of how effectively a University's Degree Program is working as a part of ongoing pursuit of Higher Education Level of achievement and continuous improvement of quality education.

Quality Enhancement Cell at Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) relies on quality assurance procedures to achieve Excellence in its Degree Programs as well as sustain it in future. QEC at SMBBMU initiates and implements the quality assurance measures both Internal and External through its ongoing practices that serve improvement. QEC is a constructive, evaluative as well as descriptive and formative (rather than solely judgmental and summative) process of measuring the quality, and it works on data-driven evidence drawn from a wide range of Higher Education Commission Quality Assurance tools.

QEC has a well-developed quality assurance system and is structured to have focused attention on quality assurance aspects of Higher Education and develop a standardized benchmark for quality assurance in all the academic programs by continuous quality improvement through developed standard procedures for academic audits, monitoring and evaluating the academic programs.

Effectiveness of QEC-SMBBMU by HEC

- The Yearly Progress Report for 2022-23 is submitted to HEC for evaluation and has always been considered top tier.

Responsibilities of QEC-SMBBMU

- Approval of new program(s)
- Accreditation of new and existing degree awarding program(s)
- Monitoring the ongoing quality of degree program(s)
- Evaluating Programs, faculty monitoring and students' surveys etc.
- Developing quality assurance processes and methods of evaluation to affirm the quality of provision and the standards are being maintained and fostering curriculum, subject and staff development.
- Developing qualification frameworks by setting out the attributes and abilities that can be expected from the graduate and postgraduate
- Promoting the continual enhancement of the quality of teaching, learning opportunities, and related student support services.
- Seeking collaboration in various fields of common interest with local and international bodies.
- Promoting public confidence that the quality and standards of the award of degrees are enhanced and safeguarded.
- Conducting departmental review
- Assessing feedback mechanism of graduate and alumni students
- Conducting employer feedback mechanism
- Reviewing MS/M.Phil. & Equivalent Program(s)
- Conducting Institutional Performance Evaluation
- Reviewing Program specifications periodically
- Developing qualification framework

Achievements of QEC- SMBBMU

Key Performance Indicators of QEC	Status as of 2023 - 2024
No. of Academic Programs Assessed through Self-Assessment Reporting	Completed 18 degree awarding programs
Student-Teacher Evaluation & Course Evaluation	Faculty Assessed Online
Number of Programs with National or International Accreditations	53 Programs are accredited

QEC-SMBBMU conducted the following online Performa's for feedback evaluation in degree-awarding programs of SMBBMU

Student Course Evaluation Questionnaire	Alumni Survey
Teacher Evaluation Form	Faculty Resume

Quality Initiatives in FY 2023-24

The quality initiatives for the Year 2023-2024, in compliance with the Higher Education Commission, Pakistan are the following:

1. Accreditation of Programs, and application of NOC from HEC for necessary postgraduate programs.
2. Establishment of the QEC Setup within all the affiliated colleges of SMBB Medical University (This step has been taken on the directives of HEC as per the Revised QEC TORs to further improve the quality of education being offered at affiliated colleges of SMBBMU)
3. QEC currently oversee and monitor 18 affiliated colleges of public and private sector. Moreover all colleges are aligned to make their own policies keeping in view SMBBMU and HEC policies.
4. QEC affiliated colleges department has made it mandatory for All Affiliated colleges to conduct HEC surveys and the feedback is used for further improvements and its Consolidated reports will be submitted to SMBBMU annually.
5. QEC affiliated colleges department also coordinate effectively with all Affiliated colleges for Yearly performance review, University wide Data, Higher education statistics, HEC Monitoring template and Self-Assessment Reports.

S. #	Memberships in Quality Associations/Networks
1.	Pakistan Network of Quality Assurance in Higher Education-INQAAHE
2.	Prospective member of Asia Pacific Quality Network (APQN).
3.	Member of Talloires Network since 2009.
4.	Membership in official Network Groups of all public sector QECs and HEC
5.	Membership in Pakistan Network for Quality Assurance in Higher Education (PNQAHE)
6.	Membership in Association of Quality Assurance Agencies of the Islamic World (AQAAIW)

S. #	ACCREDITATIONS OF DEGREE AWARDING PROGRAMS
1.	MBBS & BDS Programs are accredited by Pakistan Medical and Dental Council (PMDC)
2.	Pharm D program is accredited by the Pakistan Pharmacy Council (PPC).
3.	BS GeneriC, Post RN & MSN Nursing program are Accredited by Pakistan Nursing Council (PNC).
4.	MPhil Pharmacology, Micro Biology, Chemical Pathology, Biochemistry, programs are Accredited by the Higher Education Commission (HEC).
5.	MS General Surgery, Ophthalmology, Gynaecology, Paediatric Surgery, Urology, Orthopaedic Surgery and Neurosurgery are accredited by Pakistan Medical and Dental Council (PMDC)
6.	MD General Medicine, Paediatric, Neurology, Cardiology, Forensic medicine, dermatology at SMBBMU- Accredited by Pakistan Medical and Dental Council (PMDC)

SMBBMU Rankings

Times Higher Education Ranking of SMBB Medical University

Worked on the profile Ranking of Times Higher Education and submitted the data to Times Higher Education in order to highlight the ranking of Shaheed Mohtarma Benazir Bhutto Medical University. The Times Higher Education has ranked SMBBMU as the Reporter University for the year 2023-24

UI Green Metric

Worked on UI Green metrics and submitted data to Universities Indonesia Green Metric and achieved a score of 1176.

HEC National Universities Ranking

Worked on HEC National Universities Ranking and submitted the data to the HEC National Universities Ranking.

Impact Ranking of THE

Worked on Impact Ranking of Times Higher Education and submitted data for Impact Ranking of Times Higher Education and actively participated in the workshop.

Seminars/Workshops & Training Events Attended

- Officials from QEC comprising of 2 members attended Progress Review meeting & training of Quality Enhancement Cell (Phase IV) which is going to be held from 30th April to 2nd May, 2024 at Sukkur IBA
- Members of QEC participated one day workshop on Times Higher Education Impact Ranking on 24th October 2023 at Karachi University.
- Official from QEC participated three days training/ workshop for Training of the nominated Focal Person for the HEC National Universities Ranking 2023 initiated by Sindh Higher Education Commission (SHEC) Karachi from 31st July 2023 to 3rd August 2023 at Sindh Higher Education Commission Regional Center Karachi.
- Official from QEC participated three days workshop on SPP Rules, 2010 & Procurement Performance Management System (PPMS) on 17th to 19th July 2023.
- Quality Enhancement Cell attended various online meetings/ seminars/ webinars etc arranged by Higher Education Commission & other accreditation councils.

Seminars/Workshops & Training Events Conducted

- Workshop on quality assurance Workshop On Self Assessment Of The Academic Programs Based On Prescribed Data And Standards Of HEC on 14th March 2024, facilitate by Dr. Nasrullah Channa , Director QEC, Quaid E Awam University, Nawabshah.
- Workshop on quality assurance How To Write The Self-Assessment Report on 7th Feb 2024, facilitate by Mr. Altamash Sheeraz Soomro, Director QEC, SMBB Medical University Larkana.

Annual Self Postgraduate Program Review (PGPR)

In the guidance of Prof. Dr. Nusrat Shah, Vice Chancellor of SMBB Medical University, Larkana, the Quality Enhancement Cell at Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), in Collaboration with the Directorate of Postgraduate Studies, SMBBMU organized the Annual Self-Postgraduate Program Review (PGPR) on June 13th-14th, 2024, to evaluate and enhance the quality of higher education and align university courses with the guidelines of the Higher Education Commission of Pakistan.

The review was led by senior academicians Prof. Dr. Aijaz Ahmed Memon, Dean of Clinical Sciences & Pro Vice Chancellor of Ibn-e-Sina Medical University Mirpurkhas, and Dr. Nasrullah Channa, Director QEC Quaid-e-Awam University Nawabshah. The process involved reviewing all postgraduate courses at SMBBMU in line with HEC standards, holding individual meetings with faculty, students, and university officials, and visiting various departments, libraries, laboratories, and classrooms.

Annual self-postgraduate program review on June 13th-14th, 2024

1.6 SPORTS

Every year, SMBBMU organizes an Annual Sports Week to encourage maximum participation from students and faculty in various sporting activities as part of their co-curricular development. The facilities at Chandka Medical College include a well-equipped gymnasium and a cricket ground, available for students to use during and after college hours.

During the Annual Sports Week, a variety of events are held, including English and Urdu debating competitions, declamation contests, and a literary festival. Outdoor track events offered to students include cricket (for both boys and girls), football, running races, shot put, and javelin throw. Indoor events take place within the gymnasium at the Arija Campus, featuring basketball, throwball, netball, badminton, and table tennis

13th Annual Sports Week Inauguration at SMBBMU Larkana

The 13th Annual Sports Week at Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) was inaugurated by Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, at Chandka Medical College and the event was organized by Prof. Dr Fahad Jibran Siyal, Director Sports, SMBBMU. The event commenced with Prof. Dr. Nusrat Shah playing badminton in the gymnasium, highlighting the significance of sports in student life. In her address, Prof. Dr. Nusrat Shah emphasized the essential role of sports as co-curricular activities that enhance both physical and mental well-being. She noted that participation in sports helps students manage stress and fosters important values such as patience and sportsmanship.

The Sports Week features various competitions, including cricket, badminton, football, and chess, aimed at promoting camaraderie and a healthy lifestyle among students. The event was well-attended by faculty, staff and students, reflecting the university's commitment to holistic education.

Winner of the Intervarsity Football Tournament of Zone K organized by SMBBMU in collaboration with HEC

Runner-up of Badminton Female in Ababel Students Recreational Festival & Participated in Intervarsity badminton Women's Championship organized by Iqra University in collaboration with HEC

Participated in intervarsity championship organized by MUET Jamshoro in collaboration with HEC

Participated in intervarsity Volleyball championship organized by HEC

S.No.	Tournament	Game	Gender	Date	External	Internal	Position
1	Ababel Students Recreational Festival	Football and Badminton	Male and Female	15 Nov, 2023	Pano Aqil cant Sukkur		Winner in football (Male) runner up in Badminton (female)
2	Pinktober	Cricket	Male and Female	14 October 2023		Yes	
3	Independence Cup	Cricket and Football	Male	5 th to 13 th August 2023		Yes	
4	Intervarsity Football Tournament	Football	Male	10 th to 13 th December		Yes	Winner
5	Intervarsity Basketball Tournament	Basketball	Male	24 th to 27 th November	MUET Jamshoro		Participated
6	Intervarsity Volleyball Tournament	Volleyball	Male	21 st to 23 rd September 2023	SAU Tandojam		Participated
7	Intervarsity Chess Tournament	Chess	Male	14.01.2024 to 17.01.2024	LUMHS Jamshoro		Participated
8	13 th Annual Sports Week 2024	Cricket, Football, Table Tennis, Badminton, Basketball, Volleyball, 100 meter race, Snooker, Ludo, Chess, Tug of War	Male and Female	06.05.2024 to 11.05.2024		Yes	

13th Annual Sports Week Inauguration at GMMMC Sukkur

Continuing the vibrant tradition of sportsmanship celebrated at Larkana, Ghulam Muhammad Mahar Medical College (GMMMC) Sukkur hosted its 13th Shaheed Mohtarma Benazir Bhutto Sports Week with great enthusiasm on May 6th. The event was inaugurated by esteemed Chief Guests, alongside the Deputy Commissioner.

The ceremony witnessed a remarkable turnout, with many students and faculty members participating eagerly. Shields were presented to the Chief Guests in appreciation of their support for the college's sporting initiatives. The event culminated in a ribbon-cutting ceremony, marking the official commencement of Sports Week. A friendly table tennis match between the Chief Guests added excitement to the celebration.

Sports play a vital role in the lives of students, promoting teamwork, discipline, and physical health while helping to alleviate stress. These skills are essential not just during their academic journey but also in their future careers. The event reinforced GMMMC Sukkur's commitment to promoting physical fitness and cultivating a culture of sportsmanship among its students

Strategic Plan Development (2024–2034)

SMBBMU is currently in the process of developing a 10-year strategic plan (2024–2034) to guide its growth, innovation, and impact. With the expert guidance of Prof. Dr. Zahida Abro, Head of Campus at SZABIST University Larkana, this initiative aims to establish a clear framework for the university's progress over the next decade.

The strategic plan is being designed with a phased approach:

1. **Short-Term Planning (2024–2026):** Addressing immediate priorities such as enhancing infrastructure, revising curricula, strengthening faculty development programs, and fostering student engagement.
2. **Mid-Term Planning (2027–2030):** Focusing on research advancements, community health initiatives, public outreach, and forging international collaborations.
3. **Long-Term Planning (2031–2034):** Envisioning sustainable growth, global academic leadership, and achieving excellence in healthcare education and research.

Work on this comprehensive plan is underway, ensuring that SMBBMU's future is aligned with its mission to address academic, healthcare, and societal challenges effectively.

2.2 Strengthening Physical Infrastructure

Projects completed in 2023-24

Establishment of SMBB Medical University, Larkana

This project, initiated in 2012, has faced multiple delays due to various reasons. However, on 30 November 2023, a team from the Higher Education Commission (HEC) Islamabad conducted a final review visit. They expressed satisfaction with the progress and the functioning of all the facilities involved. Based on their observations, the team suggested that the project is ready for inauguration in February 2024 by the Chairman of HEC Islamabad, Dr. Mukhtar Ahmad

- (i) Academic Block (G+1) with covered area 75,940 Sft.
- (ii) Benazir College of Nursing (BCON), with covered area 51,028 Sft.
- (iii) Administrative Block with covered area 22,452 Sft.
- (iv) Nursing Hostel with covered area 21,820 Sft.
- (v) Students Cafeteria with covered area 4044 Sft.
- (vi) Networking/ Computerization (Complete Campus): This accommodates ICT Infrastructure, Establishment of Data Centre, and Digital Telephone PBX and
- (vii) Centre of Innovation in Medical Education (CIME) having state-of-the-art human patient simulators to strengthen and to provide training facilities to the healthcare professionals; resultantly, enhanced clinical competence etc. to ensure patient safety.
- (viii) The faculty of the university availed 07 Overseas PhD scholarships.

Inauguration of Main Gate of Chandka Medical College, Larkana

This project, initiated five years ago, faced delays primarily due to financial constraints but was successfully completed and inaugurated on December 7, 2023. Notably, the university completed the project using its own funds and resources, showcasing its commitment to institutional growth despite financial challenges. The timely completion has provided enhanced facilities that will contribute to improved services and overall development

Inauguration of Recently Renovated Central Library of Chandka Medical College by Health Minister Dr Saad Niaz

The Central Library of Chandka Medical College was officially reopened after undergoing significant renovations, following extensive damage caused by recent torrential rains. On November 29, 2023, Health Minister Dr. Saad Niaz inaugurated the renovated facility, marking a step forward in restoring vital academic services. The repairs were crucial to ensure that the library could once again serve as a resource hub for students and faculty, providing a well-maintained environment for study and research. The renovations focused on restoring the structural integrity and usability of the library, emphasizing the university's commitment to preserving its educational facilities

2.3 Strengthening Technological Infrastructure

ICT Projects and Facilities at SMBBMU Larkana

1	SIREN Video Conference Room	This Video Conferencing Room was established at SMBBMU Campus at Arija Larkana. Presently it is being utilized for Seminars, Workshops, and Online Lectures etc. All modern equipment's are installed and working. Sindh Innovation, Research, and Educational Network (SIREN) project is sponsored by Government of Sindh and implemented by L. E. J. National Science Information Center, International Center for Chemical and Biological Sciences (ICCBS), University of Karachi, Pakistan. SIREN aim is to promote quality education system in Sindh, (Pakistan). SIREN has linked universities of Sindh, by modern technologies. It enables researchers, and students to upgrade and expand their knowledge via distance learning and on campus programs; by acquiring lectures, seminars, workshops, skill development courses related to the field of basic, applied, and social sciences
2	PERN-2 connectivity.	Installed and Operational at SMBBMU Arija Campus Larkana. It has been installed with the help of HEC Islamabad. The total bandwidth of PERN2 is 64 MB. All Institutes and Colleges and Offices have been provided Internet connectivity through their facility.
3	Repair and Renovation of Digital Library @CMC Larkana	Old IT Lab was established in Year 2007 and was not updated since 17 Years. Therefore with the help of Alumni of CMC Batch-04, it was renovated and 25 PCs were replaced with latest Computers.
4	Development of ICT Infrastructure	This scheme was made to lay down the infrastructure of network for IT facilities in the Campus. This scheme is presently near completion and it provides Internet, CCTV, WI FI, Digital Exchange etc. Wi Fi, Internet and Digital Exchanges are operational and remaining work will be completed within 15 days positively.
5	Establishment of Directorate of ICT	A new Directorate of ICT has been established in Academic Block of SMBBMU at Arija Campus. Officers and Official are posted to improve the IT facilities in the Campus.
6	Establishment of new Digital Labs and updating of old Digital Labs	With the efforts of Worthy Vice Chancellor SMBBMU Larkana we got 100 Desktop Computers for our University, which is a big achievement. Computers are given to BCON, Pharmacy, BADC, GMMMC Sukkur. These labs are renovated with Furniture, Chairs, Boards, and Multimedia Projectors etc and are operational for various activites.
7	Shifting of Emails of SMBBMU Larkana to Google Cloud.	Due to less capacity of emails storage, all emails of University are now shifted to Google cloud Everyone can utilize email system of University to Google email system.

Prime Minister's Laptop distribution ceremony

The Prime Minister's Laptop Distribution Ceremony took place on Wednesday, 10th January 2024, at the Arija Campus of SMBBMU. The event was inaugurated by the Vice Chancellor, Prof. Dr. Nusrat Shah, with Mr. Abdul Waheed Shaikh, Commissioner of Larkana Division, as the Guest of Honour. Mr. Roshan Shaikh, Director IT and focal person for the PM Laptop Scheme, welcomed the attendees and provided an overview of the initiative, launched by the Government of Pakistan and implemented through the HEC. He noted that SMBBMU had received 214 laptops, which were distributed among top achievers from all constituent colleges based on the online merit list.

During the ceremony, the laptops were presented by the Vice Chancellor, the Commissioner, and other university officials. Mr. Abdul Waheed Shaikh encouraged students to make the most of this resource for their studies and research. Prof. Dr. Nusrat Shah congratulated the students for their outstanding academic achievements and emphasized the importance of digital resources in education. She also expressed her desire for the government to extend this facility to all students to ensure equal learning opportunities.

CHAPTER 4

Research & Publicaiton

Office of Research Innovation and Commercialization (ORIC)

HEC introduced ORIC to elevate the universities as community builders and research-based commercialization. Thus economies promoting knowledge, research, innovation, and, the Office of Research, Innovation & Commercialization (ORIC) was established at the SMBB Medical University, Larkana in 2009.

Mission of ORIC

Directorate of ORIC will ensure capacity development in the field of research, Innovation, academics and health care delivery system for the benefit of mankind and to boost-up the University-Industry relationship.

To train a vibrant research community of excellent research scholars through supporting our postgraduate research students and their supervisors.

Objectives:

- To work in line with Higher Education Commission policies and guidelines.
- ORIC to promote and line up several research projects at the constituents Colleges of SMBBMU Larkana and which have direct impact on the community/society today.
- To disseminate the information regarding available research grants opportunities among faculty members and enrolled research scholars.
- To process / forward all research proposals to HEC/other donor agencies through ORIC.
- To identify new ways and opportunities of collaborations.
- To commercialize the relevant researches for benefits of community and University.
- To keep record of all researches carried out in the University by faculty members and enrolled scholars.
- To promote an anti-plagiarism culture in the University.
- To Arrange/conduct seminars, conferences and training-cum-internship programs for faculty and students.

The First International Conference of Basic Medical Sciences at SMBBMU sponsored by Sindh HEC will be held 12 – 13 February 2024

The First International Conference of Basic Medical Sciences at SMBBMU, sponsored by the Sindh Higher Education Commission (HEC), took place on February 12-13, 2024. The conference aimed to bring together researchers, educators, and practitioners in the field of basic medical sciences to discuss recent advancements and share insights on various topics, including biomedical research, molecular biology, and healthcare innovations.

The event provided a platform for academic exchange and collaboration, featuring keynote speakers, panel discussions, and poster presentations from national and international participants. By fostering dialogue and networking opportunities, the conference aimed to enhance research initiatives and promote academic growth within the medical community.

This initiative reflects SMBBMU's commitment to advancing medical education and research in Pakistan, contributing to the development of effective healthcare solutions

First International Conference of Basic Medical Sciences at SMBBMU on February 12-13, 2024

Physiotherapy Undergraduate Research Activities:

Five research groups of Physiotherapy undergraduate students are currently working on various projects at SMBBMU Larkana. The Directorate of ORIC offers essential support for paper writing, result analysis, and article publication, promoting innovative research concepts within the university.

In addition, the Directorate conducts a research poster competition, providing a platform for faculty, postgraduate, and undergraduate students to showcase their research through posters. It also facilitates training programs on various topics, enhancing research skills and knowledge among participants.

The following are some of the innovative research projects undertaken by students in the Pharmacy department:

- 1. Deplytic" a solid perfume with anti-anxiety and anti-depressant properties.**
- 2. Herbal Hand Sanitizer**
- 3. Antibacterial & Anti-inflammatory effects of Neem Aloevera Soap**

Undergraduates Oral Research Conference 30 August 2023

Webinar on writing a scientific paper

SMBBMU organized a one-day webinar titled "The Art of Writing a Scientific Paper" on October 12, 2023, at CMC. The session was led by Dr. Yeboah Kwaku Opoku, Assistant Professor of Biochemistry at the University of Education, Winneba, Ghana, and President of the Ghana Science Association (UEW chapter). Dr. Opoku focused on effective manuscript structuring, journal requirements, and ethical writing practices, providing valuable insights for researchers to improve their scientific writing skills..

Students of SMBBMU participated in the Annual Research Presentation Competition at Dow University of Health Sciences

Research Grant Writing Workshop for faculty

A two-day workshop on "Research Grant Writing" was organized at SMBBMU in the video-conference room of Chandka Medical College (CMC) on October 31, 2023. The workshop was facilitated by Dr. Saleema Gulzar and Prof. Salma Rattani from Aga Khan University, Karachi. It aimed to equip participants with the skills necessary for writing successful research grant proposals, providing practical insights and strategies for securing research funding.

Research Grant Writing at SMBBMU @ Chandka Medical College on October 31, 2023

Journal Shaheed Mohtarma Benazir Bhutto Medical University JSMBBMU

JSMBBMU is the official journal of Shaheed Mohtarma Benazir Bhutto Medical University Larkana. This is open access, peer-reviewed, quarterly journal and providing authors with continuous publication of original research across a broad spectrum of medical scientific disciplines and sub-specialties. The JSMBBMU review process emphasizes the scientific technical and ethical validity of submissions. Novelty or potential for impact are not consider enduring the manuscript's evaluation or adjudication. The Journal aims to provide an accessible, authentic, and ethical forum for the local and international researchers and scholars to share their valuable research work. Besides, the Journal will also provide an important platform for the medical students across the world to share their research work and get authentic review from the experts in the field. The Journal accepts all medical and allied sciences' original research work, review articles, case reports, and letter to editor. The Journal will welcome there searchers from both, the clinical as well as basic medical sciences, dentistry, Pharmaceutical sciences, community health sciences, nursing, physiotherapy, and so on. The

qualitative and quantitative research work from the field of medical education will also be accepted. The Journal re-affirms its policies and aims to contribute positively and strongly to the culture of publication ethics.

Policies:

The JSMBBMU adheres to the criteria set by the International Committee of Medical Journal Editors (ICMJE). Authorship should be based on substantial contributions to the study, not just funding acquisition or data collection. Contributors must take public responsibility for their portions of the content. The order of contributors should reflect their relative contribution and cannot be changed after submission without all contributors' consent.

Type of manuscript accepted:

The Journal accepts the original scholarly work done in all fields of Health and Allied Sciences, and Medical Education. This may be in the form of original articles, review articles, trials, case reports, editorials, letter to editor, short communication, and so on.

Editorial Board:

S.No.	Name	Designation
