Executive Summary

The academic year 2024–2025 has been a period of renewed progress, resilience, and innovation for Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana. Despite facing the unique challenges of being located in a remote sub-urban area of Sindh and the ever-evolving dynamics of higher education and healthcare, our university has remained committed to its mission of excellence in education, research, clinical services, and community engagement.

This year, SMBBMU continued to make meaningful progress in academics by strengthening undergraduate and programs, expanding postgraduate programs (including MS, MD, Mphil, MSPH, PhD, and CPSP Fellowship programs), adopting student-centered learning approaches and implementing continuous faculty development programs. A wide range of academic activities enriched the year, including the 1st Family Planning Conference, 2nd Undergraduate Research Conference, workshops on Artificial Intelligence in Medical Research, Neonatal Resuscitation, ABGs & Hyponatremia, Protection against Workplace Harassment, and many others. Our participation in the 4th Sindh Research & Technology Showcase 2025 reaffirmed SMBBMU's reputation as a hub of innovation and research in healthcare.

Our emphasis on quality and accountability yielded positive results, with SMBBMU featuring in the Times Higher Education World Rankings. Through consistent efforts we completed annual program reviews, institutional evaluations, and produced the Yearly Progress Report, demonstrating transparency and commitment to global academic benchmarks.

This year was also defined by strong community engagement and impactful events. From observing national days such as Independence Day, Kashmir Solidarity Day, Defense Day, and Youm-e-Hussain, to hosting health awareness walks on diabetes, hepatitis, and road safety, our university stood firm in its commitment to health promotion and national solidarity. The 6th Convocation was a proud milestone, celebrating the success of our graduates who are now contributing to Sindh and Pakistan's healthcare system.

On the international front, SMBBMU strengthened its national and global collaborations through MoUs with University of Alberta, Canada, Baqai University, Karachi, Begum Nusrat Bhutto Women University (BNBWU), Sukkur, Sindh Agriculture University (SAU), Tando Jam, Liaquat University of Medical & Health Sciences (LUMHS), University of Lahore, at Lahore, LINAR, Larkana, Sindh Rural Support Organization (SRSO) and COMSTECH, Islamabad. Our participation in the International Global Health Conference in Lahore, the faculty exchange program with the University of Airlangga, Indonesia, the Sakura Science Program at Meijo University, Nagoya, Japan, the visit of the Indonesian Consul General to SMBBMU, and our visit to Chinese Consulate, Karachi, expanded our international academic footprint. The first Alumni Reunion brought together our graduates from all over Pakistan and across the globe, reinforcing our vibrant alumni network.

Beyond academics, SMBBMU also values student well-being and extracurricular engagement. Alongside academic achievements, we celebrated sports, cultural events, and musical nights, highlighting our dedication to providing students with a holistic university experience. Our athletes represented the university in the Prime Minister's University Olympiad 2024 and the Loksahaita Marathon, fostering team spirit, resilience, and pride.

In terms of infrastructure, SMBBMU has taken significant strides by completing key development projects, expanding technological infrastructure, and distributing laptops under the Prime Minister's Laptop Scheme. These initiatives are equipping our students and faculty with modern facilities essential for research, innovation, and digital transformation.

Looking forward, SMBBMU remains committed to building a sustainable, globally recognized institution. We will continue to strengthen clinical services, expand our research capacity, foster international collaborations, and adopt innovative teaching methodologies. Guided by the vision of our founding leaders, Shaheed Zulfikar Ali Bhutto and Shaheed Benazir Bhutto's principles and supported by our dedicated faculty, officers, students, and alumni.

Together, we are not only preserving the legacy of Shaheed Mohtarma Benazir Bhutto but also creating a brighter future for generations to come.

MESSAGE BY THE VICE CHANCELLOR

It gives me great pleasure to present the Annual Report 2024–2025 of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana. This report reflects not only our achievements but also our resilience, growth, and determination to uphold the vision of our great leader, Shaheed Mohtarma Benazir Bhutto, whose name this institution proudly bears.

The past academic year has been a remarkable journey of progress, innovation, and development. Despite financial and structural challenges, SMBBMU has continued to strengthen its academic and research ecosystem, expand its clinical services, and enhance community engagement. Our efforts have been guided by a clear vision: to prepare competent healthcare professionals, foster impactful research, and contribute meaningfully to the health and well-being of our society.

Our undergraduate and postgraduate programs were further strengthened, and numerous academic activities including conferences, workshops, and training programs—enriched both students and faculty. I am proud that for the first time, SMBBMU was featured in the Times Higher Education World Universities Rankings, which is a testament to our growing academic credibility and global recognition.

Our commitment to community service and national solidarity remained central to our mission. Health awareness walks, national day observances, and outreach activities reaffirmed our bond with the community. The successful 6th Convocation was a proud moment for us all, as we celebrated the achievements of our graduates who are now serving Pakistan and beyond.

On the international front, SMBBMU has broadened its academic footprint through collaborations and MoUs with prestigious institutions at home and abroad. These partnerships are opening new avenues for faculty development, research, and student exchange, positioning SMBBMU as a dynamic contributor to global health education.

This year also brought forward holistic student development, with vibrant cultural, sports, and extracurricular activities. By balancing academic rigor with extracurricular engagement, we continue to ensure a nurturing environment for our students' personal and professional growth.

I take this opportunity to express my sincere appreciation to faculty, officers, students, alumni, and staffs of SMBBMU, whose hard work and dedication are the driving forces behind our progress. I am also grateful to HEC Islamabad, Sindh Higher Education Commission, Government of Sindh, and our partner institutions for their continued support. As we move forward, our focus remains on sustainability, innovation, and global integration. Together, we will continue to honor the legacy of Shaheed Mohtarma Benazir Bhutto while striving to build a brighter, healthier future for generations to come.

With pride and gratitude,

Prof. Dr. Nusrat Shah
Vice Chancellor
SMBBMU Larkana.

Vision

To contribute to society through the pursuit of quality education, research and clinical services and to produce competent and skilled human resource for serving the health needs of local, national and global communities.

Mission

1. To develop evidence-based knowledge, practical and communication skills and professional attitudes among learners so that they can provide good quality, safe and empathetic patient-centered care.
2. To promote curiosity, critical thinking, problem solving and decision-making skills to develop life-long learners.
3. To build a positive learning environment by encouraging a culture of respect, understanding, tolerance and support.
4. To promote a culture of scientific research, publication, technological development and academic leadership.

Values

Teachers should try to inculcate the following values among students:

- Honesty and Altruism
- Self-accountability
- Compassion, understanding and empathy
- Community service
- Inter-professional respect
- Collaboration and teamwork
- Inclusion & Diversity

Diversity

SMBB Medical University firmly embraces diversity as a fundamental core value, recognizing its enriching role within our institution. Our unwavering dedication is to cultivate an inclusive environment that promotes respect, impartiality, and opportunities for all.

Our commitment to diversity and inclusion is driven by their capacity to enhance education, promote a research culture, and equip individuals for success in an interconnected and diverse world. This diversity serves as an invaluable asset, elevating academic excellence and enriching campus life, ultimately contributing to the betterment of society.

Non-Discrimination

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) is unwavering in its commitment to maintaining a discrimination-free environment. We ensure that individuals of all genders, including transgender individuals, who are academically qualified for admissions to the courses of study offered by SMBBMU, are treated with utmost respect, fairness, and equality, irrespective of their race, colour, religion, national origin, or disability. We unequivocally prohibit any form of gender-based discrimination, harassment, or bias, and we are steadfast in guaranteeing equal access to opportunities, representation, and resources within our esteemed institution. SMBBMU proudly upholds a culture of respect, empowerment, and acceptance for all community members

University at Glance

Shaheed Mohtarma Benazir Bhutto Medical University Larkana (SMBBMU)

Established on July 9, 2009, Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) has emerged as a leading institution committed to advancing medical education, research, and healthcare services in Pakistan.

The university offers a diverse academic portfolio comprising 05 undergraduate and 54 postgraduate programs, serving approximately 4,142 students. These programs are delivered by a dedicated faculty of over 341 highly qualified educators and researchers, who are committed to fostering critical thinking, clinical expertise, and a culture of research and innovation.

SMBBMU has established itself as a pioneer in medical education and health sciences, consistently producing competent graduates who contribute to healthcare both nationally and globally. The university implements a Modular, System-based Curriculum, ensuring students are well-prepared to meet the evolving demands of modern healthcare. Academic and research activities are further supported by a digital library with access to over 25,000 online journals and books. Additionally, the university hosts a CPSP-affiliated regional centre, which enhances postgraduate education and reinforces SMBBMU's role in developing medical expertise.

Beyond academics, SMBBMU plays a critical role in delivering specialized healthcare services to the community. Patients from Larkana, neighbouring districts, and parts of Baluchistan and Punjab benefit from the advanced medical facilities at the university's teaching hospitals. These facilities reflect the university's commitment to addressing the healthcare challenges of rural and underserved populations through integrated clinical care and education.

Admissions at SMBBMU are conducted on a merit basis, with options for self-finance. To ensure equitable access, the university provides scholarships for deserving and high-achieving students, removing financial barriers and promoting academic excellence.

SMBBMU comprises six constituent colleges and institutes, each playing a vital role in advancing the university's mission:

- **Chandka Medical College (CMC)**
- **Ghulam Muhammad Mahar Medical College (GMMMC)**
- **Bibi Aseefa Dental College (BADC)**
- **Benazir College of Nursing (BCON)**
- **Institute of Pharmacy (IOP)**
- **Institute of Physiotherapy and Rehabilitation Sciences (IOPRS)**

As SMBBMU continues its journey of growth and innovation, it remains steadfast in its mission of delivering exceptional education, research, and clinical care. Through strategic investments in infrastructure, faculty development, and technology, the university is poised to make a lasting impact on healthcare education and services, both regionally and globally.

Basic Enrolment of SMBBMU

The Total Student enrolment for FY 2024-25 is **4,142** for the graduate, postgraduate, and diploma programs, including FCPS.

Chandka Medical College Larkana

Established on April 20, 1973, Chandka Medical College (CMC) is one of the premier institutions for medical education in northern Sindh and a constituent part of SMBBMU. Recognized by the Pakistan Medical and Dental Council (PMDC), the College of Physicians and Surgeons Pakistan (CPSP) and the General Medical Council (GMC), UK, the college has served as a cornerstone of healthcare education and training for over five decades.

Founded by Shaheed Zulfikar Ali Bhutto with the establishment of a 200-bedded Civil Hospital, CMC has grown steadily in both its academic offerings and physical infrastructure. Over the years, it has produced more than 10,450 medical professionals, who continue to serve in Pakistan and abroad.

The college offers a modern, integrated curriculum that balances theoretical instruction with extensive clinical exposure, ensuring students are equipped with both academic knowledge and practical skills. Its facilities include a recently renovated 400-seat auditorium, a gymnasium and mini-stadium, and a well-resourced library along with access to leading national and international journals. These resources provide students and faculty with the necessary tools to excel in education, research, and professional development.

CMC remains firmly committed to advancing medical education, research, and healthcare services. By adopting innovative teaching methodologies, and fostering a culture of academic excellence, the college ensures its graduates are well-prepared to address the evolving healthcare needs of northern Sindh and beyond. Through its enduring legacy and forward-looking vision, CMC continues to enhance healthcare outcomes, promote scholarship, and develop leadership in the medical profession.

Ghulam Muhammad Mahar Medical College Sukkur

Ghulam Muhammad Mahar Medical College (GMMMC) established on September 2, 2003, is a distinguished medical institution in northern Sindh and a constituent college of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana. Located in Sukkur, GMMMC currently enrolls over 496 students in its MBBS program, providing rigorous academic and clinical training through its affiliated teaching hospital, which serves approximately 1,530,000 patients annually across a wide range of medical and surgical departments.

The college offers a modern, integrated medical curriculum that seamlessly combines theoretical knowledge with extensive hands-on clinical experience. Its academic infrastructure includes well-stocked libraries, fully equipped seminar rooms, and detailed anatomy models, all designed to foster an enriching and comprehensive learning environment.

GMMMC places strong emphasis on clinical exposure, collaborating with hospitals and healthcare facilities to ensure students undergo practical rotations in key departments, including medicine, surgery, pediatrics, and obstetrics. The faculty comprises highly qualified professionals who are dedicated to shaping future healthcare leaders equipped to meet the challenges of contemporary medicine.

With its continued focus on academic excellence, clinical expertise, and research, GMMMC plays a pivotal role in advancing medical education and healthcare services in the region. The college remains steadfast in its mission to produce competent, compassionate, and community-oriented medical professionals who contribute significantly to the well-being of society.

Bibi Aseefa Dental College

Bibi Aseefa Dental College (BADC), inaugurated in 2009 on the occasion of Shaheed Mohtarma Benazir Bhutto's 57th birthday by the then President of Pakistan, Mr. Asif Ali Zardari, is a premier dental institution in northern Sindh. It is dedicated to training competent and professional dentists to address oral healthcare needs within Pakistan and beyond. The college currently enrolls over 184 students in its Bachelor of Dental Surgery (BDS) program and provides extensive clinical training through its affiliated dental hospital.

BADC combines theoretical education with practical clinical training, equipping students with the skills to deliver evidence-based preventive, educational, and therapeutic dental services. The college boasts state-of-the-art facilities, including air-conditioned lecture halls, advanced laboratories, and simulators for teaching preclinical and clinical procedures. Students gain hands-on experience in modern dental

practices, such as restorative dentistry, orthodontics, and oral surgery, under the supervision of highly qualified faculty.

With its commitment to academic excellence, innovative research, and comprehensive patient care, BADC plays a vital role in advancing dental education and improving oral health in the region. The college continues to produce skilled dental professionals who contribute significantly to the healthcare sector, embodying the vision of service and excellence.

Benazir College of Nursing

Benazir College of Nursing (BCON), established in 2011, is committed to delivering excellence in nursing education. The college currently has an enrollment of approximately 285 students, who receive education and training in state-of-the-art facilities. These include air-conditioned classrooms, smart boards, audiovisual systems, a comprehensive library, and a computer lab with internet access for both students and faculty.

BCON focuses on developing skilled and compassionate nurses who are prepared to excel in healthcare systems within Pakistan and globally. The curriculum encompasses a wide range of nursing care, from foundational to advanced clinical skills, ensuring a well-rounded educational experience. Alongside academic excellence, the college emphasizes the importance of research, community engagement, and professional ethics in nursing practice.

With advanced teaching equipment and a dedicated faculty of experienced professionals, BCON ensures that students receive practical training and mentorship in diverse nursing practices. The college remains steadfast in its mission to produce competent nursing professionals who contribute significantly to the healthcare sector.

Institute of Pharmacy

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana has made significant strides in establishing its Institute of Pharmacy. The institute offers a comprehensive Doctor of Pharmacy (Pharm-D) program at the Main Campus Arija,

The Institute currently offers the following programs approved by the Pharmacy Council of Pakistan:

I. Pharm D - A five-year program for the Doctor of Pharmacy degree.

II. Master of Philosophy in Pharmacy (MPhil)

The Institute is equipped with a dedicated qualified faculty, laboratories, and spacious lecture halls. In addition to a strong academic curriculum, the institute offers hands-on training, research opportunities, and community outreach programs, ensuring a holistic educational experience for its students.

SMBBMU's Institute of Pharmacy is committed to developing skilled and compassionate pharmacists who contribute effectively to the healthcare system. Its mission is to drive the advancement of pharmacy through innovative research, comprehensive education, and excellent patient care.

Institute of Physiotherapy & Rehabilitation Sciences

The Institute of Physiotherapy & Rehabilitation Sciences (IPRS) was established in October 2019 at Shaheed Mohtarma Benazir Bhutto Medical University Larkana, with the aim of addressing the need for quality education in physiotherapy and rehabilitation.

IPRS is dedicated to providing comprehensive education and training in physiotherapy through evidence-based practices, preparing students to contribute effectively to patient care and community health. The institute is equipped with modern rehabilitation tools and maintains collaborations with local hospitals and clinics to ensure students gain valuable practical experience.

IPRS is committed to advancing the field of physiotherapy through research, education, and patient care. It strives to be a leading institution in the promotion, development, and dissemination of physiotherapy knowledge, both within the community and through its partnerships with internal and external organizations.

White Coat Ceremony - the Beginning of Medical Journey

On 4th March 2025, Chandka Medical College (CMC), Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, celebrated its White Coat Ceremony, welcoming new medical and dental students into the noble profession of healthcare. The ceremony was graced by Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, as the Chief Guest.

Prof. Dr. Nusrat Shah highlighted the mission of Shaheed Zulfiqar Ali Bhutto & Shaheed Mohtarma Benazir Bhutto, whose legacy laid the foundation of this prestigious institution. She urged students to embrace the values of empathy, dignity, and service to the underprivileged, while cultivating a spirit of research and preventive healthcare to meet the evolving challenges of society.

The students celebrated the symbolic moment of donning the white coat. The event not only marked the beginning of a transformative academic journey for the new cohorts but also reaffirmed SMBBMU's mission of producing skilled, compassionate, and socially responsible healthcare professionals dedicated to improving lives and strengthening the healthcare system of Sindh and Pakistan.

Student Exchange Program at University of Airlangga, Indonesia – SDG 17

Students from SMBB Medical University Larkana, accompanied by Dr. Mir Hassan Khoso, Director ORIC, participated in a one-week **Student exchange program at the University of Airlangga, Jakarta, Indonesia**. The program aimed to strengthen international academic collaboration and promote cross-cultural understanding.

During the exchange, our students engaged in interactive lectures, joint research discussions, and skill-development workshops alongside faculty and students of the host university. They also explored Indonesia's healthcare system, visited medical and research facilities, and took part in cultural immersion activities to gain a broader global exposure.

This initiative enhanced the students of SMBBMU' academic knowledge while fostering leadership skills, global networking opportunities, and cultural adaptability

Delegates included representatives from the University of Airlangga, SMBB Medical University Larkana (Pakistan), Japan, Malaysia, Nigeria, Afghanistan, and Tanzania.

SMBBMU Secured Sakura Science Exchange Program- 2025 for Students at Meijo University, Japan – SDG 17

Students of SMBBMU went to Japan to participate in the International Research Exchange Program at Meijo University, Japan. This marks the second time in the history of the institution that such an opportunity has been awarded, reflecting SMBBMU's growing international engagement and commitment to fostering global research exposure for its students.

The SMBBMU team, led by Vice Chancellor Prof. Dr. Nusrat Shah along with Director ORIC and students explored Japan's industrial innovations—from the first automatic cloth weaving loom to the establishment of Toyota Motor Company. The visit inspired students with Japan's spirit of scientific inquiry, creativity, and perseverance, demonstrating how vision and dedication can lead to groundbreaking innovations.

Prof. Dr. Nusrat Shah met with Prof. Akihiro Ohara, President of Meijo University, to discuss future collaborations and joint research initiatives. The discussions focused on fostering research partnerships, expanding postgraduate opportunities and cultural exchange.

They also visited Nagoya University Hospital, where they observed advanced medical technologies, automated pharmacy systems, and patient safety protocols. In the Biochemistry Lab at Meijo University, students performed experiments, separating and analyzing different proteins under the guidance of Prof. Yamada and his team. This hands-on experience strengthened their practical skills and understanding of biochemical composition.

The program concluded with Certificates of completion and souvenirs were distributed. A special souvenir was presented to Prof. Dr. Nusrat Shah, reaffirming continued support and collaboration.

SMBBMU Conducted Workshop on Leadership & Management – SDG 4

They say “*Leadership is the capacity to translate vision into reality*” A dynamic workshop on Leadership & Management was organized for the leadership and management of SMBBMU Larkana, led by Dr. Syed Azizur Rab, CEO, Greenstar Social Marketing Pakistan. Held at the Vice Chancellor’s Secretariat, the workshop brought together administrative staff and emerging leaders from academia and administration.

The program focused on strengthening leadership capacity, enhancing strategic thinking, and building effective management skills. Interactive sessions, case studies, and group activities highlighted key areas such as communication, decision-making, team dynamics, conflict resolution, and performance management.

The workshop was well-received for its approach and practical relevance, leaving participants motivated to implement innovative leadership strategies within their departments. This initiative reflects SMBBMU’s commitment to professional excellence, institutional development, and capacity building under the leadership of the Vice Chancellor, Prof. Dr. Nusrat Shah.

SMBBMU Hosts NAHE National Outreach Program for Faculty Development – SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, successfully hosted the **NAHE-HEC National Outreach Program for Higher Education Faculty Training**, aimed at enhancing faculty professional capabilities and addressing emerging challenges in higher education. Over 30 faculty members from various institutions, including SMBBMU colleges and SZABIST Larkana, actively participated in the program, gaining practical insights through interactive sessions and hands-on training modules delivered by highly experienced resource persons.

The inauguration ceremony was presided over by Prof. Dr. Nusrat Shah, Vice Chancellor of SMBBMU, alongside Prof. Mehmood ul Hassan, Vice Chancellor of Shaikh Ayaz University, Shikarpur; Prof. Zameer Ahmed Soomro, Principal CMC; Mr. Sohail Raza Mangi, Assistant Director of Quality Assurance at NAHE; and Mr. Altamash Sheeraz, Director QEC at SMBBMU. Dr. Noor Amna Malik, Managing Director of NAHE, participated virtually and highlighted the program’s practical and impactful approach.

In her inaugural address, Prof. Dr. Nusrat Shah emphasized the pivotal role of faculty development in achieving academic excellence, stating, “This initiative will not only enrich the professional skills of the participating faculty members but will also contribute significantly to advancements in the health and education sectors.”

Vice Chancellor SMBBMU Participates in International Global Health Conference at University of Lahore – SDG 3 & SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University represented at the **International Global Health Conference** held at the University of Lahore (UoL) from 13th to 15th November 2024. Prof. Nusrat Shah, Vice Chancellor of SMBBMU, graced the event as Guest of Honor, accompanied by Dr. Mir Hassan Khoso, Director ORIC.

Prof. Dr. Nusrat Shah delivered a compelling plenary lecture on **Emotional Intelligence**, earning appreciation from an audience of international and national academics, researchers, and students.

During the conference, a Memorandum of Understanding (**MoU**) was signed between SMBBMU and the UoL to promote collaborative research, student and faculty exchange programs, and joint academic initiatives. This landmark collaboration highlights SMBBMU's commitment to advancing medical education and research while fostering global academic integration and innovation.

Vice Chancellor invited as a guest of Honour in Conference on Statistical Sciences organized by Islamic Countries Society of Statistical Sciences – SDG 17

Prof. Dr. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, participated as Guest of Honour at the 21st International Conference on Statistical Sciences, organized by the Islamic Countries Society of Statistical Sciences (ISOSS) in collaboration with Dow University of Health Sciences (DUHS) and Baqai Medical University (BMU)

The conference was inaugurated by Prof. Tariq Rafi, Chairperson Sindh HEC, as Chief Guest, and centered on the theme “Mobilising Data Science and Big Data to Achieve the SDGs.”

In her address, Prof. Nusrat Shah underscored the importance of inter-university collaboration in advancing research and innovation. She emphasized the responsibility of universities to promote impactful research that addresses community needs and highlighted the role of modern tools—including artificial intelligence, big data, and digital platforms—in enabling evidence-based solutions.

The conference brought together national and international experts and Prof. Nazeer Khan, Director ORIC BMU, welcomed the delegates and Prof. Tariq Rafi highlighted the need for research to address Pakistan's

challenges, including malnutrition, food insecurity, infectious diseases, and chronic illnesses. Prof. Saeed Qureshi, Vice Chancellor DUHS, emphasized the role of statistical sciences in modern research.

Through this participation, SMBBMU reaffirmed its commitment to fostering international linkages, promoting evidence-based research on global development agendas.

Vice Chancellor SMBBMU Conducts Faculty Development Session at LUMHS, Jamshoro – SDG 17

On 14th May 2025, Prof. Dr. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana, was invited to conduct an interactive faculty development session on the **“Role of Emotional Intelligence in Higher Education in the 21st Century”** at Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro.

The session engaged faculty members of Obstetrics and Gynecology from Liaquat Medical College and Bilawal Medical College, emphasizing the critical importance of emotional intelligence in addressing mental stress, anxiety, and enhancing teaching and learning outcomes. Prof. Dr. Nusrat Shah highlighted how emotional intelligence is an essential skill for educators to foster a supportive, resilient, and effective academic environment in the rapidly evolving landscape of higher education.

This session reflects SMBBMU’s Vice Chancellor’s commitment to faculty capacity building, not only within her own university but also at institutions worldwide, promoting holistic development and ensuring that educators are equipped to foster both professional excellence and the emotional wellbeing of their students

International Hands-on Training Workshop at University of Airlangga, Indonesia - SDG 17

Medical and Pharmacy students of SMBBMU participated in a Hands-on Training Workshop alongside international students at the University of Airlangga, Surabaya, Indonesia. The workshop focused on the preparation and extraction of traditional herbal medicines, providing participants with valuable practical exposure.

A notable outcome of the training was the formulation of JAGARA, a traditional herbal infusion prepared from ginger, kapulaga, and pulosari. This exercise enabled students to understand the therapeutic potential of traditional remedies and their relevance to modern healthcare.

The training workshop promoted cross-cultural learning, deepened appreciation for ethnobotanical knowledge, and reinforced the importance of integrating traditional practices with biomedical sciences.

Faculty Development Seminar on Excellence Beyond the Borders – SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, organized a one-day Faculty Development Seminar titled “*Excellence Beyond the Borders*”. The seminar featured distinguished international experts who shared valuable perspectives on advancing higher education.

Ms. Madhiya Sajid from Imperial College London, spoke on international academic standards, interdisciplinary collaboration, and strategies for faculty excellence. Dr. Nosheba Ambreen from the University of Birmingham, Dubai Campus, highlighted transformative education, global research partnerships, and the evolving role of educators in a rapidly changing academic landscape. Prof. Sajid Saleem from the National University of Sciences and Technology (NUST), Karachi, contributed insights on bridging the gap between local and global practices, curriculum innovation, and effective mentorship in higher education.

The seminar not only offered faculty members new pedagogical approaches, exposure to international benchmarks, and opportunities for professional growth, but also demonstrated SMBBMU’s continued commitment to faculty development, international collaboration, and academic excellence—marking another milestone in the university’s journey toward becoming a center of academic distinction

List of Workshop, Certification & Trainings conducted

Faculty Development Session on Emotional Intelligence – SDG 3

Prof. Dr. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University, conducted a Faculty Development Session on Emotional Intelligence for faculty members under the National Outreach Program for NAHE, organized by HEC Pakistan.

The session, titled "**Emotional Intelligence in Higher Education in the 21st Century**," emphasized the critical role of emotional intelligence (EQ) alongside IQ. Prof. Dr. Nusrat Shah highlighted that EQ is essential not only as a life skill but also as a key factor in student success, helping to enhance communication, leadership, mental and physical well-being, and interpersonal relationships.

Two-day STEM Teacher Training Workshop – SDG 4

To enhance teaching quality and promote innovation in medical education, SMBBMU successfully organized a two-day STEM Teacher Training Workshop in collaboration with the UK-Pakistan Science & Innovation Global Network (UPSIGN) on 18th–19th December 2024. The workshop focused on evidence-based, innovative teaching and learning methods designed to improve student engagement and learning outcomes in the classroom.

The sessions were expertly facilitated by Ms. Madiha Sajid and Professor Jawwad Darr from Imperial College of London, Dr. Sajid Saleem from NUST, Karachi—three renowned educationists and researchers actively involved in the STEM Teacher Training Initiative across Pakistan.

Around 35 faculty members from all constituent colleges and institutes of SMBBMU actively participated, engaging in in-depth discussions and gaining valuable insights into modern pedagogical approaches aimed at elevating the quality of STEM education.

The Vice Chancellor Prof. Dr. Nusrat Shah expressed sincere gratitude to the international experts for their dedication to improving education standards through regular teacher training programs in Pakistan.

Workshop on Arterial Blood Gases and Hyponatremia – SDG 3

The Department of Nephrology at SMBB Medical University Larkana successfully organized a one-day international interactive workshop on Arterial Blood Gases (ABGs) and Hyponatremia on 19 November 2024. The event reflected the university's commitment to advancing medical education and clinical expertise.

The workshop featured renowned guest speaker Prof. Uwais Qarni from the University of Alberta, Edmonton, Canada. Prof. Qarni delivered comprehensive sessions that enhanced the understanding of complex clinical topics such as ABGs interpretation and management of hyponatremia. His interactive lectures and case discussions provided valuable insights to participating faculty members, postgraduate trainees, and clinicians.

This workshop enriched the clinical knowledge and demonstrated SMBB Medical University's dedication to providing high-quality, up-to-date training opportunities to its medical community, supporting medical education and research.

Workshop on Lumbar Spine Assessment at IPRS – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana successfully hosted a specialized workshop on the Assessment of the Lumbar Spine at the Institute of Physiotherapy & Rehabilitation Sciences (IPRS). The session was conducted by Dr. Muhammad Khan, Director IPRS, Jinnah Sindh Medical University (JSMU), Karachi, who shared his expertise on advanced diagnostic techniques, assessment protocols, and evidence-based rehabilitation strategies.

The workshop provided hands-on training for physiotherapy students and faculty, enabling participants to enhance their practical skills and clinical decision-making in managing lumbar spine disorders. Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, highlighted the importance of such workshops in Capacity Building, upgrading professional competencies, fostering clinical excellence, and promoting research-oriented practice in physiotherapy and rehabilitation sciences.

The event strengthened academic collaboration between SMBBMU and JSMU, reflecting the university's commitment to high-quality education, clinical skill development, and professional growth of its students.

MASTERING LUMBAR SPINE ASSESSMENT & TREATMENT

HANDS ON WORKSHOP (A PRACTICAL APPROACH)

Unlocking Mobility, Restoring Strength- Your Path to Lumbar Spine Wellness

OBJECTIVES

Upon completion of workshop, students will be able to:

- Understand basic concepts of Lumbar Spine Complex Rehabilitation.
- Demonstrate Lumbar Spine Complex Dysfunction Assessment skills.
- Demonstrate Lumbar Spine Complex Assessment in the perspective of Musculoskeletal Physical Therapy.
- Apply Manual skills in the management of Lumbar Spine Treatment.

4th PSH Larkana Symposium - Advancing Gastroenterology – SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, organized a series of impactful academic and public awareness activities in February 2025. Pre-conference public awareness sessions were conducted across Larkana, Sehwan, Dadu, Shikarpur, Sukkur, and Khairpur Mirs, where coordinators educated communities on maintaining a healthy lifestyle. Awareness messages were also disseminated through posters, panaflex displays, and social media campaigns.

In its continuity on 21st February 2025, the Department of Gastroenterology & Hepatology, CMC Hospital Larkana, hosted an advanced endoscopy workshop, where postgraduates received hands-on training in therapeutic and diagnostic procedures under the guidance of expert panellists.

The scientific sessions on 22nd February 2025 focused on Metabolic dysfunction-Associated Steatotic Liver Disease (MASLD), featuring comprehensive discussions on pathophysiology, diagnostic challenges, and recent management trends. Prof. Dr. Ali Hyder Baloch, Chairman Organizing Committee, in his opening remarks emphasized the rising burden of MASLD as a public health challenge, highlighting the need for early detection, preventive strategies, and advanced clinical training to improve patient outcomes. Expert-led case scenarios further provided valuable insights into real-world challenges and best practices in managing complex cases.

The event was successfully organized under the leadership of:

- **Prof. Dr. Ali Hyder Baloch**, Chairman Organizing Committee
- **Dr. Sultan Ahmed Chandio**, Co-Chairman Organizing Committee
- **Dr. Shabana Mukhtiar Lakho**, Symposium Secretary
- **Dr. Tanveer Ahmed Ansari**, Chairman Scientific Committee
- **Dr. Mahesh Kumar Wadhwa**, Co-Chairman Scientific Committee

The symposium enriched participants with updated knowledge and practical skills, reflecting SMBBMU's continued commitment to medical education, research, and advancing clinical expertise.

Department of Urology Organizes Advanced Workshop and Launches Laser Technology

The Department of Urology at Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, continued its pursuit of academic and clinical excellence by hosting — the **Fluoroscopy-Guided COPE Workshop** and the **Inauguration of Advanced Laser Technology**.

This Workshop, provided urologists, postgraduate trainees, and surgical residents with hands-on training in modern endourological procedures. Led by senior faculty and expert facilitators, the workshop highlighted advanced techniques in percutaneous stone surgery using fluoroscopic guidance. This initiative enhanced the practical skills of participants, enabling them to deliver safer, more precise, and minimally invasive care to patients suffering from complex urological conditions.

In addition to the workshop, the inauguration of the latest Laser Technology for Urology procedures marked a significant milestone for SMBBMU's clinical services. The introduction of this state-of-the-art equipment has revolutionized the management of urinary stones, prostate enlargement, and other urological disorders, ensuring improved patient outcomes with reduced recovery times.

The availability of laser-assisted procedures at SMBBMU not only strengthens its teaching hospital facilities but also brings cutting-edge healthcare to the people of Larkana and surrounding regions.

These initiatives underscore the Department of Urology's dedication to advancing medical education, research, and patient care through specialized medical services and contribute to raising healthcare standards in Sindh and Pakistan at large.

1.2 Events, Symposiums & Special Days at SMBBMU

First Alumni Reunion of SMBBMU Larkana.

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) organized its **First Alumni Reunion** on 10th January 2025, bringing together more than 400 alumni from all constituent colleges and institutes of SMBBMU. The event featured a warm meet-and-greet, cultural performances, poetry recitals, music, and dinner, creating a vibrant atmosphere of nostalgia and camaraderie.

The Chief Guest, Vice Chancellor Prof. Dr. Nusrat Shah, welcomed the alumni and she likened the alumni–alma mater bond to that of children returning to their mother, emphasizing the value of alumni contributions. She encouraged graduates to give back by improving facilities, supporting infrastructure, and most importantly, dedicating time to mentor current students.

Guest of Honor, Dr. Sharjeel Noor Channa Deputy Commissioner Larkana and a proud alumnus, expressed gratitude to his alma mater, attributing his professional achievements to the education and mentorship he received at CMC.

The evening concluded with a captivating musical performance by renowned singer, leaving the audience with cherished memories of the historic gathering.

1st Family Planning Conference – SDG 3

The Shaheed Mohtarma Benazir Bhutto Medical University, Larkana hosted the First International Conference on Family Planning on 26 September 2024, coinciding with ***World Contraception Day***, at Chandka Medical College, Larkana. The landmark event was graced by Dr. Azra Fazal Pechuho, Pro Chancellor SMBBMU and Minister of Health and Population Welfare, Government of Sindh.

The conference, themed “Family Planning: The Way Forward to a Sustainable World,” highlighted the critical role of family planning in achieving Sustainable Development Goals. Vice Chancellor Dr. Nusrat Shah, in her welcome address, underscored its impact on poverty reduction, maternal and child health, education, gender equality, and environmental sustainability.

Dr. Azra Fazal Pechuho commended SMBBMU for organizing the first such conference in Larkana and stressed the need for coordinated policies, equitable resource distribution, and universal access to reproductive healthcare. Other distinguished speakers—including Mr. Abdullah Khan, Dr. Zulfiqar A. Bhutta, Dr. Anita Zaidi, Dr. Talib Lashari, Mr. Anthony Daly, Dr. Shershah Syed, Sumita Banerji, Dr. Amanda Sturm, and Dr. Martin Verblom—addressed challenges and strategies for improving contraceptive prevalence rates, reducing inequities, empowering women, and engaging men and youth in reproductive health.

National Conference on Malnutrition Crisis in Sindh – SDG 1 & SDG 3

On 21 June 2025, SMBBMU hosted the National Conference on Malnutrition at Chandka Medical College, Larkana, under the European Union–funded project led by the International Rescue Committee (IRC) and hosted by Strengthening Participatory Organization (SPO). The event brought together government officials, development partners, academia, health experts, and civil society organizations to collectively address the malnutrition crisis in Sindh.

The conference featured sessions on malnutrition trends, the role of technology and AI in nutrition services, and the impact of Social and Behavior Change Communication (SBCC). Special focus was placed on youth engagement through student-led research and innovations. An accompanying exhibition highlighted community-driven interventions by grassroots organizations.

In her inaugural address, Vice Chancellor Prof. Dr. Nusrat Shah emphasized the vital role of collaboration between academia and civil society in improving nutrition outcomes. The event concluded with a united call for sustained multi-sectoral cooperation to achieve the vision of a “*Malnutrition-Free Sindh*”.

Symposium & Launch of Pakistan Society of Internal Medicine – Sukkur Chapter

Pakistan Society of Internal Medicine (PSIM) Sukkur Chapter was formally launched on December 21, 2024, along with its first symposium titled “**New Frontiers In Evidence-Based Medicine**” at Sukkur. The event gathered a large number of consultants and specialists from various subspecialties of internal medicine and featured a series of plenary sessions and addresses delivered by eminent experts, emphasizing the growing significance of evidence-based approaches in clinical practice and patient care.

The inaugural ceremony also marked the announcement of the executive body of PSIM Sukkur Chapter. Prof. Dr. Altaf Ahmed Shaikh was elected as President, Prof. Dr. Saleh Mohammad Channa and Prof. Dr. Iftikhar Ali Shah as Senior Vice Presidents, Dr. Pirbhoo Mal Makheja as Vice President, Dr. Bashir Ahmed Chandio as General Secretary, Dr. Abdul Rasheed Dayo as Joint Secretary (Male), Dr. Ruqqaya Farhad as Joint Secretary (Female), and Dr. Khalil Ahmed Sanghro as Information Secretary.

The ceremony concluded with the presentation of traditional Ajrak and Sindhi Topi to the distinguished guests. The launch of PSIM Sukkur Chapter and its first symposium set a strong foundation for advancing evidence-based medicine and fostering collaboration among physicians in the region.

Symposium on Epilepsy Education and Management at GMMMC – SDG 3

The Department of Neuromedicine, Ghulam Muhammad Mahar Medical College (GMMMC) Sukkur, organized a one-day symposium under the National Epilepsy Education and Development (NEED) Program to enhance knowledge and awareness about epilepsy through expert discussions and academic presentations.

The event brought together a diverse audience of faculty members, healthcare professionals, postgraduate trainees, and medical students with a keen interest in neurology and epilepsy.

Prof. Dr. Khalid Sher (JPMC, Karachi), emphasized the importance of structured epilepsy education for improving treatment outcomes and patient care.

Several renowned speakers also contributed their expertise:

- **Dr. Lal Chand Dingra** shared recent advancements in epilepsy management, highlighting innovative treatment options.
- **Dr. Abdul Ghafoor Magsi** discussed the social aspects of epilepsy, stressing the importance of community support and reducing stigma.
- **Dr. Inayatullah Awan** highlighted the psychological challenges faced by patients, particularly issues in diagnosis and treatment.

The session concluded with an engaging panel discussion with other experts, addressed audience questions and emphasized collaborative efforts in improving epilepsy education and patient care across Pakistan.

Special recognition was given to the Pakistan Society of Neurology, Sukkur Chapter, for their role in organizing the event and advancing epilepsy education in the region.

Symposium on Hepatology at GMMMC Sukkur – SDG 3

Department of Medicine, Ghulam Muhammad Mahar Medical College Sukkur and the Pakistan Society for Study of Liver Diseases (PSSLD), in collaboration organized a Symposium on ***Hepatology Updates*** on October 5, 2024, at IBA University Sukkur. The event aimed to enhance knowledge and awareness of liver diseases among medical professionals.

The symposium was graced by Prof. Dr. Nusrat Shah, Vice Chancellor, SMBBMU Larkana, as the Chief Guest, along with several distinguished hepatologists and medical leaders including Prof. Waseem Jafri, Prof. Saeed Hamid, Prof. Mohammad Salih, Prof. Dr. Bashir Ahmed Shaikh, Prof. Altaf Ahmed Shaikh and Prof. Ali Hyder Baloch.

The symposium featured engaging presentations and discussions covering the latest advancements in hepatology, including innovative approaches to diagnosis, treatment, and research. The interactive sessions encouraged active participation from a diverse audience comprising physicians, researchers, postgraduate trainees, and medical students.

The symposium not only provided valuable insights into liver health management but also reinforced the importance of professional collaboration and knowledge-sharing to improve patient outcomes in hepatology across Pakistan.

Building Capacity in Child Health: Workshop on Severe Acute Malnutrition (SAM) Management – SDG 3

The Department of Paediatrics in collaboration with UNICEF, organized a five-day workshop on the Inpatient Management of Severe Acute Malnutrition (SAM). The training brought together healthcare professionals from multiple districts of Sindh Province,

The sessions were facilitated by experts: Prof. Shanti Lal, Dr. Dilijan Baloch, Dr. Gulab Rai, and Dr. Suresh, who shared evidence-based practices and hands-on training for the effective management of malnourished children.

Prof. Dr. Nusrat Shah, Vice Chancellor graced the concluding ceremony and distributed certificates among participants. In her address, she expressed deep concern over the alarming statistics of stunting, wasting, and underweight children in Sindh, as highlighted by WHO and UNICEF, and emphasized the urgent need for collective action to combat malnutrition.

BCON and Paediatric Department Collaborate for Successful Neonatal Resuscitation Workshop – SDG 3

The Paediatric Department of SMBBMU, in collaboration with BCON, successfully conducted a **Neonatal Resuscitation Workshop (NRW)** on Wednesday, 15th January 2025, at BCON

The event was graced by the Chief Guest, Honorable Vice Chancellor along with Professor Shanti Lal, and supported by the, Principal and Vice Principal BCON, along with their dedicated team. The workshop aimed to enhance neonatal care skills among healthcare professionals and received appreciation for its impactful execution.

Sustainable Faculty Development at NAHE- HEC's FLAME 2025 Conference

Prof. Dr. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana, moderated a high-profile panel session on “**Empowering University Faculty and Management through Faculty Development**” at the NAHE Conference on Faculty Leadership and Management Excellence (FLAME 2025), held on 18 June 2025, at Movenpick Hotel, Islamabad.

The session emphasized the critical role of sustainable faculty development (FD) in enhancing the quality of education and research in Pakistani universities and higher education institutions. Eminent panelists included Prof. Dr. Hasan Sher (University of Swat), Prof. Dr. Arabella Bhutto (SABS University Jamshoro), Prof. Dr. Khalid Masood Gondal (FJWU Lahore), Prof. Dr. Younus Javed (MUST, Mirpur, AJK), and Prof. Dr. Gul Hasan (University of Turbat).

Prof. Dr. Nusrat Shah presented a 10-step program for making faculty development sustainable, highlighting key strategies such as aligning FD with institutional goals, conducting needs assessments, engaging faculty in implementation, allocating adequate resources, evaluating program impact, incorporating sustainability principles,

recognizing faculty achievements, promoting collaboration and networking, fostering a culture aligned with United Nation's Sustainable Development Goals (SDGs), and encouraging lifelong learning.

The participants praised the National Outreach Program for Faculty Development, an NAHE initiative that has trained faculty across 85 universities of Pakistan at their doorsteps. They commended Madam Noor Amna, MD NAHE, and HEC Chairman Mukhtar Ahmed for organizing FLAME 2025 and resolved to implement sustainable FD initiatives in their own institutions.

The session concluded with a consensus that investing in sustainable faculty development is essential for institutional growth, academic excellence, and long-term university sustainability.

Workshop on Protection against Harassment at Workplace

SMBBMU organized an Awareness Workshop on “Protection against Harassment at Workplace” at Bibi Aseefa Dental College. Ms. Sabika Shah, the facilitator is the Regional Advisor of the Federal Ombudsman Secretariat for Protection against Workplace Harassment (FOSPAH), along with Mr. Muhammad Aliyan, Assistant Law Officer FOSPAH (Sindh).

The session aimed to raise awareness among students and faculty members on the Workplace Harassment Act 2010. Ms. Sabika Shah emphasized that many victims hesitate to report harassment due to fear of blame, She further highlighted the availability of online complaint filing through FOSPAH website.

Vice Chancellor Prof. Nusrat Shah welcomed and appreciated the guest speakers, stressing the importance of robust institutional policies and their strict implementation. She reiterated SMBBMU's zero-tolerance stance on any kind of workplace harassment and highlighted the establishment of a Harassment Enquiry Committee in compliance with HEC guidelines. Prof. Nusrat Shah urged students to confidently report incidents and assured them of full university support throughout the process.

SMBBMU Celebrates Independence Day with Unity and Patriotism

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana celebrated Pakistan's Independence Day with a solemn flag-hoisting ceremony led by hoourable Vice Chancellor Prof. Dr. Nusrat Shah. The event was attended by faculty, officers, and staff of SMBBMU, along with the deans, principals, and directors of all constituent colleges, reflecting the university community's unity and commitment to the nation.

Speeches delivered during the ceremony highlighted the significance of independence, the responsibilities it entails, and the importance of national unity in building a progressive society. The celebrations were further enlivened by cultural activities, including national songs, traditional tablos, and poetry, showcasing Pakistan's rich heritage. The occasion reinforced a sense of pride, patriotism, and civic responsibility

among the students and faculty, inspiring them to contribute meaningfully to the health and wellbeing of the nation.

SMBBMU observed Kashmir Solidarity Day

Shaheed Mohtarma Benazir Bhutto Medical University Larkana observed Kashmir Solidarity Day on 5th February 2025. A rally was held at the Chandka Medical College (CMC) Larkana campus to express solidarity with the people of Indian-occupied Jammu and Kashmir. The event was attended by Principal CMC, Registrar SMBBMU along with faculty members, students and staff.

Slogans were raised advocating independence for Kashmir and emphasizing the need to end Indian occupation. The rally later joined the District Government-organized procession..

SMBBMU's observance of Kashmir Solidarity Day highlights the university's commitment to raising awareness about the Kashmir issue and standing in solidarity with the Kashmiri people.

Youme Istehsal with Kashmir

Shaheed Mohtarma Benazir Bhutto Medical University organized special seminars on 5th August 2025, across all its constituent colleges to observe Youm-e-Istehsal-e-Kashmir. Students and faculty actively participated in support of the Kashmiri people. The Vice Chancellor Prof. Dr. Nusrat Shah emphasized that the illegal revocation of Kashmir's special status by the Indian government in 2019 is unacceptable to both Kashmiris and Pakistan. She reiterated that the Kashmiri people will continue their struggle for rights and self-determination until they achieve freedom, and Pakistan remains steadfast in its support.

The event was followed by solidarity walks, involving students, faculty members, officers, and staff of SMBBMU, demonstrating unity and raising awareness about the ongoing struggle for Kashmir's rights.

Defence Day Celebration at BCON

Benazir College of Nursing at SMBBMU commemorated Defence Day with a solemn ceremony. The event featured speeches and activities emphasizing the significance of national defence, the sacrifices made by the armed forces, and the importance of patriotism in safeguarding Pakistan's sovereignty.

Faculty and students actively participated, reflecting on the courage and dedication of those who protect the nation. The occasion fostered a spirit of unity, pride, and responsibility among the university community, reinforcing the value of service to the country alongside academic and professional excellence.

Youm-e-Hussain Observance at Chandka Medical College

Chandka Medical College, SMBBMU solemnly observed Youm-e-Hussain. It was attended by Vice Chancellor Prof. Dr. Nusrat Shah, with Prof. Dr. Imtiaz Shah as the chief guest. Students expressed their reverence through speeches and prayers, commemorating the sacrifice of the martyrs of Karbala.

Vice Chancellor Prof. Dr. Nusrat Shah emphasized the enduring message of Imam Hussain as one of humanity, justice, and moral integrity, underlining the importance of such programs within academic institutions. Prof. Dr. Imtiaz Shah in his speech highlighted Imam Hussain's exemplary patience, moral courage, and his pivotal role in upholding the principles of Islam through sacrifice.

The event was attended by Deans, Principals, faculty members, officers, and students, who actively participated in reflecting on the spiritual and ethical significance of Youm-e-Hussain and reinforcing its values of courage, sacrifice, and righteousness.

SMBBMU - 1st University in Sindh to organize Tree Plantation Seminar on Promotes Environmental Sustainability – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University in collaboration with Sindh Agricultural University (SAU) Tando Jam, organized a pioneering Tree Plantation Seminar on 10th September 2024.

The seminar was presided over by Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, with Dr. Fateh Muhammad Marri, Vice Chancellor SAU Tando Jam, as the Chief Guest. Experts including Prof. Noor un Nissa Memon, Prof. Inayatullah Rajpar, and District Forest Officer Mr. Arshad Haider delivered insightful talks on plantation techniques, soil quality, and environmental stewardship.

Dr. Fateh Muhammad Marri praised SMBBMU for being the first university in Sindh to host such an initiative, emphasizing the importance of caring for planted trees for long-term sustainability, and aligning with the vision of planting one crore trees in Sindh. Vice Chancellor Prof. Nusrat Shah highlighted the health benefits of tree plantation, noting its role in improving air quality and public health.

The seminar witnessed enthusiastic participation from students, along with primary school children from Arija. The event combined education, environmental awareness, and community engagement, reflecting SMBBMU's strong commitment to sustainability and civic responsibility.

SMBBMU's Green Campus Initiative: Tree Plantation and Environmental Sustainability Drives – SDG 13

As part of its commitment to sustainability and environmental stewardship, Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, organized a series of plantation and greening activities during 2024–2025. These initiatives were carried out in collaboration with the Forest Department, faculty, students, and officers, with the vision of fostering a healthier, greener, and more sustainable campus.

The campaign began with a large-scale tree plantation drive at CMC on 18 February 2024, organized in collaboration with the Forest Department. This was followed by another plantation drive at the SMBBMU Main Campus on 17 February 2025.

Furthermore, on 26 February 2025, fruit-bearing and shade trees were planted within the girls' and boys' hostel premises, providing students with a refreshing and green living environment. Faculty members and students also came together for a plantation activity on 03 March 2025, fostering teamwork and environmental awareness within the academic community.

Further, a plantation drive at the Controller of Examination Office in SMBBMU Arija on 05 March 2025 focused on flowering and medicinal plants, combining environmental sustainability with health and wellbeing. In addition, on 10 March 2025, indoor plants and decorative flowers were installed in CMC offices and lobbies, improving indoor air quality and aesthetics. To enhance landscaping, palm trees—known for their beauty and shade—were also planted at multiple locations in CMC

These diverse activities collectively highlight SMBBMU's strong commitment to sustainability, climate resilience, and community health. By engaging faculty, students, and administrative departments in greening initiatives, the University is not only beautifying its campuses but also instilling ecological responsibility and contributing to global environmental goals.

World Diabetes Day Celebrated at SMBBMU – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, and its constituent institutes Chandka Medical College Larkana & Ghulam Muhammad Mahar Medical College (GMMMC), Sukkur, jointly observed World Diabetes Day on 14 November 2024 with the theme “Breaking Barriers and Bridging Gaps.” The events included awareness walks, academic sessions, and a community-focused seminar, reaffirming SMBBMU's commitment to public health and preventive medicine.

At Chandka Medical College Larkana, an awareness walk and seminar were held with the participation of over 200 diabetic patients, students, and faculty, highlighting Pakistan's alarming rise in diabetes prevalence, now ranking third globally, and emphasized the importance of awareness, early detection, lifestyle modification, and treatment adherence.

Dr. Mujeeb Abro shared that more than 14,705 diabetic patients are registered at SMBBMU, with over 300 patients receiving free treatment and insulin daily. The seminar concluded with the distribution of free glucometers to patients.

At GMMMC Sukkur, Prof Dr. Altaf Ahmed Shaikh, Principal GMMMC along with the faculty, students, and community members joined an awareness walk holding placards with key health messages, followed by an academic session in the final year lecture hall. Faculty members from the Department of Medicine delivered talks on diabetes management, lifestyle interventions, and the importance of regular check-ups, reinforcing the theme of bridging gaps in diabetes care.

Through these parallel activities, CMC Larkana and GMMMC Sukkur collectively raised awareness about diabetes, its complications, and preventive strategies, while strengthening community engagement and health promotion across Sindh.

SMBBMU Organized World Hepatitis Day – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University Larkana, on 28th July 2025, observed World Hepatitis Day with an awareness walk organized by Prof. Dr. Ali Hyder Baloch, Head of Department.

The event aimed to educate the community about hepatitis prevention, early diagnosis, and treatment, emphasizing the importance of public health awareness. Students, faculty, and staff participated enthusiastically, distributing informative materials and engaging with the public to highlight strategies for reducing the burden of hepatitis in the region.

The initiative reflects SMBBMU's commitment to community health outreach, preventive medicine, and promoting awareness of critical health issues alongside its academic and research endeavors.

SMBBMU Marks Shaheed Mohtarma Benazir Bhutto's Death Anniversary with Health Camp & Blood Donation – SDG 3

On the occasion of the 17th Death Anniversary of Shaheed Mohtarma Benazir Bhutto, Vice Chancellor Prof. Nusrat Shah, visited medical camps at Garhi Khuda Baksh Bhutto Mazar Ground to assess their readiness for any emergencies. The camps were organized by CMCH, DHO Office, PPHI, and Rescue 1122.

Prof. Nusrat Shah appreciated the dedication of doctors and officers performing their duties and offered Fateha for all martyrs of the Bhutto family at the Mazar. In a symbolic gesture, she inaugurated the RBC Blood Bank's blood donation drive by donating blood herself, highlighting SMBBMU's commitment to community service and public health preparedness.

Awareness Seminar and Voluntary Blood Donation Camp at SMBBMU Larkana – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University Larkana on 19 April 2025, organized an awareness seminar and voluntary blood donation camp at the Institute of Pharmacy. The event witnessed enthusiastic participation, with students generously donating blood, reflecting their commitment to humanitarian service.

The initiative, coordinated in collaboration with the Regional Blood Center, Sukkur, aimed to raise awareness about the importance of blood donation and promote a culture of community service among students.

SMBBMU Holds Road Safety Awareness Session

National Highways and Motorway Police in collaboration with Shaheed Mohtarma Benazir Bhutto Medical University, Larkana organized a one-day **Road Safety Awareness Session** at Chandka Medical College. The event aimed to educate students, faculty, and staff on safe driving practices and pedestrian safety.

The Motorway Police team shared insights on traffic regulations, responsible driving, and emergency response. Vice Chancellor Prof. Nusrat Shah Kamal emphasized the importance of instilling road safety awareness from an early age to promote patience, responsibility, and respect among citizens.

Key speakers included Mr. Shahzad, who highlighted the risks of distracted driving and the importance of seatbelt use, and Commander Qalb-e-Abbas, who outlined law enforcement's role in promoting road safety and encouraged community participation to prevent accidents. At the end the session concluded with a pledge by all the attendees to adopt responsible driving practices and promote road safety awareness.

Musical Night by IPRS Students at SMBBMU

Shaheed Mohtarma Benazir Bhutto Medical University not only excels in academics and research but also ensures the holistic development of its students through extracurricular and recreational activities. In addition to sports and cultural programs, the University organizes musical evenings to provide students with opportunities for relaxation, creativity, and healthy engagement.

In this spirit, a vibrant Musical Night was organized by the Institute of Physiotherapy & Rehabilitation sciences students, where students showcased their talent, enthusiasm, and passion for music. The event created a lively atmosphere, bringing together students and faculty to celebrate music and culture alongside academics.

Such activities reflects balanced academic environment that values both intellectual growth and personal well-being of its students.

6th Convocation of SMBBMU

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana held its 6th Convocation on 7th December 2024 at the Arija Campus. The ceremony was presided over by Honourable Vice Chancellor Prof. Dr. Nusrat Shah, with Prof. D. Tehmina Nangraj, Vice Chancellor of Begum Nusrat Bhutto Women University Sukkur, and Prof. Dr. Usman Keerio, Vice Chancellor of University of Larkano, as Guests of Honour.

In her address, Prof. Dr. Nusrat Shah congratulated the graduating doctors, nurses, pharmacists, and dentists, noting that their achievements reflect the vision of SMBBMU's founding leaders, Shaheed Zulfikar Ali Bhutto and Shaheed Benazir Bhutto, in serving the people of Sindh. She also advised graduates to practice moderation in technology and social media use, highlighting the importance of physical and mental wellbeing for healthcare providers committed to serving their patients and communities.

The 6th Convocation marked a proud milestone with the awarding of 255 degrees and 23 gold medals—an inspiring highlight being that 21 of the medals were earned by female graduates, reflecting their exceptional academic achievements. The ceremony concluded in an atmosphere of pride, and celebration as graduates, adorned in their convocation gowns, tossed their caps high and posed for photographs with families. This memorable occasion not only honored academic excellence but also marked the beginning of a new chapter in the graduates' professional journeys and the promise of meaningful service to society.

1.3 University Building Linkages

Vice Chancellor was invited by Consul General of China in Karachi – SDG 17

On the invitation from Consul General of China a delegation led by Honorable Vice Chancellor Prof. Dr. Nusrat Shah along with Prof Dr. Yousif Shah, Prof. Dr. Shahid Hussain Soomro and Prof. Dr. Mir Hassan Khoso met His Excellency Mr. Yang Yundong, Consul General of China in Karachi, on 24th January 2025. Mr. Yang Yundong warmly welcomed the Vice Chancellor and her team, reflecting the strong ties of friendship and collaboration between the institutions.

The meeting focused on exploring opportunities for academic and research collaborations, fostering innovation, and strengthening partnerships in the health and education sectors. Prof. Dr. Nusrat Shah and her team expressed gratitude for the warm hospitality and shared a vision of working together to achieve mutual academic excellence.

Indonesian Consul General Visits SMBBMU – SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, marking to Strengthen Global Health Ties and hosted an interactive lecture on ‘Public Health Management’ by inviting the Consul General of the Republic of Indonesia, Mr. Arie Poluzzi,

Mr. Poluzzi highlighted public health challenges in Indonesia, focusing on effective management strategies and collaborative solutions. Emphasizing the young populations in both Indonesia and Pakistan, he encouraged Pakistani medical graduates to seek employment and postgraduate opportunities in Indonesia, where 250 fully funded scholarships are currently available for Pakistani students.

The Vice Chancellor, Prof. Dr. Nusrat Shah, underscored the value of pursuing postgraduate education in South East Asian countries as more accessible and affordable alternatives to Western options. She also praised the importance of international collaboration in advancing research and academic programs. Prof. Dr. Nusrat Shah expressed her gratitude to Mr. Poluzzi for strengthening the partnership between Indonesia and SMBBMU.

During the visit, Mr. Poluzzi appreciated the educational opportunities offered to students from rural areas at SMBBMU

BCON and U.S Nursing Delegates Join Hands – SDG 17

Benazir College of Nursing (BCON) warmly welcomed a delegation on 26 November 2024, from the USA comprising Registered Nurse Midwives and Generalists. The visitors commended the state-of-the-art facilities and high standards of nursing education at BCON.

During their visit, the delegation explored potential avenues for collaboration between BCON and hospitals in the USA. They expressed appreciation for the warm hospitality and commended Honourable Vice Chancellor Prof. Dr. Nusrat Shah for her dedicated efforts in fostering professional engagement. This visit has laid the groundwork for a promising partnership aimed at enhancing the nursing profession and creating valuable international learning opportunities for SMBBMU students.

Vice Chancellor SMBBMU Inspires at 6th Girls Leadership Conference, 2025 at Larkana – SDG 5

Prof. Dr. Nusrat Shah, Vice Chancellor of SMBBMU, Larkana, was invited to participate in the 6th Girls Leadership Conference 2025 in Larkana on 15 February. Addressing students from schools and colleges across the city, she emphasized the importance of education, encouraged girls to resist early marriage, and pursue careers as doctors, engineers, and lawyers. She highlighted Shaheed Benazir Bhutto as a role model for courage, leadership, and advocacy for the rights of the underprivileged.

Chief guest Mr. Jameel Ahmed Soomro lauded Larkana's legacy of leaders and encouraged the girls to become the next generation of strong leaders. The event also featured student performances, tableaux, and songs celebrating the rights of the girl child and the power of education.

Vice Chancellor SMBBMU Delivers Lecture on Cervical Cancer at LINAR Larkana – SDG 3

An awareness seminar was organized by the Larkana Institute of Nuclear Medicine & Radiotherapy (LINAR), where Prof. Dr. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University, was invited to deliver a session on cervical cancer in Pakistan. During her address at LINAR Larkana, she highlighted the alarming impact of this disease, noting that cervical cancer is the second most common cancer among women in Pakistan. She emphasized that over 5,000 new cases are diagnosed annually, resulting in more than 3,000 deaths, primarily due to late diagnosis.

Prof. Shah emphasized that cervical cancer, caused by a sexually transmitted virus, can be largely prevented through mass vaccination programs. She recommended that all girls aged 9 to 14 years of age bracket receive the HPV vaccine before marriage and called for its inclusion in the Expanded Program on Immunization (EPI). She also acknowledged the Sindh government's ongoing efforts to acquire the vaccine for nationwide immunization.

The Vice Chancellor appreciated LINAR Larkana for organizing the awareness seminar, noting that January is dedicated to promoting cervical cancer prevention and awareness.

Specialized Urogynecology Fistula Camp at SMBBMU– SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, in collaboration with the Department of Gynecology & Obstetrics, organized a specialized urogynecology camp on fistula surveillance. The camp was led by Prof. Ralph Chesson, a distinguished urogynecologist from the United States, marking a significant milestone in SMBBMU's efforts to advance women's healthcare in Sindh.

The camp aimed to provide advanced surgical treatment to women suffering from obstetric fistula, a debilitating condition that disproportionately affects women in low-resource settings. Over the course of the camp, patients received free consultations, diagnostic assessments, and surgical interventions, ensuring comprehensive and compassionate care. In addition, local healthcare teams were engaged in hands-on training sessions, enhancing their skills in diagnosing, managing, and surgically treating fistula cases.

Addressing the participants, Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, expressed gratitude to Prof. Ralph Chesson for his invaluable expertise and contribution toward improving women's health in Sindh. She highlighted that this initiative reflects SMBBMU's strong commitment to women's healthcare, capacity-building, and fostering international collaborations.

The camp not only restored dignity and quality of life for affected women but also served as a capacity-building platform for faculty, postgraduate residents, and young doctors. By transferring advanced surgical techniques and best practices, the activity significantly strengthened SMBBMU's clinical and academic capabilities in the field of urogynecology.

Insightful Discussion with Secretary of Health Mr. Rehan Baloch, Prof. Ralph Chesson

Shaheed Mohtarma Benazir Bhutto Medical University hosted an engaging discussion led by the Hon'ble Vice Chancellor with Secretary of Health, Mr. Rehan Baloch; Prof. Ralph Chesson (USA); the Medical Superintendent, Larkana; and other distinguished guests on 26 November 2024. The meeting facilitated meaningful dialogue on advancing key health services and academic development initiatives, strengthening collaboration between the University, health authorities, and international partners.

Director ORIC Invited as a guest speaker at Airlangga University, Indonesia – SDG 17

Dr. Mir Hassan Khoso, Director ORIC was invited as a guest speaker at the University of Airlangga, Indonesia. He delivered an insightful lecture on **Anti-aging, sharing cutting-edge research and advancements**. Accompanying him were students from SMBBMU Larkana, who also actively participated in the academic exchange program.

The event featured a series of distinguished lectures, beginning with Dr. Atika Baharin from Malaysia. The third

lecture in the series was presented by Prof. Yoshiaki Takaya from Japan. Each lecture was a testament to the global collaboration and the sharing of knowledge across borders.

During the visit, the delegates from SMBB Medical University Larkana engaged in fruitful discussions with their counterparts, exchanging innovative research ideas and exploring potential collaborations. This event not only highlighted the expertise of the speakers but also fostered a spirit of international cooperation and the advancement of medical research.

SMBBMU Explores Health Entrepreneurship Opportunities with Larkana Chamber of Commerce & Industry - SDG 17

Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University, Prof. Dr. Nusrat Shah, was invited by the Larkana Chamber of Commerce & Industry on 19 November 2024, for an insightful discussion on strengthening collaborations between the medical and business communities.

The dialogue centered on fostering health entrepreneurship, encouraging innovation in healthcare delivery, and creating mutually beneficial partnerships. Key proposals included developing start-up incubation opportunities for medical innovations and promoting local manufacturing of medical equipment.

Prof. Dr. Nusrat Shah emphasized on cultivating an entrepreneurial mindset among students and faculty while engaging industry partners to co-create sustainable healthcare solutions. The Chamber expressed its willingness to work closely with SMBBMU to establish an innovation hub that will serve as a platform for joint ventures, research commercialization,

MOU signed between SMBBMU and LINAR - SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, entered into a strategic partnership with LINAR Hospital through the signing of a Memorandum of Understanding (MoU) on 26 November 2024. The collaboration aims to enhance teaching and training opportunities for undergraduate and postgraduate Radiology students, including CPSP-accredited training programs.

The agreement encompasses clinical teaching for MBBS students, exchange programs, joint research initiatives in medical technology, and the organization of national and international academic events. This partnership reflects SMBBMU's commitment to advancing radiology education, fostering innovation, and expanding research horizons through institutional collaboration.

MOU signed Between SMBBMU and SRSO - SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, entered into a landmark partnership with the Sindh Rural Support Organization (SRSO) on 24th July 2024, through the formal signing of a Memorandum of Understanding (MoU). The ceremony was graced by the Honorable Vice Chancellor, Prof. Dr. Nusrat Shah, and the CEO of SRSO, Mr. Muhammad Dittal Kalhoro, in the presence of Mr. Asif Ali Khuhro, Chief Financial Officer, SRSO, and Dr. Mir Hassan Khoso, Director ORIC & Research, SMBBMU.

The MoU establishes a strategic alliance to jointly pursue research initiatives and development projects focusing on rural development, women's empowerment, social entrepreneurship, and community health. Both institutions emphasized their shared commitment to innovation and sustainability, aligning their efforts with the United Nations Sustainable Development Goals (SDGs) to ensure meaningful regional and global impact.

Speaking at the occasion, Mr. Dittal Kalhoro praised the Honorable Vice Chancellor for her dynamic leadership and rapid transformation of SMBBMU. In her remarks, Prof. Dr. Nusrat Shah highlighted the significance of academic-community partnerships in promoting inclusive growth, expressing gratitude to SRSO for its collaborative vision.

This partnership reflects SMBBMU's commitment to extending its academic expertise beyond the university, bridging research with community needs, and strengthening its role as a catalyst for regional growth and sustainable development.

MOU signed Between SMBBMU and Begum Nusrat Bhutto Women University - SDG 17

On 24th December 2024, Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, achieved another milestone by formalizing a Memorandum of Understanding (MoU) with Begum Nusrat Bhutto Women University (BNBWU), Sukkur. The signing ceremony was held at BNBWU, Sukkur, and was graced by Prof. Dr. Nusrat Shah, Vice Chancellor, SMBBMU, and Prof. Dr. Tehmina Nangraj, Vice Chancellor, BNBWU.

The MoU establishes a strategic partnership between the two institutions, focusing on collaboration in academics & research. This initiative reflects the shared vision of SMBBMU and BNBWU to enhance educational excellence, promote innovation, and strengthen inter-university cooperation, ultimately contributing to academic growth and societal development.

MoU Signed Between SMBBMU and LUMHS - SDG 17

On 14th May 2025, Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, and Liaquat University of Medical & Health Sciences (LUMHS), Jamshoro, formalized a signing of a Memorandum of Understanding (MoU). The agreement was signed by Prof. Dr. Nusrat Shah, Vice Chancellor, SMBBMU, and Prof. Dr. Ikramuddin Ujjan, Vice Chancellor, LUMHS, along with distinguished faculty members.

This MOU, established between two of Sindh's premier medical universities, holds significant importance as it sets the foundation for mutual growth and shared benefits in healthcare industry. The collaboration paves the way for student, faculty, and officer exchange programs, joint research projects, and academic workshops and conferences.

By combining their strengths, both institutions are positioned to enhance research capabilities, raise the standards of medical education, and promote innovation in healthcare research. This strategic alliance not only fosters academic excellence but also underscores the collective commitment of SMBBMU and LUMHS to contribute to national healthcare development and global academic competitiveness.

MOU signed Between SMBBMU and Sindh Agricultural University (SAU) Tando Jam - SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) announced plans to sign a Memorandum of Understanding (MoU) with Sindh Agricultural University (SAU) Tando Jam, marking the beginning of a strategic partnership aimed at advancing education, research, and innovation.

The collaboration will include joint teaching and research projects, seminars, conferences, and student and faculty exchange programs, fostering interdisciplinary learning and mutual academic growth. This MoU reflects the leadership vision of Vice Chancellor Prof. Dr. Nusrat Shah and is aligned with SMBBMU's mission to expand academic opportunities beyond medical sciences, encouraging environmental and agricultural awareness among healthcare professionals.

The partnership is expected to strengthen SMBBMU's outreach, broaden research horizons, and create new avenues for academic collaboration between the two prestigious institutions.

MOU signed Between SMBBMU and COMSTECH - SDG 17

SMBBMU and COMSTECH Islamabad have formalized a strategic partnership to promote collaboration in health, research, artificial intelligence, technology, and innovation.

The Memorandum of Understanding (MoU) was signed in Islamabad by Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, and Prof. Dr. Muhammad Iqbal Chaudhary, Coordinator General COMSTECH, along with Prof. Mir Hassan Khoso, Director ORIC SMBBMU, and Mr. Haris Akram, Program Manager COMSTECH.

COMSTECH will support the development of a State-of-the-Art Centre for Artificial Intelligence and a Centre for Climate Change Studies at SMBBMU, as well as offer research fellowships for faculty and postgraduate scholars. SMBBMU, in turn, will conduct specialized training workshops and short courses for healthcare providers from OIC nations, while also sending faculty and students to deliver clinical services in member countries.

Speaking at the signing, Prof. Dr. Nusrat Shah and Prof. Dr. Muhammad Iqbal Chaudhary reaffirmed their commitment to leveraging cutting-edge technology, research, and innovation to enhance healthcare services, strengthen academic ties, and improve the quality of life for people in the poorest nations of Africa and the Middle East.

This milestone partnership underscores SMBBMU's vision, while contributing to the health and wellbeing of communities across the OIC region.

MOU signed Between SMBBMU and Vision for Education Foundation - SDG 3 & SDG 17

Shaheed Mohtarma Benazir Bhutto Medical University Larkana, took a significant step toward enhancing specialized healthcare and medical training by signing a Memorandum of Understanding (MoU) with the **Vision for Education Foundation**. The collaboration focuses on improving eye care services, particularly in the areas of cornea transplantation and pediatric ophthalmology, addressing critical needs in underserved communities.

Under this partnership, both institutions will work together to:

- **Cornea transplantation services**
- **Pediatric ophthalmology capacity**
- **Provide hands-on clinical exposure and academic collaboration**
- **Promote community outreach**
- **Conduct joint research and publications**

During the signing ceremony, leaders from both institutions highlighted the importance of sustainable partnerships in combating visual impairment and blindness in Pakistan. The collaboration was recognized as a milestone in aligning medical education with real-world healthcare needs while serving the wider community.

MOU signed Between SMBBMU and AM Opportunities, Chicago, USA - SDG 17

SMBBMU, signed a MoU with **AM Opportunities**, a U.S.-based organization that specializes in global clinical education. This partnership expands international learning opportunities for SMBBMU students and trainees, enabling them to gain experience and training in accredited hospitals and healthcare institutions across the United States.

Through this collaboration, SMBBMU students will be able to participate in clinical clerkships and electives, while graduate trainees and young professionals can join observership programs to familiarize themselves with U.S. medical practices, protocols, and emerging technologies. Participants will also benefit from mentorship by U.S.-based physicians and structured support in areas such as orientation, visa facilitation, and academic preparation, ensuring a seamless transition to the international clinical environment.

Speaking at the signing, Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, highlighted the transformative potential of this initiative, underscoring that international clinical exposure is vital for aligning with global medical standards and preparing students for competitive opportunities such as the USMLE, postgraduate training, and residency programs abroad.

Representatives of AM Opportunities praised SMBBMU's commitment to broadening academic and clinical horizons, reaffirming their support in integrating SMBBMU students into U.S.-based training programs. This collaboration marks a significant step in enhancing the global competitiveness of SMBBMU graduates while strengthening the university's international footprint in medical education, research, and career development.

MOU signed Between SMBBMU and ASPIRE Institute, Cambridge, USA - SDG 17

To promote academic excellence and global collaboration, **Shaheed Mohtarma Benazir Bhutto Medical University Larkana**, has signed a Memorandum of Understanding (MoU) with the prestigious **ASPIRE Institute**, based in Cambridge, Massachusetts, USA, and affiliated with Harvard University. The partnership aims to expand learning opportunities, promote global citizenship, and cultivate professional and academic growth among SMBBMU students and faculty.

The collaboration will provide SMBBMU students with scholarships and fellowship opportunities through the Aspire Leaders Program, virtual leadership development programs, and access to global mentorship and networking with international scholars and professionals. Additionally, the partnership will facilitate collaborative workshops, seminars, and webinars on leadership, communication, innovation, and entrepreneurship, alongside faculty development and capacity-building initiatives focused on transformative pedagogy and global education practices.

Prof. Dr. Nusrat Shah, Vice Chancellor of SMBBMU, highlighted that the collaboration reflects the university's commitment to broadening the horizons of its students and faculty by offering world-class leadership training and global exposure.

This MoU underscores SMBBMU's dedication to inclusive academic growth, cross-border collaboration, and student empowerment. By bridging local talent with international expertise, the partnership with ASPIRE Institute promises to enrich the university's academic environment and provide unique opportunities for professional and personal development.

1.4 IMPACT OF QUALITY ASSURANCE AT SMBBMU

SMBBMU Achieves Global Recognition in THE Impact Rankings 2025

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, under the leadership of Prof. Dr. Nusrat Shah, Vice Chancellor, has achieved a remarkable milestone by being ranked among the **Top 1500+ universities worldwide** in the prestigious **Times Higher Education (THE) Impact Rankings 2025**. This achievement reflects SMBBMU's unwavering commitment to academic excellence, research, community engagement, and sustainable development goals.

SMBBMU has secured its position among institutions in the Times Higher Education (THE) Impact Rankings 2025, ranking 105th in Pakistan and an impressive 2nd among Sindh's medical universities in SDG 4: Quality Education and SDG 17: Partnership for the Goals, while achieving 5th position in SDG 3: Good Health & Well-being and 3rd position in SDG 5: Gender Equality. SMBBMU's this recognition not only validates the university's strategic vision and sustained efforts over the years but also reinforces its role as a leading center for medical education, research, and innovation in Pakistan. SMBBMU will continue to strive for global standards in teaching, research, and healthcare services, strengthening its position on the world stage.

The THE Impact Rankings assess universities globally on their contributions to the United Nations Sustainable Development Goals (SDGs). SMBBMU's inclusion in this esteemed list underscores the university's dedication to providing high-quality education, and implementing impactful community programs that positively influence society. This achievement reflects the concerted efforts of the Quality Enhancement Cell (QEC), led by Mr. Altamash Sheeraz, Director QEC whose rigorous quality assurance processes have been instrumental in elevating the university's academic and institutional standards.

This accomplishment marks a significant step in SMBBMU's journey toward international acclaim and reinforces its mission to develop skilled healthcare professionals, contribute to cutting-edge research, and create meaningful societal impact. SMBBMU

SMBBMU Recognized as Reporter University by Times Higher Education 2024–25

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, has achieved a significant milestone in global academic recognition by being designated as a **Reporter University** by the prestigious Times Higher Education (THE) for the year 2024–25. The university meticulously compiled and submitted its institutional data to THE, highlighting its academic achievements, research output, teaching quality, community impact, and international collaborations.

This recognition reflects the university's strategic vision and unwavering commitment to achieving global standards in medical education, research, and healthcare services.

This achievement also reflects the dedicated efforts of Mr. Altamash Sheeraz, Director QEC Quality Enhancement Cell (QEC) and his team, who played a pivotal role in preparing comprehensive institutional data, streamlining reporting processes, and ensuring rigorous adherence to quality benchmarks. Their work has been instrumental in presenting SMBBMU as a credible and high-performing institution on the international stage.

Being recognized as a Reporter University not only positions SMBBMU on the global higher education map but also strengthens its prospects for future rankings, international collaborations, research partnerships, and capacity-building initiatives, further consolidating the university's status as a leading center for medical education in Pakistan.

SMBBMU Achieves Ranking in UI Green Metric 2025

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, has been ranked **6th among medical universities in Pakistan** and achieved an overall ranking of **856th in Asia**, by securing good position in the UI GreenMetric World University Rankings 2025, reflecting its strong commitment to sustainability, environmental stewardship, and eco-friendly campus initiatives.

This recognition strengthens SMBBMU's reputation as a forward-thinking institution that prioritizes ecological responsibility alongside academic excellence, research innovation, and community engagement. It also lays the foundation for future initiatives to further enhance sustainability and environmental consciousness across all campus activities.

QEC Organizes Workshop on Program Review for Effectiveness & Enhancement (PREE)

In its ongoing efforts to maintain and enhance the quality of postgraduate programs and capacity building of the faculty the Quality Enhancement Cell, organized a workshop titled **“Program Review for Effectiveness & Enhancement (PREE)”** on 26th May 2025.

Dr. Nasrullah Channa, Director QEC at Quaid-e-Awam University, Nawabshah, acted as the facilitator of the workshop who shared his expertise in evaluating and improving MS, MPhil, and PhD programs. The session focused on strategies for program assessment, curriculum development, learning outcomes evaluation, and overall enhancement of postgraduate education.

This initiative reflects SMBBMU’s commitment to academic excellence and continuous quality improvement, empowering faculty and administrators to strengthen postgraduate programs, align them with global standards, and ensure that graduates are equipped with advanced skills and knowledge for research and professional practice as per the new PSG-2023 standards introduced by HEC.

Workshop on Institutional Performance Review & PSG-2023 Implementation

The Quality Enhancement Cell, Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, organized a workshop on **“Review of Institutional Performance and Enhancement (RIPE)”** on 27th May 2025. The session also focused on the new framework, **Pakistan Precepts Standards and Guidelines (PSG-2023)**, devised by the Quality Assurance Agency (QAA) of the Higher Education Commission (HEC) to strengthen institutional governance, academic quality, and performance standards.

Dr. Nasrullah Channa, Director QEC at Quaid-e-Awam University, Nawabshah, served as the facilitator, providing expert guidance on institutional self-assessment, compliance with national standards, and strategies for continuous enhancement of academic and administrative processes.

This initiative highlights SMBBMU’s dedication to achieving excellence in higher education through robust quality assurance practices, ensuring alignment with national and international benchmarks, and fostering a culture of continuous institutional improvement.

Contributions and Participations of QEC

1. The Director QEC served as an External Reviewer, conducting a **Self-RIPE** at Shah Abdul Latif University, Khairpur, on 30th July 2025.
2. The Director QEC attended a seminar on “**Leveraging the PSG-2023 Guideline for Quality Transformation in Higher Education Institutions**” organized by Newports Institute of Communication & Economics on 18th June 2025.
3. The Director QEC participated in the **HEC Progress Review Meeting** at Aga Khan University, Karachi, on 16-17 June 2025.
4. The Director QEC completed training on the **Internal Quality Assurance Framework (SHEC)** at Salim Habib University, Karachi, on 29th May 2025.
5. The Assistant Director QEC attended the **Capacity Building Program for Management** arranged by NAHE-HEC at Aror University, Sukkur, from 14th–18th April 2025.
6. The QEC, SMBBMU, in collaboration with the **National Academy of Higher Education (NAHE)**, successfully organized the **National Outreach Program for HEC Faculty Training**, conducted from 31st December 2024 to 24th January 2025 for faculty members.
7. QEC officials attended the **Workshop on Implementing QA Mechanisms in Affiliated Colleges**, organized by HEDP-HEC on 11–12 December 2024.
8. The Director QEC and officials participated in the **Workshop on Focusing International Rankings for SDGs**, organized by SHEC at Salim Habib University, Karachi, on 30th September 2024.

QEC Conducts Assessment Team Visits for Program Review (PREE)

1. QEC organized the visit of the **Assessment Team for the M.Phil and Ph.D. Physiology** programs on **3rd July 2025**, led by the subject expert **Prof. Dr. Abdul Wahab Shaikh**, Head of the Department of Physiology, Khairpur Medical College, Khairpur Mirs, along with two internal members.
2. QEC arranged the visit of the **Assessment Team for the M.Phil Chemical Pathology** program on **4th July 2025**, led by the subject expert **Prof. Dr. Shabir Shaikh**, Professor at Khairpur Medical College, Khairpur Mirs, along with two internal members.
3. QEC conducted the visit of the **Assessment Team for the Master of Science in Nursing (MSN)** program on **14th July 2025**, led by the subject expert **Ms. Rubina**, Director at PUHMS, Nawabshah.
4. QEC organized the visit of the **Assessment Team for the Master of Dental Surgery in Oral & Maxillofacial Surgery (MDS)** program on **14th July 2025**, led by **Prof. Dr. Muhammad Shahzad**, Chairman of the Department of Oral & Maxillofacial Surgery, Institute of Dentistry, Liaquat University of Medical & Health Sciences, Jamshoro, along with two internal members.
5. QEC arranged the visit of the **Assessment Team for the Master of Science in Public Health (MSPH)** program on **7th July 2025**, led by **Dr. Shamim Bhatti**, GIMS, along with two internal members.

SMBBMU Secures HEC - NOCs for Postgraduate Programs

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, has proudly received two new No Objection Certificates (NOCs) from the Higher Education Commission (HEC) for its postgraduate programs, marking a significant milestone in the university's academic development.

Under the guidance of the Director of the Quality Enhancement Cell (QEC), SMBBMU successfully obtained HEC accreditation for the **Ph.D. in Physiology** program and the **Master of Science in Public**

Health (MSPH) program. These accreditations reinforce the university's commitment to maintaining high

standards of postgraduate education, fostering advanced research, and ensuring that its programs align with national and international academic benchmarks.

The recognition from HEC not only validates the quality and rigor of SMBBMU's postgraduate programs but also enhances the university's reputation as a leading center for medical education and research in Pakistan.

QEC Conducts Institutional and Graduate Program Review Visits at SMBBMU

In line with the targets set by the Higher Education Commission (HEC) for the Assessment Year 2024–25, the Quality Enhancement Cell (QEC) of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, organized the Annual Self-Review of Institutional Performance and Enhancement (RIPE) visit on 10–11 July 2025 at the university's Main Campus.

The review was conducted by a panel comprising one external member, Dr. Saeed Abro, Director QEC, Sukkur IBA University, along with three internal members: Prof. Dr. Riaz Ahmed Shaikh, Director Admissions, SMBBMU; Prof. Dr. Shahid Hussain Soomro, Director Academics, SMBBMU; and Prof. Dr. Qaimuddin Shaikh, Principal, BADC, SMBBMU.

The QEC played a pivotal role in organizing the visit, ensuring the smooth management of all documentation, schedules, and interviews with faculty members. Their meticulous planning and coordination facilitated a seamless review process, allowing the assessment panel to comprehensively evaluate the university's progress against the Institutional Performance & Enhancement (IPE) Report 2024–25 and assess the effectiveness of its graduate programs.

This exercise reflects SMBBMU's ongoing commitment to maintaining academic excellence, strengthening quality assurance mechanisms, and ensuring continuous institutional improvement in accordance with HEC guidelines.

Annual Self Graduate Program Review (GPR) at SMBBMU

As part of its commitment to maintaining high academic standards, Quality Enhancement Cell at Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, successfully conducted the Annual Self Graduate Program Review (GPR) for the Assessment Year 2024–25, as assigned by the Higher Education Commission (HEC).

The review panel consisted of two external members, Prof. Dr. Jan Muhammad Memon from Jhalawan Medical College, Khuzdar, Balochistan, and Dr. Riaz Ahmed Shaikh, Deputy Director QEC, Shah Abdul Latif University (SALU), Khairpur, along with three internal members: Dr. Sirajuddin Soomro, Director PG SMBBMU; Dr. Abdul Ghaffar Pirzado, Deputy Director PG SMBBMU; and Mr. Altamash Sheeraz Soomro, Director QEC, SMBBMU.

The QEC efficiently organized the review visit with collaboration of department of Post graduate studies, ensuring seamless coordination of documentation, schedules, and interviews with faculty members. This rigorous process enabled a comprehensive assessment of the graduate programs, facilitating constructive feedback and recommendations to further enhance academic quality, research initiatives, and overall program effectiveness.

This initiative highlights SMBBMU's continuous efforts to strengthen quality assurance mechanisms, uphold educational excellence, and foster an environment of progressive learning and institutional growth.

Faculty Training Program NAHE (National Academy of Higher Education)

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, successfully hosted a comprehensive one-month Faculty Training Program organized by the National Academy of Higher Education (NAHE). Conducted at the Video Conference Hall, CMC Larkana, from 31st December 2024 to 25th January 2025, this program was specifically designed for the teaching faculty of SMBBMU.

This was the first time such an extensive NAHE faculty development program was arranged at SMBBMU, with the Quality Enhancement Cell (QEC) playing a pivotal role in coordinating all aspects of the initiative. QEC ensured seamless collaboration with NAHE, managed scheduling, logistics, documentation, and facilitated smooth interactions between resource persons and participants.

Renowned experts from various universities and academic fields delivered interactive sessions, hands-on workshops, and training on modern teaching methodologies, curriculum design, assessment strategies, research proposal development, and quality assurance practices. The program significantly enhanced the pedagogical and research capacities of the participating faculty members.

As a landmark outcome, all faculty members who successfully completed the program have now been enrolled in the NAHE pool of Master Trainers, positioning them to contribute as trainers in future national faculty development initiatives.

This initiative reflects SMBBMU's commitment to continuous faculty development, institutional capacity building, and fostering a culture of academic excellence, empowering educators to advance teaching, research, and innovation within the university and beyond.

1.5 Sports

Prime Minister University Olympiad 2024 – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University Larkana students participated with great enthusiasm in the Prime Minister University Olympiad 2024, held at the Pakistan Sports Board, Islamabad, from 20th to 22nd November 2024.

The event was graced by the esteemed presence of Prof. Dr. Nusrat Shah, Vice Chancellor of SMBBMU, whose support and encouragement inspired the students to perform at their best, demonstrating talent, dedication, and sportsmanship across various competitions.

SMBBMU students showcased their skills in multiple athletic events, including 100-meter running long jump, discus throw, javelin throw shot put (all male and female), triple jump (male), among others. Notable participants included Dr. Hamza Sattar, Dr.

Murtaza Ali, Dr. Zia Ahmed, Dr. Abdul Sami Sohu, Dr. Ambreen Shahban, Dr. Urooj Fatima, Dr. Fatima Ghani, Dr. Naima Batool, Dr. Javeria Gulfraz, and Dr. Maria Ameen.

SMBBMU extends heartfelt congratulations to all participating students for their remarkable efforts and expresses gratitude to the university administration for fostering an environment that nurtures both academic and extracurricular excellence.

Loksahaita Marathon (Lok Sahaita Race) – SDG 3

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana, under the guidance of Honorable Vice Chancellor Prof. Dr. Nusrat Shah, proudly acknowledges the outstanding performance of its students at the Lok Sahaita Marathon 2024, held in Sukkur on 24th December 2024

Five talented female students of SMBBMU participated in the 10 km race and achieved remarkable success, with all participants winning and being awarded finishers' medals. The winners include: From Institute of

Pharmacy Dr. Erum Chandio, Dr. Bakh Bhutto and from Benazir College of Nursing Miss Yousra Nawab, Miss Sawera Seelro, Miss Salma Korejo

Their triumph reflects not only personal dedication and perseverance but also SMBBMU's commitment to promoting health, fitness, and women's participation in sports. Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU congratulated the students for their exemplary performance and encouraged all students to actively engage in sporting and wellness activities.

CHAPTER 2

Research and Publications

Office of Research Innovation and Commercialization (ORIC)- An Overview

HEC introduced ORIC to elevate the universities as community builders and research-based commercialization. Thus economies promoting knowledge, research, innovation, and, the Office of Research, Innovation & Commercialization (ORIC) was established at the SMBB Medical University, Larkana in 2009.

Mission of ORIC

Directorate of ORIC will ensure capacity development in the field of research, Innovation, academics and health care delivery system for the benefit of mankind and to boost-up the University-Industry relationship.

To train a vibrant research community of excellent research scholars through supporting our postgraduate research students and their supervisors.

Objectives:

- To work in line with Higher Education Commission policies and guidelines.
- ORIC to promote and line up several research projects at the constituents Colleges of SMBBMU Larkana and which have direct impact on the community/society today.
- To disseminate the information regarding available research grants opportunities among faculty members and enrolled research scholars.
- To process / forward all research proposals to HEC/other donor agencies through ORIC.
- To identify new ways and opportunities of collaborations.
- To commercialize the relevant researches for benefits of community and University.
- To keep record of all researches carried out in the University by faculty members and enrolled scholars.
- To promote an anti-plagiarism culture in the University.
- To Arrange/conduct seminars, conferences and training-cum-internship programs for faculty and students.
- To conduct national and International trainings and workshops.

❖ Key Functions:

COMMITTEES AND BOARDS

a) Central Scientific Committee (CSC):

The Central Scientific Committee (CSC) of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, is responsible for the scientific review and facilitation of approval for research proposals submitted by postgraduate students or those pursuing an equivalent degree, prior to the start of their research. The CSC offers expert guidance to principal investigators and supervisors, suggesting necessary amendments or improvements to the proposal before it is forwarded to the Institutional Review Board (IRB).

This process ensures that all research proposals meet the required scientific rigor and ethical standards. Applicants are informed of the date, time, and venue of the CSC meeting through both email and phone. During the meeting, the proposal is discussed in detail with the applicant, incorporating feedback from reviewers and committee members. If the proposal is deemed satisfactory, an official letter of approval is issued by Secretary CSC. The CSC plays a vital role in maintaining the integrity of postgraduate research by providing constructive feedback and ensuring that each research project is both methodologically sound and ethically compliant.

b) Institutional Review Board (IRB)

The Institutional Review Board (IRB) of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana is an independent ethics committee established to safeguard the rights, safety, and well-being of human subjects involved in research. The IRB ensures that all research conducted under the university's jurisdiction adheres to the highest ethical standards, in accordance with national and international guidelines, including the Declaration of Helsinki and Good Clinical Practice (GCP).

The IRB is responsible for the ethical review and approval of research proposals submitted by faculty, postgraduate students, and other investigators. All studies involving human participants must receive IRB approval prior to the initiation of any research activities.

Researchers are required to submit their proposals to the IRB after obtaining prior approval from the Central Scientific Committee (CSC). The IRB reviews the submitted documents, may request modifications if necessary, and issues an Ethical Approval Certificate upon satisfactory compliance with ethical guidelines. Meetings of the IRB are held every month, and applicants are informed in advance regarding the schedule. During the review process, the board may invite researchers if needed for discussion to address any ethical concerns or clarifications.

The IRB at SMBBMU plays a critical role in promoting ethical research practices, ensuring that the dignity, rights, and welfare of research participants are always protected.

c) Animal Ethical Committee (AEC)

The Animal Ethical Committee of SMBBMU Larkana is established to ensure that all research activities involving animals are conducted with the highest standards of ethics, responsibility, and scientific integrity. The committee carefully reviews and approves research proposals involving animals, ensuring that such studies are scientifically justified and that alternatives have been considered. It emphasizes the internationally accepted principles of Replacement, Reduction, and Refinement, thereby promoting minimal and humane use of animals in research.

The committee also oversees the welfare and proper management of animals within the university. This includes monitoring housing conditions, feeding, handling, veterinary care, anesthesia, post-operative management, and the use of humane methods of euthanasia when required. Regular inspections and reviews are carried out to maintain compliance with national regulations and international ethical guidelines.

Terms of References (ToRs):

- To review and approve all protocols involved in Animal Research.
- To monitor the welfare of the Animals used in Research.
- To conduct regular inspections of the facilities to ensure compliance with ethical standards and relevant laws and regulations.
- To provide guidance and support to the researchers on Animal Ethics & Welfare.
- Maintain accurate detailed records of all protocols, inspections, and committee meetings.

In addition to regulatory oversight, the Animal Ethical Committee plays a significant role in capacity building by guiding and training researchers, faculty, and staff in ethical practices related to animal research. It maintains detailed records of all approved projects and submits periodic reports to the university and relevant authorities. The committee also addresses complaints or concerns regarding animal welfare and takes corrective actions where necessary. Serving as an advisory body to the university, the Animal Ethical Committee supports SMBBMU in developing policies that uphold the highest ethical standards. By balancing the needs of scientific advancement with compassion and respect for animal life, the committee contributes to fostering a culture of humane and responsible research at the university.

2nd International Conference on Emerging Trends in Health Sciences – SDG 4 & SDG 17

SMBBMU Larkana hosted its 2nd International Conference on Emerging Trends in Health Sciences on 10–11 February 2025 at Chandka Medical College, with a special focus on “The Role of Artificial Intelligence in Health Sciences.”

Chief Guest Prof. Muhammad Iqbal Choudhary, an internationally acclaimed scientist and Presidential Award recipient, praised Pakistani youth for their potential and pledged support to establish AI and Climate Change Centres at SMBBMU.

Vice Chancellor Prof. Dr. Nusrat Shah highlighted AI’s transformative role in healthcare but emphasized that compassion and emotional intelligence remain irreplaceable. Prof. Zahida Abro called for AI centres in universities, while Dr. Mir Hassan Khoso stressed global partnerships and interdisciplinary research.

The event featured 15 international and 45+ national delegates from leading institutions in Pakistan, Malaysia, Japan, Iran, Canada, Australia, Thailand, and the Philippines. Topics included AI-driven diagnostics, medical imaging, precision medicine, drug discovery, and digital health innovations.

Plenary sessions, keynote addresses, panel discussions, research presentations, and workshops provided a platform for knowledge exchange and collaboration

2nd Undergraduate Research Conference - SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, successfully organized the 2nd Undergraduate Research Conference on 5th September 2024 at Chandka Medical College. The event was arranged by Dr. Mir Hassan Khoso, Director ORIC & Research, under the supervision of Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU.

The conference was inaugurated by the Vice Chancellor along with senior leadership and faculty members. In her address, Prof. Dr. Nusrat Shah commended the dedication of undergraduate students to research, noting their role in shaping the future of medical academia and practice. She also appreciated the efforts of Directorate of ORIC and his team for their commitment to promoting a strong research culture within the university.

A total of 27 research papers were presented by students representing all constituent colleges of SMBBMU. To recognize outstanding contributions, cash prizes of PKR 10,000 and certificates were awarded to the top ten papers by the Vice Chancellor.

The conference not only showcased the growing research capacity of undergraduate students but also reaffirmed SMBBMU's commitment to fostering academic inquiry, innovation, and scholarly excellence at the undergraduate level

3rd Annual Research Poster Competition 2025 - SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, successfully organized the **3rd Annual Research Poster Competition 2025** on 30th April 2025 at Main campus, Arija. The event was coordinated by Prof. Dr. Mir Hassan Khoso, Director ORIC. The competition was formally inaugurated by Prof. Dr. Nusrat Shah Vice Chancellor, who appreciated the efforts of students and faculty in advancing a research-driven academic culture.

This year's competition witnessed over 85 posters presented by undergraduate students from all of the constituent colleges/Institutes of SMBBMU, along with 8 posters from faculty members and postgraduate scholars of SMBBMU.

The panel of judges, including Prof. Zamir Soomro (Principal, CMC), Prof. Dr. Zahida Abro (SZABIST), Dr. Bilal Azmi (DUHS), and Dr. Mehtab Alam (University of Karachi), assessed the posters based on originality, methodology, and academic value.

The competition concluded with the Vice Chancellor awarding cash prizes of **Rs. 10,000** and certificates to the 11 best research posters, celebrating excellence and innovation in research. At the end Vice Chancellor extended gratitude to the judges, guests, and participants for their valuable contributions in making the event a success.

SMBBMU excels at 4th Sindh-HEC Research & Technology Showcase - SDG 4

Students of Shaheed Mohtarma Benazir Bhutto Medical University Larkana proudly participated in the 4th Sindh Research and Technology Showcase (SRTS) 2025, organized by the Sindh Higher Education Commission on 22–23 January 2025 at the Expo Center, Karachi.

Showcasing innovation and creativity, the students of the Institute of Pharmacy presented a range of innovative products, demonstrating the university's dedication to advancing research, technology, and entrepreneurship in the health sciences. Their display drew significant attention from visitors, including His Excellency Mr. Arie Poluzzi, Consul General of Indonesia, and several other distinguished dignitaries.

Prof. Dr. Nusrat Shah, Vice Chancellor, extended heartfelt congratulations to the Pharmacy students for their representation on such a prestigious platform. She also expressed sincere appreciation to Sindh HEC for organizing this impactful event, which continues to promote innovation, research collaboration, and academic excellence across the province.

SMBBMU Showcases Student Innovation at Sindh Startup Exhibition - SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, proudly marked a milestone achievement as its first-ever student startup was showcased at the Sindh Innovative Startup Exhibition held on 27th May 2025 at Karachi. The event was organized by the Sindh Higher Education Commission (SHEC) in collaboration with FPCCI.

The innovative project, developed by pharmacy students of SMBBMU, attracted significant attention from distinguished guests, including the Hon'ble Chief Minister Sindh, **Mr. Murad Ali Shah**, who lauded the creativity, dedication, and entrepreneurial spirit of the young innovators.

This platform not only provided SMBBMU students an opportunity to present their entrepreneurial ideas at a provincial level but also underscored the University's commitment to transforming academic research into practical, real-world solutions. Through the efforts of the Dr. Mir Hassan Khoso, Director ORIC, SMBBMU continues to foster a culture of innovation, empowering student-led start-ups.

Workshop on Artificial Intelligence in Medical Research - SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, in collaboration with Baqai Medical University, Karachi, organized a one-day workshop on ***Artificial Intelligence in Medical Research***. The event aimed to highlight the transformative role of AI in advancing healthcare research.

The workshop featured an insightful session by **Dr. Nazish Waris** from Baqai Medical University, who shared her expertise on the integration of AI technologies into medical research practices, particularly in areas such as predictive analytics and data-driven diagnostics. Simultaneously, a parallel session was held at Ghulam Muhammad Mahar Medical College (GMMMC), Sukkur, where Mr. Faizan Shah, also from Baqai Medical University, delivered an engaging presentation on AI-driven healthcare innovations, including its applications in medical imaging, early disease detection, and clinical decision support systems.

By showcasing the growing relevance of AI in healthcare, both sessions highlighted how these emerging technologies can revolutionize medical research, improve patient outcomes, and strengthen evidence-based healthcare practices.

Workshop on Streamlining Research with Mendeley - SDG 4

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, in collaboration with the Pakistan Scientific and Technological Information Centre (PASTIC) Karachi and ORIC SMBBMU organized a workshop on “Reference Management Using Mendeley Software”

The session was held under the support of Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, who emphasized the importance of adopting modern research tools to enhance academic productivity and global visibility. She also extended appreciation to the distinguished resource persons, Dr. Mariyum Ibrar, Additional Director, PASTIC Islamabad, and Ms. Afsheen, Deputy Director, PASTIC Karachi, for their valuable contributions.

The workshop witnessed active participation from over 116 faculty members and researchers, including 50 participants from GMMMC Sukkur. The training provided hands-on exposure to effective reference management, literature organization, and citation practices, reflecting SMBBMU's commitment to strengthening research capacity, academic excellence, and scholarly output.

Research Presented on Cerebral Palsy at IPRS, SMBBMU-SDG 3

Dr. Bakhtawar Samejo presented the cutting-edge research at the Institute of Physiotherapy & Rehabilitation Sciences (IPRS), where She showcased her study on the Comparison of Balance Board Therapy and Perceptual Motor Therapy in children with cerebral palsy.

The research focused on evaluating effective therapeutic interventions to improve motor skills, balance, and overall functional abilities in children affected by cerebral palsy. The presentation provided valuable insights for physiotherapy students and faculty, fostering evidence-based practice and innovative approaches in pediatric rehabilitation.

Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, lauded Dr. Samejo's work, emphasizing the importance of research-driven therapy, clinical innovation, and the development of future leaders in physiotherapy. The event reflects IRRS's commitment to promoting high-quality research and practical learning in Physiotherapy and rehabilitation sciences.

Workshop on Practical Guide to Writing Winning Research Grants - SDG 4

The Directorate of ORIC at Shaheed Mohtarma Benazir Bhutto Medical University, organized a faculty development workshop. The resource Person of the workshop was Prof. Dr. Lubna Ansari Baig from University of Lahore, an esteemed academician and seasoned researcher in grant writing and capacity building.

The workshop provided faculty members with essential skills and practical strategies for developing competitive research grant proposals and aligning research objectives with funding priorities. Participants were guided on crafting compelling proposals, identifying suitable national and international funding agencies, and ensuring compliance with donor requirements.

Emphasis was also placed on the wider benefits of research grants, not only in providing critical funding for innovative projects but also in enhancing the visibility and credibility of both scholars and the institution. Successful grant writing empowers faculty to undertake impactful research. For the University, it strengthens institutional research capacity, attracts global partnerships, and enhances its reputation.

This initiative reflects SMBBMU's strong commitment to cultivating a research-oriented culture, equipping its faculty with the expertise to secure external funding, and positioning the University at the forefront of innovation and academic excellence.

9th (Two days) Paediatric Conference November 2024 –SDG 3 & SDG 4

The Department of Paediatrics, CMC at SMBBMU, organized the 9th Annual Two-Day Paediatric Conference. The conference, centered on the theme “**Nurturing and Growth of Children,**” focused on critical areas including newborn survival and Kangaroo Mother Care (KMC).

Renowned pediatric experts from Aga Khan University, Dow University of Health Sciences, Indus Hospital Karachi, LUMHS Jamshoro, PUMHS Nawabshah, Khairpur Medical College, and Gambat Institute of Medical Sciences shared valuable insights and latest advancements.

In her address, the Honourable Vice Chancellor, SMBBMU, underscored the urgent need to implement WHO/UNICEF evidence-based strategies to reduce under-five and neonatal mortality rates in Pakistan.

The event reaffirmed SMBBMU’s commitment to advancing child health, neonatal care, and pediatric education through evidence-based practices and academic collaboration.

Journal Shaheed Mohtarma Benazir Bhutto Medical University JSMBBMU

JSMBBMU is the official journal of Shaheed Mohtarma Benazir Bhutto Medical University, Larkana. This is open access, peer-reviewed, quarterly journal and providing authors with continuous publication of original research across a broad spectrum of medical scientific disciplines and sub-specialties. The JSMBBMU review process emphasizes the scientific, technical and ethical validity of submissions. Novelty or potential for impact are not considered during the manuscript's evaluation or adjudication. The Journal aims to provide an accessible, authentic, and ethical forum for the local and international researchers and scholars to share their valuable research work. Besides, the Journal will also provide an important platform for the medical students across the world to share their research work and get authentic review from the experts in the field. The Journal accepts all medical and allied sciences’ original research work, review articles, case reports, and letter to editor. The Journal will welcome the researchers from both, the clinical as well as basic medical sciences, dentistry, Pharmaceutical sciences, community health sciences, nursing, physiotherapy, and so on. The qualitative and quantitative research work from the field of medical education will also be accepted. The Journal re-affirms its policies and aims to contribute positively and strongly to the culture of publication ethics.

Policies:

The JSMBBMU adheres to the criteria set by the International Committee of Medical Journal Editors (ICMJE). Authorship should be based on substantial contributions to the study, not just funding acquisition or data collection. Contributors must take public responsibility for their portions of the content. The order of contributors should reflect their relative contribution and cannot be changed after submission without all contributors' consent.

Type of manuscript accepted:

The Journal accepts the original scholarly work done in all fields of Health and Allied Sciences, and Medical Education. This may be in the form of original articles, review articles, trials, case reports, editorials, letter to editor, short communication, and so on.

Editorial Board:

LIST OF PUBLICATIONS

<u>S.NO</u>	Author(s) name as it appears in research paper	Title of Research Paper	Name of Journal	Year
1.	DR.Majida Ali	Preeclampsia: A comprehensive review	Clinica Chimica Acta	2024
2.	Dr. Sarmad Jamal Siddiqui	Hormonal Changes during the Menstrual Cycle and Their Effects on Hematological Parameters in Women with Iron-Deficiency Anemia	African Journal of Biomedical Research,	2024
3.	Dr. Shazia Ahmed Jatoi	Exploring The Effects Of Growth Hormone On Sleep-Wake Patterns And Its Impact On Reproductive Health In Women	Journal of Population Therapeutics & Clinical Pharmacology	2024
4.	Dr. Abdul Rahman Soomro	A Rare Presentation Of Brain Cystic Disease Linked With Ectodermal Dysplasia (Cerebral Dysplasia (Cerebrum Polycystica Vera): A Novel Neurocutaneous Syndrome	The Pakistan Journal of Neurological Science	2024
5.	Dr. Riaz Hussain Mangrio	Frequency of Post-URS Urosepsis in Patients with Ureteric Stone	Med. Forum	2024
6.	DR.Jagdeesh	Role of bone scan for investigation of breast cancer and its applicability in future management.	The Professional Medical Journal	2024
7.	Dr. Abdul Qadir Baloch	Age-stratified mosaic of neuropathies: a comprehensive analysis of the prevalence and patterns in different age groups	The Pakistan Journal of Neurological Science	2024
8.	DR.Nazakat Hussain Memon,	Diabetes in the Pathogenesis of Periapical Lesions.	Journal of Health and Rehabilitation Research	2024
9.	ZOYA	Fetal Outcome Of Pregnancy With Preterm Premature Rupture Of Membrane At Shaikh Zaid Women Hospital, Larkana Sindh	Biological and Clinical Sciences Research Journal	2024

10.	Shafi Muhammad Wassan	Knowledge of Osteoporosis Prevention among Community Health Workers of National Program for Family Planning and Primary Healthcare	Journal of Saidu Medical College Swat	2024
11.	DR.Nazakat Hussain Memon	Bioinspired cellular membrane vesicles derived from bacterial and erythrocyte ghosts: Development and applications as a smart drug delivery system.,	Nano LIFE, SCIE	2024
12.	DR.Abdul Sami Mirani	Role of bone scan for investigation of breast cancer and its applicability in future management.	The Professional Medical Journal	2024
13.	Dr. Sonia Bai	Exploring The Effects Of Growth Hormone On Sleep-Wake Patterns And Its Impact On Reproductive Health In Women	Journal of Population Therapeutics & Clinical Pharmacology	2024
14.	Shafi Muhammad Wassan	Exploring Hypertension Knowledge and Identifying Determinants of Inadequate Knowledge Among Non-Hypertensive Adult Pakistanis	PAKISTAN JOURNAL OF HEALTH SCIENCES	2024
15.	Shafi Muhammad Wassan	Economic Evaluation of Public Healthcare Promotion Programs	Journal of Xi'an Shiyou University, Natural Science Edition	2024
16.	MR. Saif-Ullah ,,	Knowledge Regarding Needle Stick Injury Among Nurses of Tertiary Care Hospitals of Lahore	Nursesearcher	2024
17.	Dr.Sana Ghous	A Rare Presentation Of Brain Cystic Disease Linked With Ectodermal Dysplasia (Cerebral Dysplasia (Cerebrum Polycystica Vera): A Novel Neurocutaneous Syndrome	The Pakistan Journal of Neurological Science	2024
18.	Asghar Ali Memon	Contributory factors leading to Biochemical change in children suffering from Nutritional rickets.	Journal of Muhammad Medical College	2024
19.	DR.Nazakat Hussain Memon3	Heavy Metal Concentrations in Water, Sediment, and Fish Species in Chashma Barrage, Indus River: A Comprehensive Health Risk Assessment.	Biological Trace Element Research,	2024
20.	DR. Fozia Chandio	Preeclampsia: A comprehensive review	Clinica Chimica Acta	2024

21.	Dr. Om Parkash	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Med. Forum	2024
22.	DR.Majid Abbasi, Ali	Diabetes in the Pathogenesis of Periapical Lesions.	Journal of Health and Rehabilitation Research	2024
23.	ZAINAB	Fetal Outcome Of Pregnancy With Preterm Premature Rapture Of Membrane At Shaikh Zaid Women Hospital, Larkana Sindh	Biological and Clinical Sciences Research Journal	2024
24.	Dr.Anjlee Shankar	A rare presentation of brain cystic disease linked with ectodermal dysplasia (ceroderma dysplasia (cerebrum polycystica v cystica vera): a novel neurocutaneous syndrome	The Pakistan Journal of Neurological Science	2024
25.	Nazia Zahid	Comparison of Conservative vs Surgical Management of Uterine Prolapse in Elderly Women	African Journal of Biological Sciences	2024
26.	Dr. Sarmad Jamal Siddiqui	Exploring The Effects Of Growth Hormone On Sleep-Wake Patterns And Its Impact On Reproductive Health In Women	Journal of Population Therapeutics & Clinical Pharmacology	2024
27.	Dr. Tahira Maqsood	Age-stratified mosaic of neuropathies: a comprehensive analysis of the prevalence and patterns in different age groups	The Pakistan Journal of Neurological Science	2024
28.	DR.Quratulain Shaikh a	Preeclampsia: A comprehensive review	Clinica Chimica Acta	2024
29.	DR. 4Ali Hyder	Knowledge Regarding Needle Stick Injury Among Nurses of Tertiary Care Hospitals of Lahore	Nursearcher	2024
30.	Shafi Muhammad Wassan	Evaluation of Relationship between Neutrophil to Lymphocyte Ratio and Rheumatoid Arthritis Severity	PAKISTAN JOURNAL OF HEALTH SCIENCES	2024
31.	Nazimuddin	Prevalence and Patterns of Electrolyte Imbalance in Children Diagnosed with Acute Severe Malnutrition at a Nutritional Stabilization Center	PAKISTAN JOURNAL OF HEALTH SCIENCES	2024
32.	Dr. Lubna Naz	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Med. Forum	2024
33.	DR.Azhar Shah Ali	Role of bone scan for investigation of breast cancer and	The Professional Medical Journal	2024

		its applicability in future management.		
34.	MR., Saif Ullah	Perception of Student Nurses about their Clinical Learning Environment at Shaukat Khanum Memorial Cancer Hospital and Research Center Lahore	Nursesearcher	2024
35.	Dr Muhammad Din Sohu	PITUITARY ADENOMAS EVALUATION USING MAGNETIC RESONANCE IMAGING: A SINGLE-CENTER OBSERVATIONAL STUDY	Journal of Population Therapeutics and Clinical Pharmacology	2024
36.	DR.Bushra Shaikh	Role of bone scan for investigation of breast cancer and its applicability in future management.	The Professional Medical Journal	2024
37.	Dr. Saeed Ahmed Shaikh,	Outcomes of nasal prongs in infants with respiratory distress”	Journal of Population Therapeutics and Clinical Pharmacology	2024
38.	DR.Ali Hyder,	Prevalence of Diabetes Mellitus in Lean Population with Non-Alcoholic Fatty Liver Disease	Journal of Health and Rehabilitation Research	2024
39.	DR.Ali Hyder,	Determination of the Frequency of Celiac Disease in Patients Presenting With Chronic Diarrhea	Cureus	2024
40.	DR. Ali Hyder,	Cytomegalovirus-Associated Colitis as a Cause of Lower Gastrointestinal Bleeding in Kidney Transplant Recipients: A Single-Centered Study.	Cureus	2024
41.	Mr.Nazeer Ali Buriro,	Navigating the Frontlines: Inside dynamics of nursing in Khyber Pakhtunkhwa's tertiary care hospitals	Rawal Medical Journal:	2024
42.	Dr Kailash Kumar Daseja	Pituitary Adenomas Evaluation Using Magnetic Resonance Imaging: A Single-Center Observational Study	Journal of Population Therapeutics and Clinical Pharmacology	2024
43.	Dr. Suhail Aman Jokhio	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Med. Forum	2024

44.	DR. Waheed Murad Dahri⁴,	Impact of acidic beverages on composition and surface characteristics of human teeth: scanning electron microscopic, stereomicroscopic and energy dispersive x-ray analyses	BMC Oral Health	2024
45.	Dr. Lubna Naz	exploring the effects of growth hormone on sleep-wake patterns and its impact on reproductive health in women	Journal of Population Therapeutics & Clinical Pharmacology	2024
46.	Dr. Shankar Lal	Outcomes Of Nasal Prongs In Infants With Respiratory Distress”	Journal of Population Therapeutics and Clinical Pharmacology	2024
47.	DR. Abdul Bari Memon^{2*},	Effect of Sodium Hypochlorite and Glutaraldehyde on Hardness of Calcium Sulphate Hemihydrate	Pakistan Journal of Health Sciences,	2024
48.	Dr.Ali Hyder	Perception of Student Nurses about their Clinical Learning Environment at Shaukat Khanum Memorial Cancer Hospital and Research Center Lahore	Nursearcher	2024
49.	DR. Saeed Ahmed Shaikh	Navigating the Frontlines: Inside dynamics of nursing in Khyber Pakhtunkhwa's tertiary care hospitals	Rawal Medical Journal:	2024
50.	DR. Ghazanfar Ali Bhehar⁶	Effect of Sodium Hypochlorite and Glutaraldehyde on Hardness of Calcium Sulphate Hemihydrate	Pakistan Journal of Health Sciences,	2024
51.	Dr.Ali Hyder	Prevalence of Diabetes Mellitus in Lean Population with Non-Alcoholic Fatty Liver Disease	Journal of Health and Rehabilitation Research	2024
52.	Dr. Abdul Rehman Shaikh³,	Outcomes of nasal prongs in infants with respiratory distress”	Journal of Population Therapeutics and Clinical Pharmacology	2024
53.	Dr. Sana Ghous	Beyond The Mosquit ond The Mosquito Sting: Guillain-Barr o Sting: Guillain-Barre Syndr e Syndrome Following ollowing Malarial Seasonal Surge	The Pakistan Journal of Neurological Science	2024

54.	Dr Waheed Murad	The Role of Oral Biology in Malocclusion and Its Effects on Oral Health-Related Quality of Life: A Cross-Sectional Study	African Journal of Biomedical Research,	2024
55.	Dr. Saif-Ullah	Perception of Student Nurses about their Clinical Learning Environment at Shaukat Khanum Memorial Cancer Hospital and Research Center Lahore	Nursesearcher	2024
56.	Dr Shabir Ahmed	Influence of flexible rpds on patient aesthetics and comfort	Journal of Population Therapeutics & Clinical Pharmacology	2024
57.	Dr. Abu Bakar Shaikh	Beyond The Mosquit ond The Mosquito Sting: Guillain-Barr o Sting: Guillain-Barre Syndr e Syndrome Following ollowing Malarial Seasonal Surge	The Pakistan Journal of Neurological Science	2024
58.	Dr. Muhammad Zeb Tunio	Efficacy Comparison of Low Level Laser Treatment with Muscle Energy Procedure Among Diabetic Patients Suffering from Frozen Shoulder	Pakistan Journal of Health Sciences	2024
59.	DR. Vijia Kumar Gemnani 4,	Outcomes of nasal prongs in infants with respiratory distress”	Journal of Population Therapeutics and Clinical Pharmacology	2024
60.	Dr. Sajjad Hussain Jalbani	Beyond The Mosquit ond The Mosquito Sting: Guillain-Barr o Sting: Guillain-Barre Syndr e Syndrome Following ollowing Malarial Seasonal Surge	The Pakistan Journal of Neurological Science	2024
61.	Dr. Alam Ibrahim Siddiqui	Hurdles In Diagnosis Of F dles In Diagnosis Of Familial Amy amilial Amyotrophic Later ophic Lateral Scler al Sclerosis With Anticipation Catastrophe Across Three Generations: A Case Report	The Pakistan Journal of Neurological Science	2024
62.	Dr.Anjlee Shankar	Age-stratified mosaic of neuropathies: a comprehensive analysis of the prevalence and patterns in different age groups	The Pakistan Journal of Neurological Science	2024

63.	Dr Sandeep Kumar	Influence of flexible rpds on patient aesthetics and comfort	Journal of Population Therapeutics & Clinical Pharmacology	2024
64.	Dr. Asif Ali	A Rare Presentation Of Brain Cystic Disease Linked With Ectodermal Dysplasia (Cerodermal Dysplasia (Cerebrum Polycystica Vera): A Novel Neurocutaneous Syndrome	The Pakistan Journal of Neurological Science	2024
65.	Dr. Irfan Shaikh	Comparative effects of liraglutide doses with and without exercise on glycemic control and lipid profiles: A Randomized Controlled Trial.	International Journal of Endorsing Health Science Research	2024
66.	Dr. Alam Ibrahim Siddiqui	Beyond The Mosquit and The Mosquito Sting: Guillain-Barre Syndrome Following Malarial Seasonal Surge	The Pakistan Journal of Neurological Science	2024
67.	Dr Fozia Shaikh	Hormonal Changes during the Menstrual Cycle and Their Effects on Hematological Parameters in Women with Iron-Deficiency Anemia	African Journal of Biomedical Research,	2024
68.	Dr Daulat Ram	Pituitary adenomas evaluation using magnetic resonance imaging: a single-center observational study	Journal of Population Therapeutics and Clinical Pharmacology	2024
69.	Dr. Kaleemullah Abro	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Med. Forum	2024
70.	Dr. Nazimuddin	Prevalence and Patterns of Electrolyte Imbalance in Children Diagnosed with Acute Severe Malnutrition at a Nutritional Stabilization Center	Pakistan Journal of Health Sciences,	2024
71.	Dr. Abdul Rahman Soomro	Beyond The Mosquit and The Mosquito Sting: Guillain-Barre Syndrome Following Malarial Seasonal Surge	The Pakistan Journal of Neurological Science	2024
72.	Dr. Muhammad Ali Naper	Intraoperative Use of Methylene Blue for Sentinel Lymph Node Detection in Breast Cancer Surgery: A Prospective Study	Journal of Neonatal Surgery	2024

73.	Dr. Muhammad Umair Farooqui	Prevalence of drug adherence among tuberculosis patients along with comorbidities at Sindh Hospital Larkana, Sindh	The Research of Medical Science Review	2024
74.	Dr. Sonia Gul Qureshi	Exploring the effects of growth hormone on sleep-wake patterns and its impact on reproductive health in women	Journal of Population Therapeutics & Clinical Pharmacology	2024
75.	Dr. Syed Yuosif Ali Shah	Healing Time Comparison between Immediate and Delayed Dental Implants	Journal of Population Therapeutics & Clinical Pharmacology	2024
76.	Dr. Rashid Iqbal	The Role of Oral Biology in Malocclusion and Its Effects on Oral Health-Related Quality of Life: A Cross-Sectional Study	African Journal of Biomedical Research,	2024
77.	Riaz Hussain Mangrio	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Medical Forum Monthly	2024
78.	Om Parkash2	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Medical Forum Monthly	2024
79.	Dr. Fouzia Shaikh	Exploring the effects of growth hormone on sleep-wake patterns and its impact on reproductive health in women	Journal of Population Therapeutics & Clinical Pharmacology	2024
80.	Lubna Naz	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Medical Forum Monthly	2024
81.	DR. Faisal Saifullah Jamro	Outcomes of nasal prongs in infants with respiratory distress”	Journal of Population Therapeutics and Clinical Pharmacology	2024
82.	Suhail Aman Jokhio3	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Medical Forum Monthly	2024
83.	Kaleemullah Abro	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Medical Forum Monthly	2024
84.	Ghulam Abass Qadri	Evaluation of Restless Leg Syndrome in Patients with Non-Dialysis Dependent Chronic Kidney Disease at Fatima Memorial Hospital Lahore: A Cross-sectional Study	Life & Science	2024

85.	Ghulam Serwar Shaikh	The Effectiveness of Azithromycin versus Cefixime in the Treatment of Typhoid Fever in Children	Pakistan Journal of Health Sciences,	2024
86.	Ghulam Serwar Sheikh	Career Decision Making, A Question for Young Medical Undergraduates: A Study at Government Medical College	ESCULAPIO .Journal of Services Institute of Medical Sciences	2024
87.	Ghulam Serwar Sheikh	Evaluation of lead exposure effects on tissue accumulation, behavior, morphological and hemato-biochemical changes in common carp, Cyprinus carpio	Journal of Trace Elements in Medicine and Biology	2024
88.	Shafi Muhammad Wassan	Eco-Friendliness and Cost-Effectiveness of Reusable Sanitary Pads for Rural Women: A Model for Menstrual Hygiene Management in Low Resource Settings	Bangladesh Journal of Medical Science	2024
89.	Ajet Kumar	Exploring the Anti-Obesity Effects of Prebiotics and Probiotics in Rats; An Experimental Study	Pakistan Journal of Medicine and Dentistry	2024
90.	Dr. Ishmatullah Qureshi	Healing Time Comparison between Immediate and Delayed Dental Implants	Journal of Population Therapeutics & Clinical Pharmacology	2024
91.	Dr Vinay Kumar Gemnani	role of bone scan for investigation of breast cancer and its applicability in future management.	Journal of Population Therapeutics and Clinical Pharmacology	2024
92.	KHOKHAR N	Fetal outcome of pregnancy with preterm premature rupture of membrane at shaikh zaid women hospital, larkana sindh	Biological and Clinical Sciences Research Journal	2024
93.	Dr. Shabana Bano Soomro	Comparison of Conservative vs Surgical Management of Uterine Prolapse in Elderly Women	African Journal of Biological Sciences	2024
94.	DR.Parkash Lal	Role of bone scan for investigation of breast cancer and its applicability in future management.	The Professional Medical Journal	2024
95.	DR.Ali Hyder	Perception of Student Nurses about their Clinical Learning Environment at Shaukat Khanum Memorial	Nursesearcher	2024

		Cancer Hospital and Research Center Lahore		
96.	Dr Mohammad Ali Naper	Pituitary adenomas evaluation using magnetic resonance imaging: a single-center observational study	Journal of Population Therapeutics and Clinical Pharmacology	2024
97.	Dr Khurram Soomro	Outcomes of nasal prongs in infants with respiratory distress”	Journal of Population Therapeutics and Clinical Pharmacology	2024
98.	Dr. Shahzeen Fatima Hussaini	Hormonal Changes during the Menstrual Cycle and Their Effects on Hematological Parameters in Women with Iron-Deficiency Anemia	African Journal of Biomedical Research,	2024
99.	DR. Irfan Ahmed Shaikh2	Effect of Sodium Hypochlorite and Glutaraldehyde on Hardness of Calcium Sulphate Hemihydrate	Pakistan Journal of Health Sciences,	2024
100.	Dr.Sana Ghous	Age-stratified mosaic of neuropathies: a comprehensive analysis of the prevalence and patterns in different age groups	The Pakistan Journal of Neurological Science	2024
101.	Dr.Sana Ghous	Hurdles In Diagnosis Of F dles In Diagnosis Of Familial Amy amilial Amyotrophic Later ophic Lateral Scler al Sclerosis With Anticipation Catastrophe Across Three Generations: A Case Report	The Pakistan Journal of Neurological Science	2024
102.	Dr. Alam Ibrahim Siddiqui	A Rare Presentation Of Brain Cystic Disease Linked With Ectodermal Dysplasia (Cer odermal Dysplasia (Cerebrum P ebrum Polycystica V cystica Vera): A No a): A Novel Neurocutaneous Syndrome	The Pakistan Journal of Neurological Science	2024
103.	Dr Shazia Ahmed Jatoi	Hormonal Changes during the Menstrual Cycle and Their Effects on Hematological Parameters in Women with Iron-Deficiency Anemia	African Journal of Biomedical Research,	2024

104.	Dr. Khubchand Rohra	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Med. Forum	2024
105.	Shabnam Naz	Fetal outcome of pregnancy with preterm premature rapture of membrane at shaikh zaid women hospital, larkana sindh	Biological and Clinical Sciences Research Journal	2024
106.	Dr. Syed Yuosif Ali Shah	The Role of Oral Biology in Malocclusion and Its Effects on Oral Health-Related Quality of Life: A Cross-Sectional Study	African Journal of Biomedical Research,	2024
107.	Dr. Hazooran Lakhan	Comparison of Conservative vs Surgical Management of Uterine Prolapse in Elderly Women	African Journal of Biological Sciences	2024
108.	Shabana Bano Soomro	Fetal Outcome of Pregnancy With Preterm Premature Rapture of Membrane at Shaikh Zaid Women Hospital, Larkana Sindh	Biological and Clinical Sciences Research Journal	2024
109.	Khubchand Rohra	Frequency of Post-URS Urosepsis in Patients with Uretric Stone	Medical Forum Monthly	2024
110.	PARAS	Fetal Outcome Of Pregnancy With Preterm Premature Rapture Of Membrane At Shaikh Zaid Women Hospital, Larkana Sindh	Biological and Clinical Sciences Research Journal	2024
111.	Vinesh Rathore	Exploring Narcissistic Personality Traits Among Medical Students: A Cross-Sectional Study Using the NPI-16 Scale	Journal of Health, Wellness and Community Research	2025
112.	Dr. Zeeshan Ali Memon,	Frequency and Pattern of Congenital Heart Disease in Term Neonates Presentingin Respiratory Distress at Tertiary Care Hospital, Larkana	PAKISTAN JOURNAL OFHEALTH SCIENCES	2025
113.	Kaleemullah Abro	Incidence and Clinical Patterns of Leprosy in Interior Sindh; Retrospective Study	Medical Forum Monthly	2025
114.	Vijia Kumar Gemnani	Weight Gain in Severe Acute Malnutrition Children after Discharge from CMC Children's Hospital Larkana Followed-Up for Two Months	PAKISTAN JOURNAL OFHEALTH SCIENCES	2025
115.	Vijia Kumar Gemnani	Incidence and Clinical Patterns of Leprosy in Interior Sindh; Retrospective Study	Medical Forum Monthly	2025

116.	Shafi Muhammad Wassan	Advancements in Early Diagnosis and Personalized Treatment Strategies for Skin Diseases: A Meta-Analysis of Interdisciplinary Approaches Combining Dermatology, Genetics, and Immunology	Journal of BioMed Research and Reports	2025
117.	Shafi Muhammad Wassan	Advancements in Early Diagnosis and Personalized Treatment Strategies for Skin Diseases: A Meta-Analysis of Interdisciplinary Approaches Combining Dermatology, Genetics, and Immunology	World Journal of Clinical Dermatology	2025
118.	Saifullah Jamaro	Weight Gain in Severe Acute Malnutrition Children after Discharge from CMC Children's Hospital Larkana Followed-Up for Two Months	Pakistan journal of health sciences	2025
119.	Safiullah Sohu	Comparison of stone clearance in upper ureteric stone with use of cone versus dormia basket during semirigid ureteroscopy with pneumatic lithoclast	Rawal Medical Journal:	2025
120.	Om Parkash	Incidence and Clinical Patterns of Leprosy in Interior Sindh; Retrospective Study	Medical Forum Monthly	2025
121.	Nazeer Ali Buriro	Navigating Clinical Practice: A Qualitative Exploration of Nursing Students' Experiences and Challenges	Journal of Biological and Allied Health Sciences	2025
122.	Muskan Brohi	Exploring Narcissistic Personality Traits Among Medical Students: A Cross-Sectional Study Using the NPI-16 Scale	Journal of Health, Wellness and Community Research	2025
123.	Muharram Ali	Association of Glycated Hemoglobin Level and Postoperative Complications in General Surgical Procedures	Journal of Neonatal Surgery	2025
124.	Muhammad Imran Soomro	Comparison of stone clearance in upper ureteric stone with use of cone versus dormia basket during semirigid ureteroscopy with pneumatic lithoclast	Rawal Medical Journal:	2025
125.	Mir Hassan Khoso	Training On Food Packaging For Msmes Senden Village Trenggalek By Unair Team & Partner Universities	Jurnal Layanan Masyarakat (Journal of Public Services)	2025

126.	Jaikishan	Incidence and Clinical Patterns of Leprosy in Interior Sindh; Retrospective Study	Medical Forum Monthly	2025
127.	Humera Shaikh	Comparison of stone clearance in upper ureteric stone with use of cone versus dormia basket during semirigid ureteroscopy with pneumatic lithoclast	Rawal Medical Journal:	2025
128.	Duaa Noor	Exploring Narcissistic Personality Traits Among Medical Students: A Cross-Sectional Study Using the NPI-16 Scale	Journal of Health, Wellness and Community Research	2025
129.	Dr. Zainab Ayoub	Frequency and Pattern of Congenital Heart Disease in Term Neonates Presenting in Respiratory Distress at Tertiary Care Hospital, Larkana	Pakistan journal of health sciences	2025
130.	Dr. Waseem Abass	Mental Health Burden in Higher Education: Exploring the Impact of Bullying, Social Support, and Happiness on Psychological Distress and Suicidal Ideation in Pakistani Students	Indus Journal of Bioscience Research	2025
131.	Dr. Waseem Abass	Social Media and Mental Health: Understanding the Association between SNS Addiction and Depression in Students	Indus Journal of Bioscience Research	2025
132.	Dr. Wafa Zainab	Impact of Home-Based Rehabilitation Programs on Stroke Survivors in Rural Areas of Sindh	Journal of Health, Wellness and Community Research	2025
133.	Dr. Vinay Kumar Jesrani	Antibiotics Resistance Pattern In Malnourished Children Suffering From Acute Severe Bacterial Infections At Cmc Children's Hospital, Larkana	Insights-Journal of Health and Rehabilitation	2025
134.	Dr. Vinay Kumar	Assessment of Metal Accumulation in Medicinal Plants and Their Soil in District Kamber-Shahdadkot, Sindh, Pakistan	Sustainable Chemical Engineering	2025
135.	Dr. Vija Kumar Gemnani	Patterns of Asthma Control among Asthmatic Patients Presenting at Tertiary Care Hospital, Larkana	Pakistan journal of health sciences	2025
136.	Dr. Vija Kumar Gemnani	Frequency of Urinary Tract Infections and Their Antibacterial Susceptibility among Chronic Kidney Disease Patients Undergoing Hemodialysis	Journal of Liaquat University of Medical & Health Sciences	2025
137.	Dr. Vija Kumar Gemnani	Weight Gain in Severe Acute Malnutrition Children after	Pakistan journal of health sciences	2025

		Discharge from CMC Children's Hospital Larkana Followed-Up for Two Months		
138.	Dr. Vijia Kumar	IMNCI Classification of Neonatal Jaundice and Its Relation to Cause of Jaundice at Neonatology Unit, CMC-SMBBMU Larkana	Pakistan journal of health sciences	2025
139.	Dr. Vijia Kumar Gemnani	Incidence and Clinical Patterns of Leprosy in Interior Sindh; Retrospective Study	Med. Forum	2025
140.	Dr. Vijay Kumar Gemnan	Frequency and Pattern of Congenital Heart Disease in Term Neonates Presenting in Respiratory Distress at Tertiary Care Hospital, Larkana	Pakistan journal of health sciences	2025
141.	Dr. Umair Farooqi	XDR and MDR S. Typhi: An investigation of prevalence and risk factors	Rawal Medical Journal:	2025
142.	Dr. Umair Farooqi	Impact of digital health interventions on drug compliance and outcomes among asthmatic children in pakistan	Frontier in Medical & Health Research	2025
143.	Dr. Tahira Maqsood	Frequency and factors associated with cognitive and anxiety-Depressive disorders in patients with motor neuron disease	The Research of Medical Science Review	2025
144.	Dr. Syed Yuosif Ali Shah	Integration Of Restorative, Endodontic, And Implant Therapy In The Management Of Severe Tooth Wear And Pulpal Disease	Journal of Population Therapeutics & Clinical Pharmacology	2025

3.2 Strengthening Campus Facilities and Infrastructure

Repair & Renovation of Central Library & Admin Block at CMC

During the reporting year, Shaheed Mohtarma Benazir Bhutto Medical University, Larkana, undertook a series of repair and renovation projects to uplift its facilities and provide a more conducive environment for learning for the students of SMBBMU. These initiatives reflect the university's commitment to improving infrastructure in line with its academic goals.

The projects included the renovation of the Central Library, which had sustained damage during the recent torrential rains. The facilities were repaired and upgraded with improved seating, lighting, and study spaces, creating an academic-friendly environment for students. These enhancements ensure better access to knowledge.

The administration building of Chandka Medical College underwent comprehensive waterproofing and safeguarding vital administrative spaces and ensuring sustainability of the infrastructure. Simultaneously, the front lobby and corridors were renovated to provide a welcoming and professional environment for visitors, staff, and students, enhancing the overall aesthetic and appeal.

Vice Chancellor Inaugurates Library for Postgraduate Students at Paediatrics Unit-III

In January 2025, Prof. Dr. Nusrat Shah, Vice Chancellor of Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, inaugurated a dedicated library for postgraduate students at Paediatrics Unit-III. The new facility provides enhanced academic resources, study spaces, and reference materials to support advanced learning and research for postgraduate medical students.

The inauguration highlights SMBBMU's commitment to strengthening educational infrastructure and creating a conducive environment for academic excellence, research, and professional development in paediatrics and related medical fields.

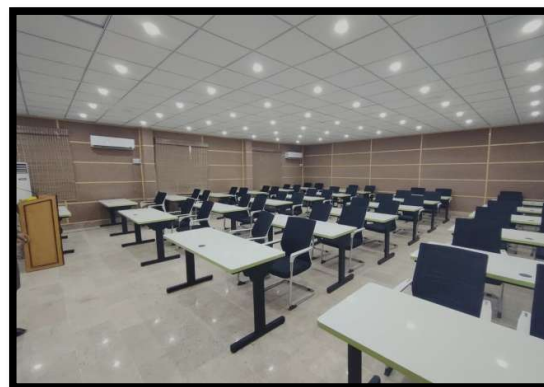

Establishment of Smart Class Room at BADC

SMBBMU established a state-of-the-art Smart Classroom at Bibi Aseefa Dental College (BADC) to modernize teaching and learning facilities. The newly developed space covers a total area of 1,050 sq. ft. and is designed to accommodate 50 participants at a time.

The facility has been equipped with modern electrification, ergonomic furniture, and fixtures, ensuring a comfortable and distraction-free learning environment. The Smart Classroom is integrated with advanced digital teaching Equipment that enhance interactive learning, encourage student participation, and facilitate innovative teaching methodologies.

This initiative provides significant benefits for both faculty and students. It enables the delivery of interactive lectures, workshops, seminars, and online sessions with greater efficiency, supporting blended education. The digital infrastructure also allows the students and faculty to incorporate real-time access to global knowledge resources.

By establishing this Smart Classroom, SMBBMU has taken another step forward in aligning its academic environment with international standards, ensuring that its graduates remain competitive, innovative, and well-prepared.

SMBBMU Optimizes its Land for Sustainable Development

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana has taken a significant step toward self-sustainability and revenue generation under the leadership of Vice Chancellor Prof. Dr. Nusrat Shah.

A sustainable plan was developed to utilize previously vacant university land by demarcating it into three equal plots. One plot has been given on rent to Bank Alfalah Ltd., while discussions are ongoing with other banks, businesses etc for the remaining spaces. It was presented in an Investment management Committee for revenue generation where Mr. Altamash Sheeraz Soomro, PPLO, Presented a proposal to provide the university with a steady rental income, supporting self-generated funds and contributing to the institution's development initiatives.

This project reflects SMBBMU's commitment to innovative resource management and financial sustainability while ensuring optimal use of its assets.

Dead University Bus Given a New Life

Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) Larkana celebrated a remarkable achievement as Vice Chancellor Prof. Dr. Nusrat Shah inaugurated the newly restored university bus, which had been completely burnt and left unused for the past 10 years.

Prof. Shah applauded the exceptional dedication of Mr. Jibran Zafar Pirzado, Transport Officer SMBBMU, for bringing the bus back to life through his consistent and meticulous efforts. She described the restoration as “nothing short of a miracle,” noting that the completely damaged bus now looks brand new and will significantly support the university’s limited transportation resources.

To mark the occasion, the Vice Chancellor, accompanied by Mr. Pirzado, university officers, and bus drivers, took the bus for a celebratory drive around Larkana, highlighting SMBBMU’s commitment to enhancing campus facilities and addressing students’ transportation needs.

HEC's Monitoring Team Visit SMBBMU for PSDP Projects

A monitoring team from the Higher Education Commission (HEC), Islamabad, visited Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU), Larkana, on 18th April 2025 to review the progress of ongoing Public Sector Development Programme (PSDP) projects.

The HEC monitoring team held detailed meetings with the Project Director (PD) and engineering staff, reviewing project timelines and financial utilization. Site visits were also carried out to check the quality of construction and infrastructure development of the PSDP projects.

During the visit, the monitoring team commended the Vice Chancellor, SMBBMU, for her commitment to transparency, quality work, and timely progress despite challenges. The team also provided constructive feedback and technical guidance to further accelerate project execution in line with PSDP requirements.

Prof. Dr. Nusrat Shah, Vice Chancellor SMBBMU, reiterated the university's dedication to the efficient and accountable use of public funds, emphasizing that these projects will play a transformative role in improving the learning environment, research opportunities, and services for students and faculty.

The monitoring visit reaffirmed the strong collaboration between HEC and SMBBMU, ensuring that development projects not only meet compliance standards but also contribute meaningfully to the university's vision of academic excellence

CHAPTER 4

Financial Year 2024-25

SMBBMU Achieves a Historic Milestone in Financial Transformation

Under the visionary leadership of Honourable Vice Chancellor Prof. Dr. Nusrat Shah, Shaheed Mohtarma Benazir Bhutto Medical University (SMBBMU) has achieved a landmark financial transformation, presenting its first-ever surplus budget for FY 2025–26 at the 18th Finance & Planning Committee meeting.

Key Financial Highlights:

- ❖ Historic Conversion: Turnaround of a Rs. 451.718 million deficit into a Rs. 484.600 million surplus for FY 2024–25.
- ❖ First-Time Achievement: Budget estimates for FY 2025–26 also presented in surplus - Rs. 6 million, marking a first in SMBBMU's history.
- ❖ Multi-Year Fiscal Reform:

FY 2022–23: Closed with Rs. 419 million surplus

FY 2023–24: Deficit reduced significantly to just Rs. 18 million

FY 2024–25: Closed with Rs. 484.6 million surplus

FY 2025–26: Estimated in surplus, reinforcing long-term sustainability

- ❖ Structural Fiscal Achievements:
- ❖ Reduction in salary and non-salary expenditures through cost rationalization and financial discipline.
- ❖ Creation of SMBBMU Endowment Fund – Rs. 550 million
- ❖ Establishment of a dedicated Pension Fund – Rs. 250 million

This financial turnaround has been highly commended by stakeholders:

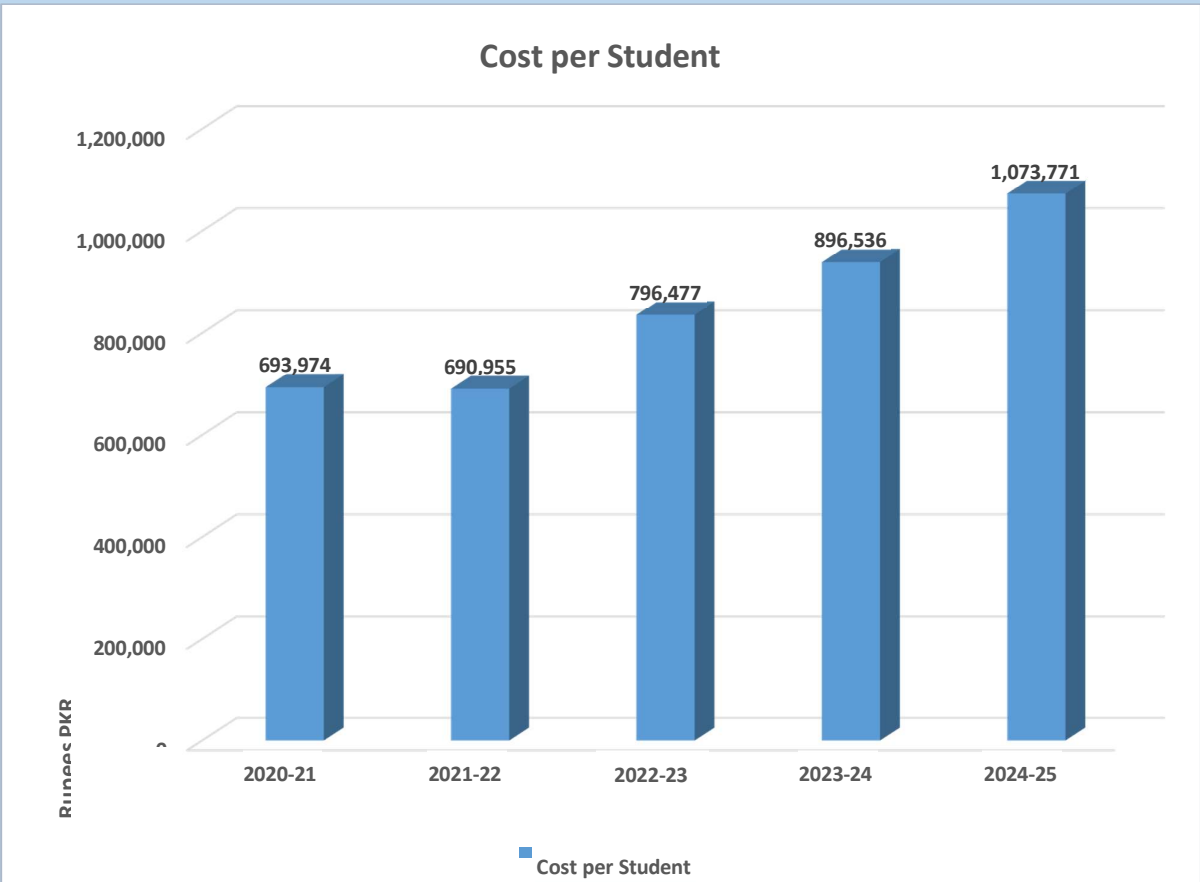

Mr. Feroz Mahar, Director Sindh HEC, applauded the Vice Chancellor's strategic leadership in achieving a budget surplus.

Mr. Samar Sibtain, HEC Islamabad nominee, also extended congratulations for the financial restructuring and surplus presentation.

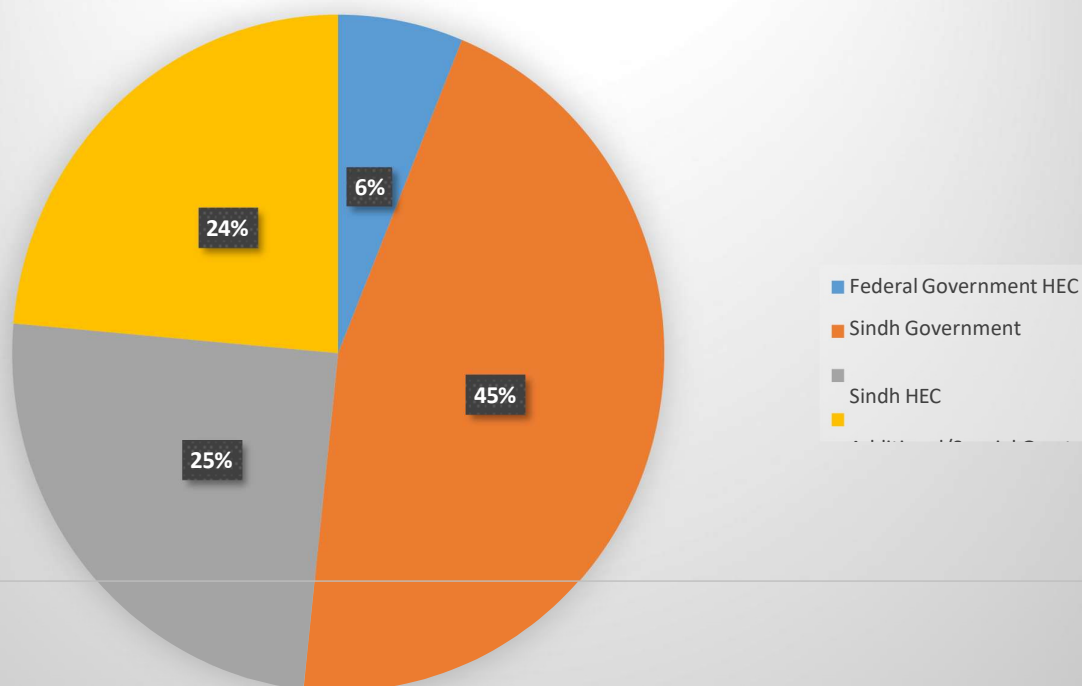

These milestones underscore SMBBMU's unwavering commitment to fiscal responsibility, sustainability, and transparency, laying the foundation for a financially robust institution that delivers high-impact education, research, and public service.

Congratulations to the Vice Chancellor, Director Finance, and the entire team for leading SMBBMU toward a new era of financial excellence.

FINANCIAL YEAR (2024-25)

Proportion of Revenue Streams Towards Meeting Cost per Student 2024-25

Key Indicators / Ratios

Ratios	2022-23	2023-24	2024-25
