GENERAL INFORMATION AND PROGRAMME GOALS FORMDS ORAL & MAXILLOFACIAL SURGER (A Brief Summary)

The University offers a 04 year MDS Programme in the field of Oral and Maxillofacial Surgery. This Programme intends to attract candidates that have an interest in Oral and dental diseases, pathologies, defects and related research methodologies. The curriculum focuses on formal teaching & training as well as practical field work.

This MDS Programme aims to train and equip the post-graduate students with all the necessary knowledge & skills, at par with international standards, required to be a leader in the field of oral and maxillofacial surgery. The candidates, upon graduation, will be expected to demonstrate a high level of expertise in the field of oral and maxillofacial surgery with a more specific focus on community oriented diseases.

PART A.2

INSTITUTIONAL INFORMATION

Name of institute: Bibi Aseefa Dental College Larkana

Name of Affiliating University: Shaheed Mohtarma Benazir Bhutto Medical University Larkana.

Title of University Program: Oral And Maxillofacial Surgery Residency Training Program
Leading To The Degree Of Master Of Dental Surgery (MDS)

PARTICULARS OF HEAD OF INSTITUTE:

- Name: Professor Dr. Qaimuddin Shaikh
- Age: 49 Years
- Qualification: BDS, MDS.
- Institutes: LUMHS, PIMS (Quaid-e-Azam University Islamabad).
- Years: 1999 & 2010
- Teaching Experience : 14+ Years

PARTICULARS OF PROJECT DIRECTOR / HEAD OF DEPARTMENT OF THE MASTER PROGRAM

- Name: Professor Dr. Qaimuddin Shaikh
- Age: 49 Years
- Qualification: BDS, MDS. CHPE
- Institutes: LUMHS, PIMS (Quaid-e-Azam University Islamabad).
- Years: 1999 & 2010
- Teaching Experience : 14+ Years

PART A.3

1. Purpose of inspection by PMC / PM&DC

- Smooth running of training for MDS degree program
- Recognition / Approval for MDS degree program

2. Mode of selection of students in MDS degree program

- Through written entry test & Interview on the basis of merit.

PART B

1. PROGRAM FEATURES AND INSTITUTIONAL FACILITIES AND POLICIES.

The residency program in Oral & Maxillofacial Surgery is a four-year course covering all aspects of Oral & Maxillofacial Surgery and leading to the degree of Masters of Dental Surgery (MDS) in Oral & Maxillofacial Surgery.

This curriculum has been developed on the basis of SPICES model which is indicative of the competencies required at the varying levels of training within the specialty together with the knowledge, skills and attitudes achieved by the trainee in acquiring those competencies. The training has been based on the current thinking and the requirements for

- Greater protection of the public interest by providing clear information as to the level of training achieved.
- Improved access to specialty training than general practitioners.
- Greater flexibility of training through the availability of multiple instructors.
- Producing a competent workforce with the appropriate skills and knowledge necessary to meet the varying levels of treatment complexity, as well as considering the relative need and demand of potential patients.
- Acquire the experience to carry out research projects, critically evaluate scientific publications and communicate clinical and research papers in journals and conferences.

2. NEED OF PROGRAM

This training program is structured keeping in view the need of the society. Following needs are identified through formal and informal discussion with the stakeholders.

- Deficiency of the quality health care providers to public especially in remote areas

in the field of oral and maxillofacial surgery.

- Deficiency of state of the art oral and maxillofacial surgery training center.

3. PURPOSE OF TRAINING

The purpose of this curriculum is to guide the training of an individual to the core level of competence required for specialist and consultant. This training will produce consultant who are specialists in the field of Oral and Maxillofacial Surgery.

4. CONTEXT OF TRAINING

To provide an organized educational program with guidance and supervision, a structured training program will be followed so that each trainee is exposed to different aspects of the subject and acquires special knowledge and skill as expected in this program. The training will provide a basis for the candidate to develop into a lifelong learner who is capable of self-reflection and self-directed learning. It will provide a basis for further ongoing development in the field.

5. DURATION OF TRAINING

The program leading to MDS in Oral and Maxillofacial Surgery will be of 04 years full time.

PART C

POLICIES FOR STUDENT/RESIDENT, ELIGIBILITY, SELECTION, AND PROMOTION.

1. Eligibility to apply for MDS Oral and Maxillofacial Surgery

- Candidate must possess BDS or equivalent degree and one year house job from PMDC recognized Institutions.
- Permanent valid registration with PMDC/PMC.
- Candidate must pass MDS part-I for university Programmed.
- In case of foreign candidate, valid registration with Medical Council of their country of origin must be produced.

2. Admission / Selection Criteria.

- Admission test will be announced by university.
- Candidates can apply in due date though floating advertisement by university.
- Test will be conducted by examination department which consist 60% Oral Surgery, 20% Oral Pathology and 20% Oral Medicine.
- Short listed candidate will be called for interview.
- Final selection will be done by aggregated marks of MCQs and interview.
- Selection will be done on the purely merit basis.

3. **Promotion**

- Shall be according to performance in the semi-annual evaluations.

PART D

1. **Policies for Supervision Of Student/Residents**

The postgraduate trainees shall be supervised by the consultant and supervisor himself in each task assigned to them according to curriculum.

2. **Policies And Procedures For Student Study Hours / Resident Duty Hours And The Working / Study Environment.**

The P.G will perform duty as the duty doctor of the ward and will be bound to carry all necessary work related to patient disease and management. He will have to present with the patients admitted in Oral & Maxillofacial Surgery Department and monitor the daily follow up and progress of patients.

3. **Aims of Trainings**

The candidate should acquire and become proficient in the skills required for oral & maxillofacial surgery practice with an emphasis on multidisciplinary treatment planning, disease prevention, diagnosis and provision of advanced oral & maxillofacial surgery treatment techniques for those clinical cases meriting specialist care. The candidate should demonstrate attitudes necessary for the achievement of high standards of oral & maxillofacial surgery practice both in relation to the oral health needs of the population and to his/her own personal development.

4. **LEARNING OBJECTIVES**

On completion of training, the trainee will be able to achieve following aptitudes.

a) **KNOWLEDGE**

- Demonstrate knowledge of clinical aspects of basic sciences as applied to oral & maxillofacial surgery.
- Demonstrate knowledge of the etiology, pathology and clinical presentations of diseases of oral and perioral tissues.
- Demonstrate knowledge of the impact of systemic diseases on oral tissues and of oral diseases on systemic health.
- Acquire knowledge and comprehend the principles of theory and practice of all the domains of oral & maxillofacial surgery.

b) SKILL

- Take history and conduct clinical examination and investigations that allow collection of information needed to evaluate the oral and related medical conditions for all patients.
- Determine the differential, provisional and definitive diagnosis by interpreting and correlating findings from the history, clinical & radiographic examination together with other diagnostic tests.
- Devise treatment plans specific to the needs and expectations of individual patients.
- Execute conventional and contemporary techniques of all the domains of oral & maxillofacial surgery.
- Demonstrate competency in teaching methods, use of information technology, appraisal and assessment techniques and development of appropriate learning methods for lifelong learning.
- Show evidence of ability to undertake research.

c) ATTITUDE

- Demonstrate a professional and ethical approach to patient care.
- Demonstrate a professional attitude to all the members of the team.
- Demonstrate full and clear understanding of equality and diversity legislation as it applies to the workplace and to professional practice.

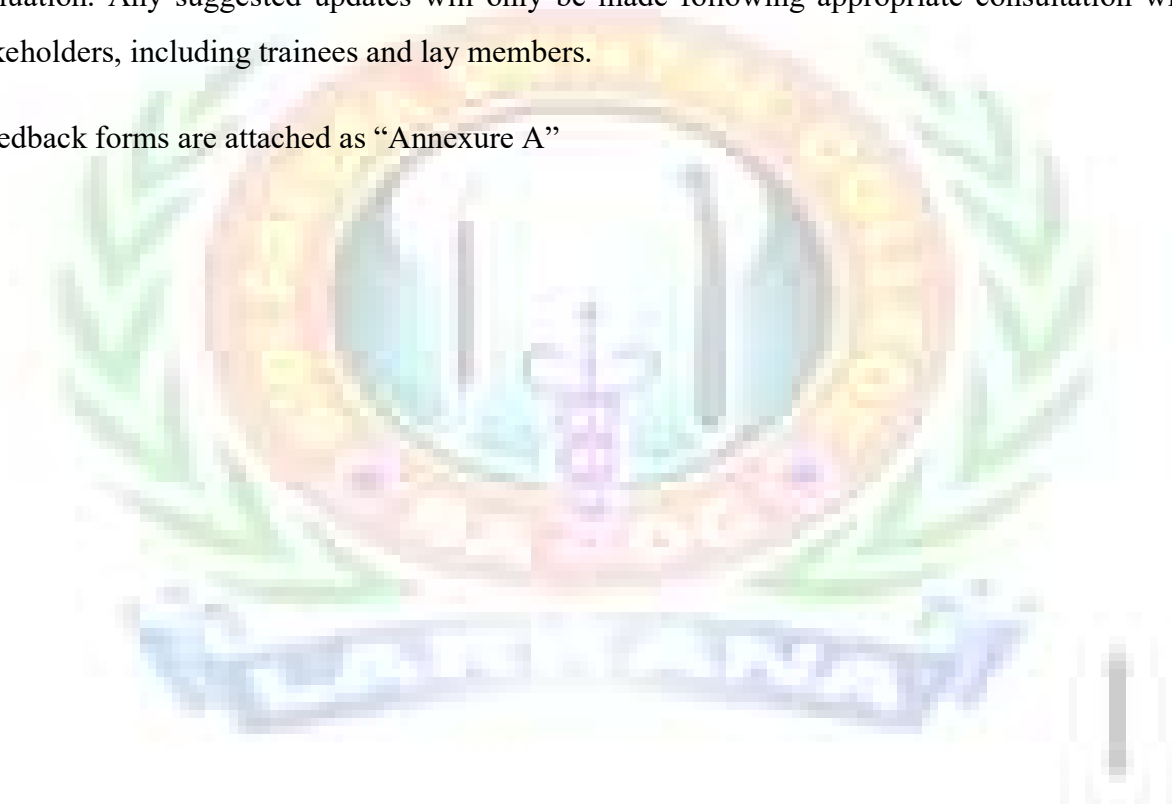

PART E

PROGRAM EVALUATION

The program director will continue to ensure that the program is fit for purpose in that it provides the trainee with the appropriate knowledge, skills, attitudes and competencies required to meet the requirements of a specialist.

Program evaluation will be carried out after every two years according to the CIPP model of evaluation. Any suggested updates will only be made following appropriate consultation with stakeholders, including trainees and lay members.

Feedback forms are attached as “Annexure A”

ANNEXURE A

Supervisor Evaluation Form

Date: _____ Supervisor's Name: _____

Your Name: _____ Signature: _____

Evaluations of supervisors by Trainee's are an important process for providing supervisors with an assessment of the quality of their work. Annual supervisor assessments can be used to compliment a supervisor for doing a good job. Annual assessments can also identify areas for improvement. Evaluations can strengthen communications between supervisors and trainee's.

Trainees have three options for evaluating
supervisors:

- 1) Completing the Evaluation of Supervisor form.
- 2) Writing a signed memo evaluating the supervisor.
- 3) Meeting with the supervisor's department head.

Evaluations form will be received by the deadline and incorporated into the annual review of the supervisor. Forms and/or signed memos should be sent to the Human Resources department.

* * *

(E=Excellent, G=Good, S=Satisfactory, N=Needs Work, U=Unsatisfactory, Ø=No Opinion)

(A.1) PERFORMS SUPERVISORY FUNCTIONS

Provides on-going positive and negative feedback	E	G	S	N	U	Ø
Makes expectations known	E	G	S	N	U	Ø
Is tactful and considerate	E	G	S	N	U	Ø
Promotes teamwork and good working relationships	E	G	S	N	U	Ø
Recognizes and addresses concerns in a timely manner	E	G	S	N	U	Ø
Delegates authority appropriately	E	G	S	N	U	Ø
Provides training of new employees	E	G	S	N	U	Ø
Provides direction of work	E	G	S	N	U	Ø
Communicates openly and honestly with peers, staff and administration	E	G	S	N	U	Ø

Comments: _____

ELIGIBILITY CRITERIA FOR APPEARING IN THE MID-TERM ASSESSMENT

(MTA) EXAMINATION

1. Submission of approved synopsis six month before appearing in the Mid-term Assessment (MTA) Examination
2. Mandatory rotation before Mid-term Assessment (MTA) Examination in each department for two months
 - Accident & Emergency
 - Anesthesia & SICU
 - General Surgery
3. Mandatory Workshops before Mid-term Assessment (MTA) Examination :
 - Information Technology (IT)
 - Research Methodology (RM)
 - Communication Skill (CS)

ELIGIBILITY CRITERIA FOR APPEARING IN THE PART-II (FINAL)

EXAMINATION

1. Submission of approved thesis before appearing in Final Examination
2. Mandatory rotations after Mid-term assessment (MTA) Examination in each department for two months
 - Neuro-Surgery (NS)
 - Plastic Surgery (PS)
 - Ear Nose & Throat (ENT)
3. Mandatory workshops after Mid-term assessment (MTA) Examination
 - Surgical Skill (SS)
 - Basic Life Support (BLS) / Advanced Trauma Life Support (ATLS)
 - Ear Nose & Throat (ENT)

**PANEL OF EXAMINERS**

LIST OF INTERNAL EXAMINERS		
S#	NAME	DESIGNATION
01	Professor Dr. Qaimuddin Shaikh	Chairman, Department of Oral & Maxillofacial Surgery, Bibi Aseefa Dental College, Larkana
02	Dr. Aswad Ahmed	Assistant Professor, Department of Oral & Maxillofacial Surgery, Bibi Aseefa Dental College, Larkana
03	Dr. Bashir Ahmed	Assistant Professor, Department of Oral & Maxillofacial Surgery, Bibi Aseefa Dental College, Larkana

LIST OF EXTERNAL EXAMINERS		
S#	NAME	DESIGNATION
01	Professor Dr. Zahoor Ahmad Rana	Professor of Oral & Maxillofacial Surgery, Chairman Oral & Maxillofacial Surgery Department Shaheed Zulfiqar Ali Bhutto Medical University, Islamabad
02	Professor Dr. Ghazanfar Hassan	Professor of Oral & Maxillofacial Surgery, Liaquat University of Medical & Health Sciences, Jamshoro
03	Professor Dr. Shahjahan Katpar	Dean of Dentistry, Dow University, Karachi
04	Professor Dr. Kashif Ali Channar	Chairman, Department of Dentistry Liaquat University of Medical & Health Sciences, Jamshoro
05	Professor Dr. Shahzad Ahmed	Professor of Oral & Maxillofacial Surgery, Liaquat University of Medical & Health Sciences, Jamshoro
06	Professor Dr. Noorul Wahab	Professor of Oral & Maxillofacial Surgery, Ziauddin Hospital, Karachi
07	Professor Dr. Salman Shafique	Professor of Oral & Maxillofacial Surgery, Isra Dental College, Isra University, Hyderabad
08	Professor Dr. Tahira Ayub	Professor of Oral & Maxillofacial Surgery, Liaquat College of Medicine & Dentistry Karachi
09	Dr. Muhammad Illyas Shaikh	Associate Professor of Oral & Maxillofacial Surgery Ojha Campus, Dow University, Karachi
01	Dr. Suneel Punjabi	Associate Professor of Oral & Maxillofacial Surgery, Liaquat College of Medicine & Dentistry Karachi
11	Dr. Jehan Alam	Associate Professor of Oral & Maxillofacial Surgery, Jinnah Post-Graduate Medical Centre, Karachi

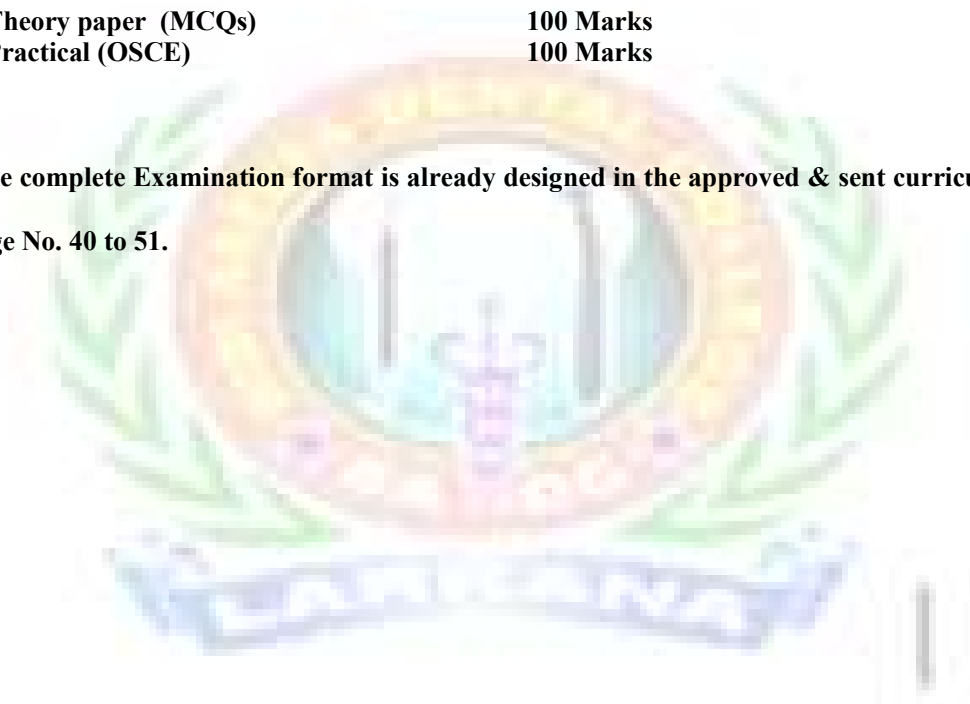

EXAMINATION FORMAT

There will be theory paper as well as practical Viva Voce for mid-term assessment (MTA) and final examination is here as under:

- Theory paper (MCQs) 100 Marks
- Practical (OSCE) 100 Marks

Note: The complete Examination format is already designed in the approved & sent curriculum from page No. 40 to 51.

TITLE AND DURATION OF REQUIRED MANDATORY ROTATIONS FOR TWO
MONTHS IN
EACH DEPARTMENT

1. FOR MID-TERM ASSESSMENT (MTA) EXAMINATION

- Accident & Emergency
- Anesthesia & SICU
- General Surgery

2. FOR FINAL EXAMINATION

- Neuro-Surgery (NS)
- Plastic Surgery (PS)
- Ear Nose & Throat (ENT)

MANDATORY WORKSHOPS REQUIRED

1. FOR MID-TERM ASSESSMENT (MTA) EXAMINATION

- Information Technology (IT)
- Research Methodology (RM)
- Communication Skill (CS)

2. FOR PART-II (FINAL) EXAMINATION

- Surgical Skill (SS)
- Basic Life Support (BLS) / Advanced Trauma Life Support (ATLS)
- Ear Nose & Throat (ENT)

NUMBERS OF SLOTS

Due to unavailability of post-graduate resident & high work load patients at causality, OPD, Ward, there is dire need of induction of minimum four post graduate candidates.

LOG BOOK

The details of clinical work are mentioned in the approved curriculum on page No. 15 to 16 and post graduate trainees will be required to make entries in the log book provided to candidates.
